5 Metrics to Follow

ICU hospital bed occupancy

- This can change very quickly day to day. BBRMC would know this metric.
- Goal: less than 60% occupancy

New COVID-19 infections(can be measured daily, weekly, or 14-day)

- 14-day goal: less than 50 new cases per 100,000 people
- Brewster County goal: less than new 4 cases over 14 days for the 9,267 population

Texas Infection Reproduction Rate(<https://rt.live/us/TX>)

- Goal is to be less than 1.0
- For every 100 individuals infected, they infect X number of people
 - If each infection didn't lead to another person being infected, the number of cases would decrease over time

Testing positivity rates

- Goal: less than 5% positivity rate

Average weekly testing

- Goal: 150 tests per 100,000 population
- Tri-County goal: 198 tests weekly

OCTOBER 10

HOMECOMING PARADE – October 15, 2020

KICKING OFF RED RIBBON WEEK OCTOBER 26-30, 2020

The background is a dark blue night sky filled with small white stars. Several purple candles are arranged in a circular pattern, with their flames lit. The candles have a simple, stylized design with a dark purple outline and a lighter purple fill. The flames are yellow and orange. The text "Candlelight Vigil" is written in a large, yellow, cursive font in the center. Below it, the phrase "TAKE BACK THE NIGHT!" is written in a smaller, white, sans-serif font. At the bottom, a white horizontal band contains the date "OCTOBER 28" in a large, black, sans-serif font.

CRIME RECORDS SERVICE

County Combined Completeness Percentage for BREWSTER County as of 10/21/2020

Reported Year	Adult					Juvenile				
	Total Charges Reported	Charges Disposed by Prosecutors	Charges Disposed by Courts	Total Disposed	Completeness Percentage	Total Charges Reported	Charges Disposed by Prosecutors	Charges Disposed by Courts	Total Disposed	Completeness Percentage
2015	488	238	250	488	100%	2	1	1	2	100%
2016	507	295	209	504	99%	6	4	2	6	100%
2017	498	292	188	480	96%	2	0	2	2	100%
2018	479	260	172	432	90%	10	4	4	8	80%
2019	397	170	66	236	59%	5	0	1	1	20%
Total	2,369	1,255	885	2,140	90%	25	9	10	19	76%

As of today Brewster county is at 90% compliance, with 2140 cases disposed out of a total of 2369. The requirement is 90% by July 31 2021, so reaching 90% this early in the cycle is impressive.

I have attached an updated open offense report showing all the open offenses in the county for the 2015-2019 time period. We audit 5 years, with a 2 year buffer (2020,2021 don't count yet). Open offense reports are for criminal justice purposes only, and not public record since they contain identifiable information for cases which have not been disposed of yet.

I also attached a breakdown of the percentages year by year. 2019 shows 59%, this is normal since it's the most recent year and many cases are still going through the system. Especially felonies which can take years to clear.

For Council Consideration

Speed limit 20 MPH on all city streets

High tourist population

Walkers out exercising

Kids going to parks and riding bicycles

Ward 4: 12

Ward 5: 0

Total Animals Picked up for 2018, 2019, 2020 for months July- September

Surrenders have been put on hold since March we, however, did except 4 dogs during this quarter.

5 puppies born at the shelter

Two of the female dogs brought in by a seizure warrant in June were pregnant and gave birth to litters in the shelter about a week apart. One dog had 2 surviving pups and the other had 3.

Both moms and puppies were transported to other rescues.

Adoptions

January- September 2020

3rd Quarters 2018, 2019, 2020

Transports

41 animals were transferred to other rescues

21 cats and 20 dogs

Shelter to foster to transport to rescue to home
Dez has found his forever home after 541 days in
the system!

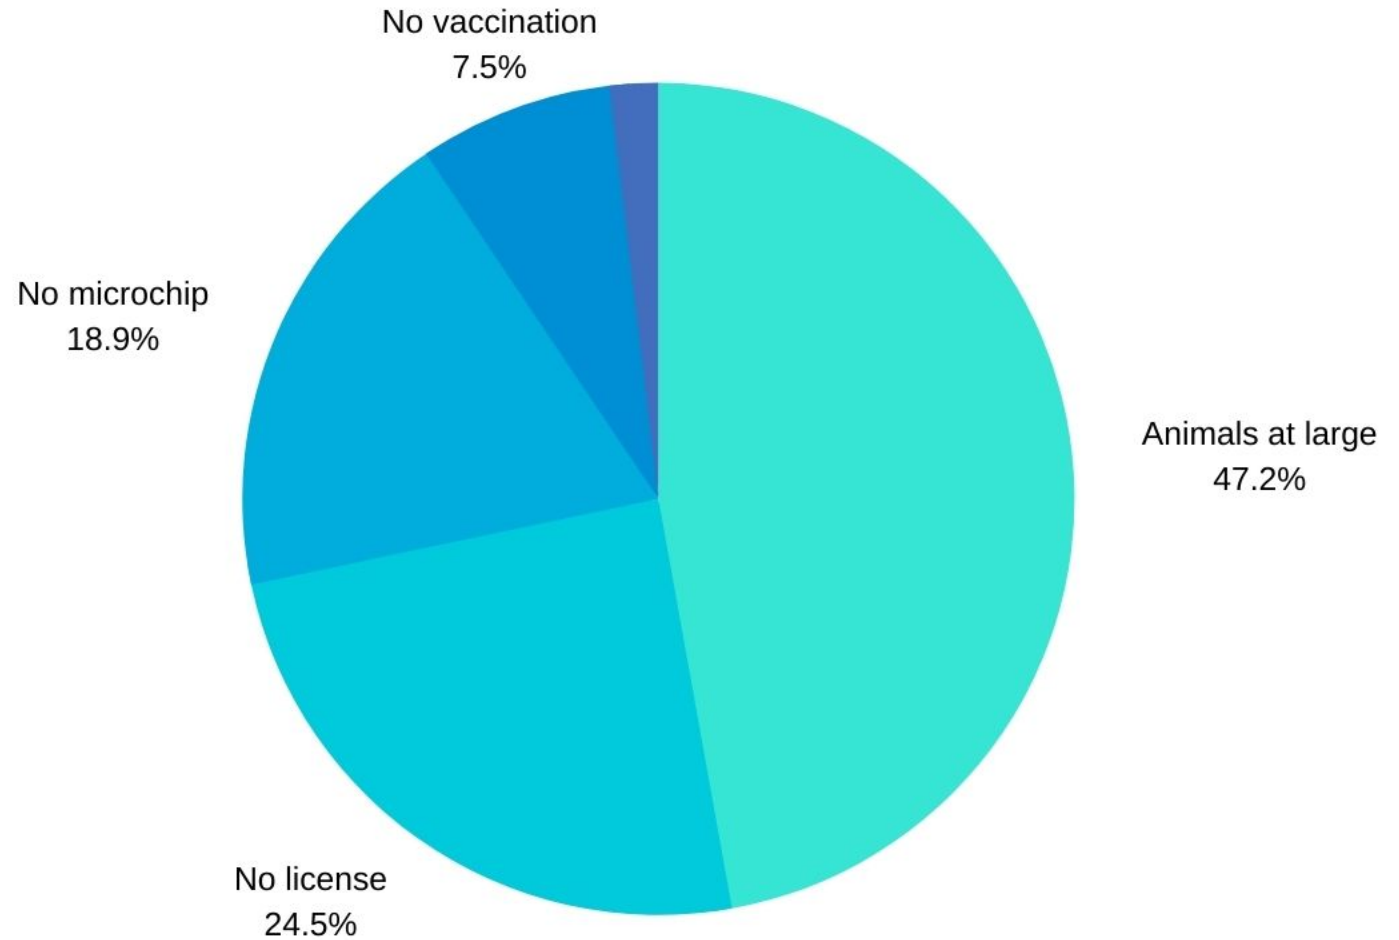

Thank you AHS!

Thank you OTAT!

Citations Issued

Animals at large: 25
No License: 13
No microchip: 10
No vaccination: 4
Neglect: 1

Microchips

28 microchips placed

12 cats and 16 dogs!

Microchips can be placed at the shelter and are only \$15!

24PetWatch

City Licenses

Why do we do licensing?

1.) Rabies vaccination regulation
must provide proof of rabies vaccine

2.) Pet identification
shows that the animal is owned,
records kept at the shelter make it easier to
contact an owner if the pet ends up in the
shelter.

Fees?

\$10 unaltered

\$7 altered

\$3 renewal

encouragement to have spayed and neutered
animals

What is considered Running at Large?

Sec.10-117. - Running at large prohibited

No person keeping or harboring any animal or fowl shall permit such animal or fowl, except pigeons, to go loose or run at large in any of the public ways of the city or upon the property of another, except in enclosures on the private property owned or leased by the person keeping or harboring such animal or fowl. Any unidentifiable or unidentified animal not wearing a collar displaying a rabies vaccination tag will be considered stray or feral, and shall be subject to animal control.

Sec.10-1. - Definitions.

Restrained or confined means an animal restricted to the property of the owner or under the direct physical control of a competent person.

Run at large means free of physical restraint beyond an enclosed or fenced area; includes any animal that is not under the actual control of its owner.

Stray means any animal running free with no physical restraint beyond the premises of the owner.

State laws on vaccines

Texas State law requires all cats and dogs over the age of 16 weeks to receive a rabies vaccination by a licensed veterinarian.

As per TVMA (Texas Veterinary Medical Association) all other vaccinations (DA2PP, Bordetella, Felv, FVRCP) administered for the public would be considered a non veterinarian performing veterinary care without a license. They also mentioned that there is possibility of allergic reaction with any vaccination so there is a liability if a non city owned animal was to have a reaction at the shelter.

Animal Bites

7 animal bites

Donations!

Thank you from all of us at the shelter
for the donation of a brand new washing machine,
Clorox wipes, litter and treats!
