*Maria reported that City Attorney provided additional samples of dangerous dog ordinances from other Texas municipalities but did not provide any input on the Model APDT Proposed Dangerous Dog Act.*

*Patsy reported that APDT has updated their position statements as of March 12, 2019. APDT could not give any specific information on the potentially dangerous dog rating values. Patsy was given the name of two people for further consultation, one being a dog trainer in Texas, and another being a lawyer in Virginia. Reached out to both and neither could provide any clarification on potentially dangerous dog rating values. Both provided input to ordinance citations as referenced in the APDT position statements.*
  2. Discuss how to approach changes to the dangerous animal ordinance 10-186.

*Group felt that the potentially dangerous dog rating values would be much better used by Alpine Animal Services in their Policy and Procedure manual.*

*Group asked Patsy to review both Virginia and Illinois citations from the APDT Position Statement on Dangerous Dog Laws and bring examples to next meeting.*
