May – Kitten season

June– Rehoming a pet

July– Summer safety tips

August– Volunteering

September– Spay/Neuter

October– Halloween and pets

November– The holidays and pets

December– Winter and pets

## HOLIDAY SAFETY TIPS FOR PETS

**THE HOLIDAYS** are here! This is a great time to enjoy food, decorations, family, and friends. While celebrating the holidays, it is important to keep your pet's diet and routine as normal as possible. Also make sure to keep pets away from the following foods, plants, and decorations.

### FOODS

- Alcohol
- Bones
- Candy
- Citrus and pits
- Coffee
- Raw eggs
- Grapes and raisins
- Leaves and stems
- Nuts
- Onions
- Salt

Keep trash hidden or in a secure container at all times.

If you are planning on giving your pet treats during the holidays make sure that they are pet friendly and that they are given in moderation, there is such thing as too much even if it is pet safe.

[People Foods to Avoid Feeding Your Pets](#) | ASPCA

[Foods That Can Be Poisonous to Pets](#) | The Humane Society of the United States

### PLANTS

- Christmas trees (artificial or real) can cause an intestinal obstruction.
- Christmas tree water can possibly contain poisonous chemicals from the tree.
- Holly can cause nausea, vomiting and diarrhea.
