

Architectural Review Committee

City Hall Lower Level Conference Room
151 Martin St., Birmingham, MI
248.530.1807
Friday, Sept. 16, 2016

Meeting called to order at 8:10 a.m.

Present: Larry Bertolini, Scott Bonney

Absent: Chris Longe

City Staff: Joe Valentine, City Manager
Jana Ecker, Planning Director
Joellen Haines, Assistant to the City Manager

Discussion began regarding the relocation of the bus shelter location on W. Maple and Pleasant in front of First United Methodist Church to several feet east of the original location, to keep the site angles in front of the church open. Larry Bertolini wanted it noted that the church initiated this location, and the City has First United Methodist Church's approval of this location in writing.

Bonney said regarding its location that he likes it and has no problem with it. Bertolini said his only concern is that it is next to a driveway and may have site line issues, but if the church prefers it there, then he doesn't have a problem with it there. Ecker pointed out that the bus shelter is set pretty far back and would not impact site lines from the driveway near it.

Ecker also noted that SMART did not have a problem with the relocation of the stop.

Motion by Bonney to accept this revised location, seconded by Bertolini, 2 yeas, 0 nays.

1. The ARC recommends the proposed revised location of the bus shelter.

Motion Passed, 2-0.

Discussion on the approval of meeting minutes from July 15, 2016 meeting. Motion to approve by Bonney, seconded by Bertolini, 2 yeas, 0 nays.

The meeting was adjourned at 8:25 a.m.

Manager's Directives Resulting from the Architectural Review Committee Meeting of Sept. 16, 2016:

1. To concur with the ARC's recommendation for the revised location of the bus shelter.
