ANTICIPATED AIRPORT SHUTDOWN UPDATE

Alpine Casparis Municipal Airport is set to begin our TxDOT CSJ. No. 2224ALPIN project for airport lighting improvements. The project consists of replacing lights along 01/19, NAVAID and signage Improvements. The start date is set to begin April 10, 2023, with a yet-to-be-determined completion date.

Closure for Runway 01/19 will start Tuesday, April 11, 2023. The contractor, B-C, is working on furnishing a project schedule which will detail the length of closure for Runway 01/19 and the time for full closure for both Runway 01/19 and Runway 05/23. Both runways will need to be closed for an estimated one (1) to three (3) weeks once construction along the intersection begins.

NOTAMS will be posted to keep everyone informed as well as signs within the terminal. During runway closures, helicopters not flying the approaches will be able to land and depart during this project as allowed by their company/personal rules and regulations. We appreciate your patience as the timetable of this project has fluctuated. More information will be available as we receive it.
