

The image features the year '2021' in large, three-dimensional gold numerals. The numbers are set against a dark background filled with numerous small, glowing gold particles and larger, bright starburst effects, creating a festive and celebratory atmosphere. The numerals have a metallic sheen and are slightly shadowed, giving them a 3D appearance.

5 Metrics to Follow

ICU hospital bed occupancy

- This can change very quickly day to day. BBRMC would know this metric.
- Goal: less than 60% occupancy

New COVID-19 infections(can be measured daily, weekly, or 14-day)

- 14-day goal: less than 50 new cases per 100,000 people
- Brewster County goal: less than new 4 cases over 14 days for the 9,267 population

Texas Infection Reproduction Rate(<https://rt.live/us/TX>)

- Goal is to be less than 1.0
- For every 100 individuals infected, they infect X number of people
 - If each infection didn't lead to another person being infected, the number of cases would decrease over time

Testing positivity rates

- Goal: less than 5% positivity rate

Average weekly testing

- Goal: 150 tests per 100,000 population
- Tri-County goal: 198 tests weekly

Key City Priorities

2020 Key Accomplishments

- Personnel Policy Refresh taking the best of the 2016 policy and 2018 policy and combining into a new policy that works for the employees and community
- 36 Employees left City employment in FY18-19, 21 Employees left City employment in FY19-20 --- 41.7% reduction
- Continued progress with Leadership Training for our department heads, managers and supervisors with a focus on goal setting
- Managed Utility Billing through Covid-19 to provide balance between citizens being current on bills and cut-offs. Good communication back to Council and Community.
- Another record year with Municipal Solid Waste aversion to our landfill by having a highly functioning Recycle Center. 515 tons of MSW averted through November 2020. This lengthens the lifespan of our landfill
- Two major projects approved and in final stages of engineering: Lighting Project and Sealcoat Project. The projects combined will invest another \$1.5M into the Alpine Casparis Municipal Airport
- Implemented new pay structure plan to reward employees for advancements and help reduce our officer and dispatcher turnover
- 102 City Streets sealcoated: 6 Streets, Multiple Parking lots and 6 Alleys rebuilt with HotMix by Jarret Dirt Works (40 street blocks to be completed in 2021)
- Implemented Code Enforcement program in March 2020 and began issuing citations (which had not been routinely given in 1.5 years)
- Implemented permitting program with new forms and additional staff member to help facilitate timeliness of transactions
- Wastewater treatment plant improvements (clarifier, belt press, aerator in process). Currently, all operational violations have been remediated. Only outlier is an Administrative violation with the operator licensing need.
- Rebuilt SCADA system for better visibility of water across the City and in an effort to mitigate the waste of water by overflows.
- Did not shut down offices due to Pandemic - facilitated remote work and safe workspaces (ie - installed walk-up window at Utility Billing/City Hall).

2021 Priorities (Suggested)

Staff Driven

- Paving and Street Repair
- Park Revitalization
- Tourism – 2021 and Beyond
- Utility Infrastructure Improvements
- Economic Development

Council and Staff Driven

- Support of SRSU Enrollment
- Zones and Zoning Map Refresh
- Affordable Housing
- Roadmap for Transportation Improvements
- Ordinance Updates
- Emergency Medical Services
- Jail Facility
- City-County Relationship

Recommend hosting a Workshop to help Align Council and Staff

- Target the time 3p-5p on Tuesday Feb 2nd, 2021

Ordinance Appointments

Do we want to look at reducing any of the Boards/Commissions?

- That question may better be answered after workshop on Key Priorities

What actions can staff do to supplement the sourcing of candidates for the remaining open positions?

A grayscale photograph of industrial utility equipment, featuring large pipes and valves with flanges secured by numerous bolts. The image is partially obscured by a semi-transparent red overlay at the bottom. The text "Utilities Update" is centered in white, with thin white horizontal lines above and below it.
