# **COMMUNITY PROFILE**

In 1933, the incorporation of Birmingham from a Village was completed and the City established itself as a Home Rule City in order to address its needs in becoming a more progressive community. The City is located approximately 20 miles north of downtown Detroit and is in the southeastern portion of Oakland County, one of the wealthiest counties in the country. The City of Birmingham has a thriving retail shopping district with a historic downtown dating back to the 1830s. Birmingham offers a variety of urban experiences from historic

buildings to modern retail and entertainment developments. This demonstrates the City's commitment to engaging in progressive and forward planning that actively recognizes the importance of honoring the City's past. A close but welcoming community, the City maintains its small-town feel while offering the recreational and cultural advantages of a prosperous urban area.

• According to the 2010 U.S. Census, Birmingham currently has a population of 20,103 with the Southeast Michigan Council of Governments (SEMCOG) projecting growth to a population of 22,261 by 2040.

• The average selling price of a single-family home was \$677,450 in 2019, an increase from the prior year.

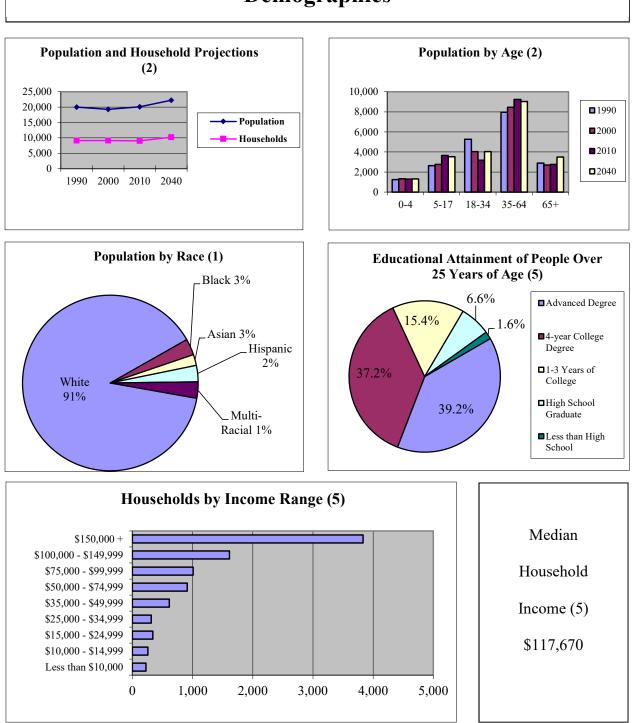

• A pedestrian-friendly downtown with 1,500,000 square feet of retail space and 2,200,000 square feet of office space, and over 300 retail and service businesses.

- Twenty-two parks with 230 acres cover more than 10 percent of the City's total acreage, and the school district also provides recreational facilities.
- Birmingham was ranked 8<sup>th</sup> Safest Cities to Live in Michigan for 2019 by BackgroundChecks.org.
- Birmingham Police Department is one of the first in the State to have a therapy dog.
- Birmingham was ranked 45<sup>th</sup> Best Suburb in America (2019) by Niche.

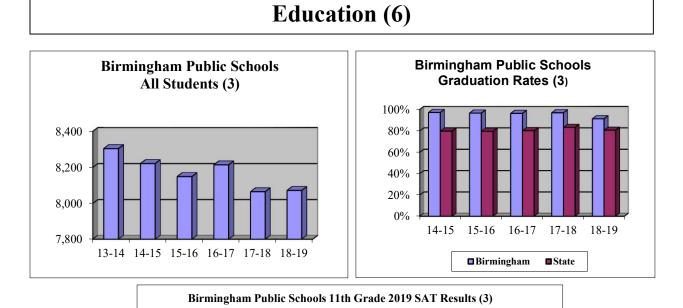

- Birmingham was ranked 6<sup>th</sup> Best Suburb in Michigan (2020) by Niche.
- Birmingham was ranked 1<sup>st</sup> Best Place to Live in Michigan by HomeSnacks (2020).
- Birmingham has the 7<sup>th</sup> Best School District in Michigan (2020) by Niche.
- Birmingham was ranked 1<sup>st</sup> for Suburbs with the Best Public Schools in Michigan (2020) by Niche.

# **CITIZENS' GUIDE**

The purpose of this section is to explain the format and provide an outline of the content in the 2020-2021 budget document. Hopefully this will serve as an aid for budget review.

### **Budget Document**

The budget document consists of the following sections:

- 1. The "Introduction" section includes a: Community Profile; Citizens' Guide to the Budget Document; and a City Organization Chart.
- 2. The "Budget Overview" section includes the: City Manager's budget message; City Goals and Budget Guidelines, Budget Calendar; Fund Structure of Budget; Largest Revenue Sources; Combined Statement of Revenue, Expenditures and Changes in Fund Balance; Combined Statement of Revenues, Expenses and Changes in Net Assets; Long-Range Planning Processes; and Financial Policies.
- 3. The "Personnel" section of the budget provides information pertaining to the City's work force and comparative information for the prior, current, proposed budget and subsequent planning fiscal years.
- 4. The "General Fund" section is the first fund presented in the document. It presents the operating budgets for the departments and activities funded by the General Fund. These presentations include department organizational charts, summaries, goals and objectives, and performance measures.
- 5. "Special Revenue Funds" include the: Major Street Fund; Local Street Fund; Community Development Block Grant Fund; Solid-Waste Disposal Fund; and the Law and Drug Enforcement Fund.
- 6. The "Debt Administration" section provides an overview of the City's long-term debt obligation.
- 7. The "Permanent Fund" section presents the budget for the Greenwood Cemetery Perpetual Care Fund.
- 8. The "Enterprise Funds" section includes such activities as water and sewer utilities, the Automobile Parking System (APS) and the golf courses.
- 9. The "Internal Service Fund" section presents the budget for the Computer Equipment Fund.
- 10. The "Component Units" section presents the operating budgets for the Baldwin Public Library, Principal Shopping District (PSD), the Brownfield Redevelopment Authority Fund and the Corridor Improvement Authority.

- 11. The "Capital Improvements" section provides a listing of capital-improvement projects for the current year, the upcoming year and subsequent five years. The projects in this section are categorized by fund and include all projects with a cost greater than \$25,000.
- 12. A "Supplemental Information" section has been included to provide additional information pertaining to the City that may be of use or interest to the reader of the budget document. A glossary of financial and budget terms and an index have been provided for reference.

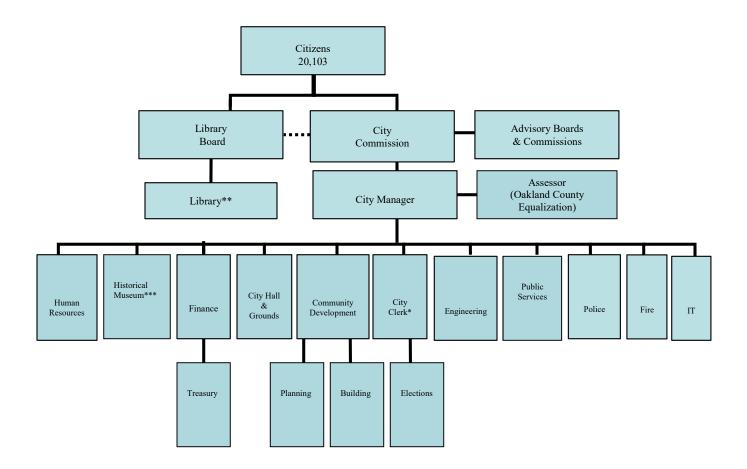

The budget document has been set up to provide information to all interested parties regarding the amount, type and nature of services provided. It specifically identifies personnel costs and the amounts of supplies, other charges and capital items that are associated with an activity's performance of its various tasks.

In accordance with the State's Budgeting Act, the budget contains: expenditure and revenue data for the most recently completed fiscal year, or actual information; the current year's budgeted revenues and expenditures, along with projected revenues and expenditures for the end of the current fiscal year; and requested and recommended amounts required to conduct the City's operations in the ensuing fiscal year. This format is used for the line-item budgets and many of the summaries contained throughout the document. In addition, a second budgeted year has been added for planning purposes.

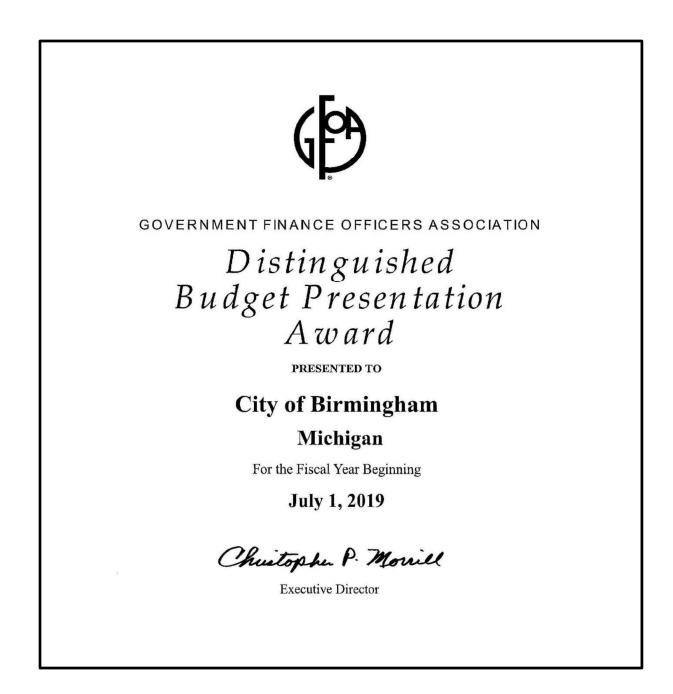

The budget document is set up so that it ties into the Comprehensive Annual Financial Report of the City as closely as possible. This will enable the reader to integrate the two documents for a better understanding of the financial affairs of the City as a whole. The budget has been prepared in accordance with provisions of the State Constitution, the Uniform Budgeting & Accounting Act and the City Charter.

# <u>Birmingham</u>

# 2020-2021 Organization Chart

- \* Appointed by the City Commission; reports to the City Manager.
- \* \* The City shall provide a tax levy of not less than ½ mill and not more than 1 ¾ mills.
- \*\*\* Birmingham Historical Museum is a non-departmental activity that reports to the City Manager.

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Birmingham, Michigan for its annual budget for the fiscal year beginning July 1, 2019.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

June 6, 2020

To the Honorable Mayor and City Commission Members:

With this letter, I am pleased to submit the recommended 2020-2021 fiscal year budget for the City of Birmingham. This year's recommended budget presents some structural enhancements as well as some unique challenges with the uncertainty of the current environment. In anticipation of future economic constraints and a looming recession, we have expanded to a three-year budget document to better identify and respond to any potential challenges.

This budget process was initiated in November of 2019 and finalized in February of 2020 with the new three-year format. In March of 2020, we experienced the onset of the COVID-19 virus in Michigan and economic assumptions have and will continue to change since the development of this recommended budget. In proceeding with the adoption of the recommended 2020-2021 fiscal year budget, it is important to note that the budget is a guide and not a mandate for the coming fiscal year. Changes in revenue projections and expenditures are expected to occur as a result of the effects of navigating through a COVID-19 environment. To best manage this new environment, we will present the recommended three-year budget to the Commission in accordance with the requirements of the City Charter for adoption in June and subsequently plan for a follow up budget meeting in December to update the budget based on current conditions at that time. A subsequent budget meeting in December 2020 will afford us the opportunity to better assess the impacts of COVID-19 in the 2019-2020 fiscal year as we review the audit and also adjust as needed for the remainder of the 2020-2021 fiscal year. These are unique times and exhibiting a posture that will allow us to remain nimble, but responsible will be the determinant of our future success.

The budget is the result of many months of effort and provides a long-term perspective and commitment to provide the best possible services to residents at the lowest cost. This budget represents a continued proactive and creative approach to allow the City to build on its past while continuing to provide for its future.

# **Budget Goals**

In preparation for this budget, it's important for the City to focus its approach around a set of core budgetary goals which has helped the City become one the of premiere locations to live in Oakland County. Those core budgetary goals are:

• Avoid increasing taxes and fees which burden City residents and businesses

- Provide high quality, dependable public services that residents and businesses expect in order to enjoy a City that is safe and clean. This includes effective fire and police protection, advanced life-support services, safe and efficient water and sewer systems and refuse pickup including curbside recycling and composting
- Retain stable and essential services while minimizing involuntary employee separations
- Employ a combination of cost reductions, prudent use of reserves and revenue enhancements to balance the budget
- Evaluate fees and charges to responsibly recover the cost of providing services
- Continue to invest in technology that results in productivity improvements
- Increase collaboration and service sharing to eliminate duplications in service delivery and reduce cost
- Support social, cultural, and recreational programs and services that enhance the lives of our residents
- Work with our business community to collectively meet the needs of and provide assistance to new and existing businesses in the community

The recommended budget which follows accomplishes these goals.

# **Budget Overview**

The total recommended budget for fiscal year 2020-2021 for all funds, including component units, is \$86,132,740. Overall this represents a decrease of \$10,221,319, or 11%, from the prior year's amended budget as explained further in this letter:

		Amended 2019-2020 Budget		ecommended		Planned		Planned		
	2019			0-2021 Budget	2021-2022 Budget		2022-2023 Budget			
General Fund	\$	40,231,523	\$	38,277,660	\$	39,437,630	\$	40,519,440		
Special Revenue Funds		12,628,718		8,466,230		9,389,920		12,854,570		
Debt Service Fund		1,610,300		1,549,250		1,477,600		1,411,800		
Capital Projects Fund		2,064,727		2,745,000		25,000		525,000		
Permanent Fund		20,000		20,000		-		-		
Enterprise Fund		30,828,871		28,302,080		26,463,390		28,326,880		
Internal Service Fund		1,047,520		1,183,920		1,014,310		994,060		
Component Units		7,922,400		5,588,600		5,832,730		6,214,640		
Citywide Total	\$	96,354,059	\$	86,132,740	\$	83,640,580	\$	90,846,390		

# **Budget Highlights**

The following are the highlights of the recommended 2020-2021 budget:

### **Property Taxes:**

- Sixth consecutive year decrease in the overall property tax levy;
- Third consecutive year decrease in the operating levy;

• Maintains at least a .3 mill difference between the operating levy and the Headlee maximum;

## Fiscal Responsibility:

- Maintains a stable General Fund balance;
- Keeps General Fund balance in the upper range of fund balance policy;
- Reduces unfunded retiree health care liability by contributing approximately \$1M above actuarial requirements;

### Public Safety/Health:

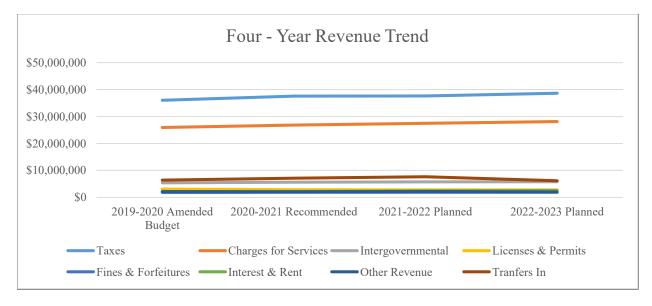

- Strengthens emergency response by adding a firefighter/paramedic position;
- Provides \$800,000 in lead water service line abatement;

# **Capital Improvement:**

- \$3.7 million in street, sidewalk, and streetlight improvements including \$550,000 for unimproved street improvements;
- \$1.8 million in sewer improvements including \$500,000 in rear yard sewer lining;
- \$1.4 million in water main and tower improvements;
- \$2.3 million in ice arena and fire station building repairs;
- \$.8 million in vehicle and equipment replacement.

# **Revenue Comparisons**

The total recommended revenue budget for 2020-2021 is \$85,769,440, which is an increase of \$3.1M, or 3.8%, from the 2019-2020 amended budget. Planning amounts of \$87,423,190 and \$87,747,630 for fiscal years 2021-2022 and 2022-2023, respectively, have also been included. Major revenue categories and trends are broken down as follows:

The increase of approximately \$3.1M for 2020-2021 is the result of an increase in Taxes of \$1.6M, Charges for Services of \$.8M and Transfers In of \$.7M.

Property Taxes include taxes for general operations of the City, refuse collection, library operations and City debt. Property Taxes make up approximately 44% of the total revenue budget. Property Taxes are estimated to increase \$1.6M, or 4.4%, in 2020-2021, due to an increase in taxable value of 5.5%. In 2021-2022, property taxes are planned to be roughly the same as the prior year as a result of a reduction in debt service costs. In 2022-2023, property taxes are planned to increase approximately 3% due to an increase in the taxable value.

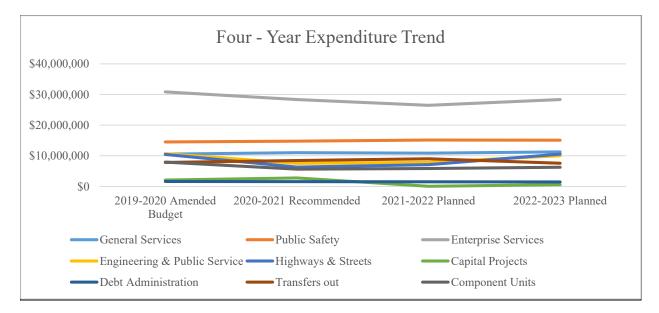

Charges for Services include water and sewer utility fees, automobile parking fees, recreational fees, and General Fund charges to other funds for personnel costs. Charges for Services represent approximately 31% of the total revenue budget. Charges for services are estimated to increase approximately \$900,000, or 3.3%, in 2020-2021 as a result of an increase in water and sewer rates of \$400,000 and an increase in automobile parking fees of \$500,000. For the years after 2020-2021, Charges for Services continue to increase 2-3% per year as a result of normal annual water and sewer rate increases and charges to other funds for personnel costs.

Transfers In represents money received from another fund. The City uses Transfers In primarily to provide financing for major infrastructure improvements. The increase of approximately \$700,000 in 2020-2021 is mainly the result of an increase in transfers to the Local Street Fund.

For additional detail on the City's major revenues, please see the Major Revenue Sources page located later in this section. Revenue detail is also provided with each fund summary.

# **Expenditure** Comparisons

The total recommended expenditure budget for 2020-2021 is \$86,132,740, which is a decrease of \$10.3M, or 11% from the 2019-2020 amended budget. Planning amounts of \$83,640,580 and \$90,846,390 for fiscal years 2021-2022 and 2022-2023, respectively have also been included. Major expenditure categories and trends are broken down as follows:

The two major sources of expenditures for the City are Enterprises Services and Public Safety. Enterprise Services refers to the automobile parking system, water and sewer utility system, and golf courses and represents approximately 33% of the total expenditure budget. Public Safety which includes police, dispatch, and fire departments represents 17% of the total expenditure budget

The decrease of approximately \$10.3M for 2020-2021 is a result of a decrease in: Highway & Streets of \$4.1M, Engineering & Public Services of \$3.2M, Enterprise Services of \$2.6M, and Component Units of \$2.3M. This was partially offset by an increase in Capital Projects of \$.7M and Transfers Out of \$.6M.

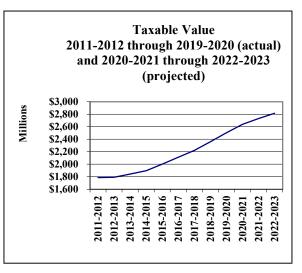

The decrease in Highway & Streets, Engineering & Public Services, and Enterprise Services is mainly the result of a decrease in capital costs associated with the Maple Road and Quarton Lake projects budgeted in 2019-2020. The decrease in Component Units is the result of construction of the new youth services area at the Baldwin Public Library budgeted in 2019-2020. The increase in Capital Projects is mainly the result of the refrigeration repair at the ice arena. The increase in Transfers Out is mainly the result of transfers to the Local Street fund for capital improvements.

# **Issues** Affecting Budget

### **Economy**

The City has enjoyed a long period of sustained growth as a result of a strong local economy with low unemployment in the region and automotive sales at the top end of historic sales. The City has experienced annual taxable value growth of 5%-6% for the past four years.

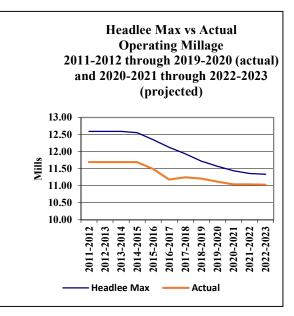

At the time of this letter, however, there is a threat to the economy from the Coronavirus (COVID-19) which the World Health Organization (WHO) has labelled a world-wide pandemic. It is unknown at this time what the short-term effects on the economy will be. To account for the possibility of a downturn in the economy, projections of future taxable value growth are below what has been seen

in recent years. The City is projecting taxable value growth of 5.5% in 2020-2021, 3.5% in 2021-2022, and 3.0% in 2022-2023. This is one of the reasons why the City has opted to include 2 additional planning years in the budget so as to adjust for these kind of contingencies.

#### Legislative

The Headlee Amendment and Proposal A limit the amount of taxes the City can levy. In previous years, the City has been able to levy an operating millage well under the City's maximum. As the graph on the right illustrates, the "gap" being the maximum millage the City can levy and what the City is actually levying is shrinking. The "gap" in millage rates is important to the City because: 1) it provides a contingency for emergency funding; and 2) is one of the primary factors in determining the City's bond rating (currently at AAA). The only way the State legislature has provided for lifting the maximum, is by the vote of the citizens through a Headlee override. At this moment, the City is not requesting an override, but still must proactively manage the "gap". The tax levies used in the preparation of the recommended budget provide for at least a .3 mill

"gap" between the maximum and actual millage rates. This equates to an approximate \$1,037,000 savings to taxpayers in 2020-2021 compared to levying at the maximum millage rate and provides future emergency funding, if needed. The continuous downward pressure of the Headlee max will be an on-going concern in future years. More discussion regarding the Headlee Amendment and Proposal A can be found later in this section.

In June 2018, the State of Michigan adopted the Lead and Copper Rule (LCR). The goal of the updated LCR is to protect public health by reducing lead and copper levels in drinking water. The rule requires water utilities to make an inventory of all water service connections, tell customers if they have a lead service line, and fully replace all lead service lines over the next 20 years. There is no funding from the State for this mandate. The City has taken an inventory of the water service connections and have determined that the number of lines to replace is over 700. The City is in the process of collecting samples from all the lead service lines to determine the levels at those locations. Early estimated cost to replace all of the lines is between \$4.5M to \$5.5M. This is not a cost that the Water Fund can absorb with the fund's current reserves. To address this, the recommended budget and future planning years include an increase in the property taxes allocated to the Water Fund from the operating levy from \$1M to \$1.5M. This will allow the City to fund approximately \$800,000 in lead service line replacements in 2020-2021 and \$900,000 in 2021-2022 and 2022-2023. Funding at this rate for future years will allow the City to complete all lead replacements well before the State mandated deadline.

### Capital Improvements

In January 2017, a leak was discovered in the ice arena's refrigerant system under the concrete floor. A temporary repair was made to seal the leak, but a more permanent repair is necessary to keep the ice arena operational for future years. The estimated cost to replace the refrigeration system is approximately \$2M. These funds have been included in the 2020-2021 recommended budget in the Capital Projects Fund. It is anticipated that work for this project will begin in the Spring of 2021.

In September of 2017, the City Commission created an Ad Hoc Unimproved Street Study Committee. The committee was charged with finding a long-term plan on how to best proceed in addressing unimproved streets in the City. Currently, the City has approximately 26 miles of unimproved streets. It is estimated that the cost of improving all those streets including the water and sewer systems will cost over \$100M. While the committee has not formalized their recommendations to the City Commission, funding of \$1.4M (including water and sewer) has been provided in the recommended 2020-2021 budget to improve Lakeview Avenue. Additionally, \$1.3M has been planned for 2021-2022 and 2022-2023 to address additional streets based on the final approved recommendation.

### Legacy Costs

Pension contributions are projected to increase by approximately \$350,000, or 15%, to \$2.7M for fiscal year 2020-2021 and remain at approximately the same levels for 2021-2022 and 2022-2023. The increase is the result of actual investment performance being less than actuarially assumed. Retiree health care contributions are projected to remain approximately the same for 2020-2021 through 2022-2023 at \$2.9 million. At these amounts, the City is contributing approximately \$1 million more per year than the actuarially calculated contribution based on the valuation that was performed at June 30, 2018. As of June 30, 2019, the pension fund was 84% funded and the retiree health care fund was 68% funded as of June 30, 2018. The City has managed these costs by closing both systems and providing new employees with defined contribution retirement and retiree health savings plans.

### <u>Personnel</u>

The City, through proactive management, has moved swiftly to address the fiscal stresses facing it. During the economic downturn, the City reduced full-time staffing levels by 32%. As the economy has improved, the City has maintained a policy of only replacing those positions which need to be replaced. As a result, 28 full-time positions have been added since fiscal year 2012-2013. As part of a strategic planning process, the 2020-2021 recommended budget proposes to increase the number of full-time employees by 1 (excluding the Baldwin Public Library). This would bring the total number of full-time staff to 159 (excluding the Baldwin Public Library) which is 84% of the full-time staff the City employed in fiscal year 1999-2000. The budget recommends the following full-time changes in 2020-2021: remove a transitional city engineer, add a firefighter, add a transitional fire marshal position, and add a transitional city clerk. In 2021-2022, a full-time firefighter and a parks & recreation operator position is anticipated to be added while eliminating a transitional fire marshal and deputy treasurer position. In 2022-2023, a firefighter position is anticipated to be added.

# Impact on Average Homeowner:

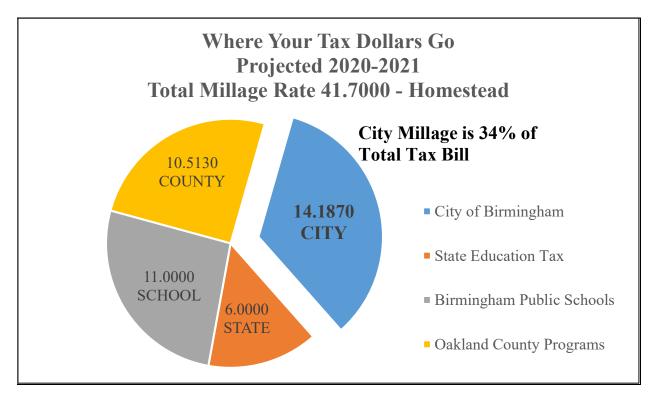

### Property Taxes:

In an ongoing effort to effectively manage the City's tax rate, the fiscal year 2020-2021 recommended budget will reduce the City's overall tax levy for the sixth consecutive year. As indicated below, the City's total proposed tax levy of 14.1870 mills represents a decrease of .1714 mills from the prior year's total levy of 14.3584 mills. The City's operating levy is proposed to decrease to 11.0433 from the prior year's levy of 11.1206 mills. Included in the City's operating levy for 2020-2021 are .0689 mills for the North Arm Drain; .1515 mills for the George W. Kuhn Drain debt requirements; .5716 mills for the Water Fund; and 1.9055 mills for street improvements. The refuse levy is proposed to remain the same, while the debt service levy is proposed to decrease as a result of higher taxable

values. The levy for the library is proposed to decrease as a result of limitations placed by state law (Headlee Amendment). The portion of the library levy above 1.1000 mills will be used to fund the renovations to the Youth Services portion of the library that started in 2019-2020.

	2016-2017	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
	<u>Actual</u>	<u>Actual</u>	<u>Actual</u>	<u>Actual</u>	Recommended	Planned	Planned
City Operating Levy	11.1843	11.2481	11.2099	11.1206	11.0433	11.0433	11.0335
Library Levy	1.4100	1.4100	1.3891	1.3714	1.3554	1.3250	1.3024
Refuse Levy	0.8687	0.8252	0.8036	0.7803	0.7803	0.8012	0.7985
Debt Levy	1.2984	1.1906	1.1116	1.0861	1.0080	0.5398	0.5005
Total	14.7614	14.6739	14.5142	14.3584	14.1870	13.7093	13.6349

The City collects taxes for many governmental entities. As indicated below, the City retains approximately 34% of every property tax dollar paid by taxpayers:

# Water and Sewer Rates

Combined water and sewer rates are proposed to increase from \$12.69 to \$13.16, or 3.7%. Water rates are proposed to increase 2% as a result of higher contractual services related to the new mandated cross-connection program. Sewer rates are proposed to increase 5% as a result of higher sanitary sewage disposal costs of 6%. For more detail, please see the Water Fund and Sewer Fund summaries located in the Enterprise Funds section of this document.

# Average Cost to Residential Homeowner Combined Property Tax and Water and Sewer Bills 2020-2021 and 2022-2023

Assumes an average taxable value (TV) of \$224,000 for 2019-2020, \$237,800 for 2020-2021, 247,300 for 2021-2022, and 256,000 for 2022-2023. Water and sewer based upon average consumption of 90,000 gallons.

*Conclusion:* The budget is more than just a fiscal plan. It is a blueprint and conveys the vision for the City's future. The City employs policies and practices designed to ensure its continuing ability to provide quality services despite economic or budgetary challenges. This year's budget addresses both current and future community needs while balancing service demands with conservative financial management. I look forward to working with the City Commission and staff in the implementation of this year's budget. Each and every individual who contributed to the process and production of this document has my deepest appreciation.

Respectfully submitted,

Joseph A. Valentine City Manager

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **CITY GOALS AND BUDGET GUIDELINES**

### Long Term: Overall Municipal Goals

The City Commission held goal-setting sessions with administrative staff and a facilitator in January and February 2016. The resulting five primary goals are deemed essential to implementing the Commission's vision for the community. The five goals are designed to have broad application. The goals are achieved through measurable objectives with a focus on accomplishment and end product developed by each department. Departmental goals and measurable objectives tie into and support the following five primary goals for the City:

1. Provide sound leadership and responsible governance to maintain financial stability.

a. Continue to utilize public resources in an effective, efficient manner adapting to current and future economic trends and conditions.

b. Balance community needs and desires with available resources.

2. Be innovative and responsive in how services are provided to the community.

a. Seek new and collaborative approaches to improve the effectiveness and efficiency of service delivery within an environment of competing community interests.

b. Continue to provide the highest levels of customer service in an economically sustainable manner.

- 3. Support the vitality of both the residential and business communities that depend upon each other for success.
  - a. Continue to encourage and recognize citizen involvement for the common good.
  - b. Support continued private investment throughout the City.
- 4. Cultivate a safe, healthy, and dynamic City.
  - a. Foster an innovative and inclusive environment that attracts all people to live, work, shop and play.
  - b. Maintain a vibrant and walkable community.
- 5. Continue to be proactive with infrastructure maintenance programs and reinvestment in costeffective improvements to roads, sewers, water mains, parking, parks and public facilities.

# Short Term Factors and Budget Guidelines

The objectives of this budget are to preserve the current level of services with little or no growth in revenues while making progress towards and implementing the City's long-range plans. Other significant assumptions include:

- *Conservative, but realistic, projection of revenues and expenditures*. Conservative projections help ensure that adequate resources will be available to meet budgeted obligations. There is a built-in conservative emphasis.
- *Low inflation*. General price levels are expected to increase by approximately 1.5%. However, because the five-year financial forecast projected a decrease in revenues, excluding property tax revenue, of approximately 0.4% for fiscal year 2020-2021 and forward, departments were requested to maintain expenditures at prior funding levels or attempt to reduce their operating costs where possible.
- *Increase in property tax revenues*. An increase in taxable value of 5.5%, 3.5% and 3.0% has been assumed for the next three years, respectively. This resulted in an increase in operating property tax revenues for fiscal year 2020-2021 of approximately \$1.3 million, for fiscal year 2021-2022 of approximately \$1 million and for fiscal year 2022-2023 of approximately \$.8 million, excluding debt-service payments for other drain projects and water fund capital improvements.
- *Maintain target fund balances to preserve financial integrity*. This budget maintains the City's targeted fund balance position. Unassigned fund balance in the General Fund for fiscal years 2020-2021, 2021-2022 and 2022-2023 are projected to be 39%, 38% and 37%, of operating expenditures respectively. This is at the upper range of the targeted 17 percent to 40 percent of the operating budget established by the City Commission. This is prudent given recent economic uncertainty, and state legislative action, which has negatively impacted City revenues sources.
- *Annual review of all significant fees*. Major fees are reviewed annually and adjusted as needed. Frequent, but moderate, increases are preferable to infrequent, but large, rate increases.
- *Wage adjustments*. Wages have been budgeted to remain the same as the prior year except for adjustments included in settled union contacts for fiscal year 2020-2021, 2021-2022 and 2022-2023. The budget will be amended later for the effects of negotiated contracts or adjustments approved by the City Commission.
- *Employee benefits*. The cost of employee benefits is projected to increase in 2020-2021 by approximately \$21,410, or 0.2%. The primary reason for the increase is due to an increase in defined contribution retirement costs of \$34,830 and defined benefit retirement employer contributions of \$343,490 based on actuarially determined rates, which was offset by a reduction in hospitalization costs of \$366,110. Employee benefits are projected to increase in 2021-2022 by approximately \$132,880, or 1.3%. The primary reason for the increase is an increase in hospitalization costs of \$69,380, defined contribution retirement costs of \$48,980 and retiree health savings contributions of \$7,350. Employee benefits are projected to increase in 2022-2023 by approximately \$68,390, or 0.1%. The primary reason for the increase in costs of \$69,420.
- *State-Shared Revenues*. In fiscal year 2019-2020, it is projected that State-levied shared taxes will provide the City with about \$4.1 million in revenue in the form of revenue-sharing payments, gas and weight taxes, and reimbursements for personal property tax exemptions.

General assumptions About economic conditions

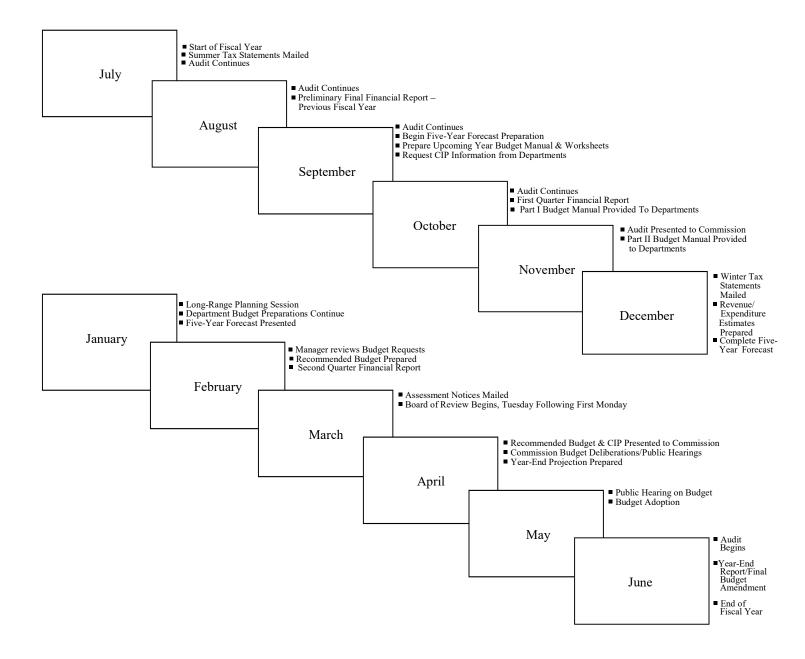

- *Staffing Level*. Staffing levels have been recommended to increase overall by one full-time position in fiscal year 2020-2021. The Baldwin Public Library is projected to increase its full-time staff by two position in 2020-2021. The overall City personnel count is projected to increase by a half position in fiscal year 2021-2022 and one position in 2022-2023.
- *Capital Improvements*. Budgeted capital improvements are consistent with the six-year capital improvements program.

Based on the above budget assumptions and an informal needs assessment, the following is a list of priorities used for budget development:

- Maintain high service levels and quality-of-life amenities
- Provide a well-maintained community
- Continue efforts to assure Birmingham remains a community of choice to live, work and play
- Continue to encourage private sector development and investment
- Participate in regional development projects
- Provide a safe community
- Continue support of the business community
- Provide for sufficient infrastructure
- Focus on technology to improve efficiency of service delivery
- Continue implementation of City's long-range plans
- Improve cost recovery from direct user charges
- Maintain a competitive salary and benefit program

2020-2021, 2021 -2022 and 2022-2023 Priorities

# The Budget Process - Financial Calendar

### **Budget** Calendar

On or before the first Monday in May, the City Manager presents the proposed budget to the City Commission in a public forum. The City Commission, after reviewing the proposed budget and receiving public comments, may direct staff to revise the budget. The budget and proposed capital improvements program are made available to the public at budget hearings, in the City Clerk's office and on the City's website. On or before the second Monday in June, the City Commission adopts the budget by an affirmative vote of a majority of its seven members. Upon final adoption, the budget becomes the authority for the various agencies and departments to expend funds, subject to controls established by the City Charter and State law.

### <u>Budget Basis</u>

The budgets of general government type funds (the General, Major and Local Streets, Community Development Block Grant, Solid Waste, Law and Drug Enforcement, Debt-Service, Greenwood Cemetery Perpetual Care and Capital Projects Funds) and the component units (Library, Principal Shopping District, Brownfield Redevelopment Authority Fund and Corridor Improvement Authority) are prepared on a modified accrual basis. Briefly, this means that obligations of the City (for example, outstanding purchase orders) are budgeted as expenditures, but revenues are recognized only when they are measurable and available.

The Proprietary Funds (Water/Sewer, Golf Courses, Automobile Parking and Computer Equipment) also recognize expenditures as encumbrances when a commitment is made (e.g., through a purchase order). Revenues, on the other hand, are recognized when they are obligated to the City (for example, water user fees are recognized as revenue when service is provided).

In all cases, encumbrances lapse when goods and services are not received by year-end.

The Comprehensive Annual Financial Report (CAFR) shows the status of the City's finances on the basis of "generally accepted accounting principles" (GAAP). In most cases this conforms to the way the City prepares its budget. Exceptions are as follows:

- a. Compensated absences liabilities that are expected to be liquidated with expendable available financial resources are accrued as earned by employees (GAAP) as opposed to being expended when paid (Budget basis).
- b. Budgetary revenues and expenditures include items classified as "other financing sources" and "other financing uses" under the GAAP bases of accounting.
- c. Capital outlays within the Proprietary Funds are recorded as assets on a GAAP basis and expended on a Budget basis.
- d. Loans between funds are recorded as assets and liabilities on a GAAP basis and as contributions and transfers out on a Budget basis.
- e. Fund balance appropriations and transfers are budgeted as either revenue or expenditure to balance the budget.

# **Budgetary Control**

The City adopts its budget for the General Fund and Special Revenue Funds by budgetary center, which is in accordance with the State's legal requirement and is the level of detail at which, by law, expenditures may not exceed appropriations. The legal level of budgetary control for the Debt-Service Funds, Permanent

Funds, Capital Projects Fund, Enterprise Fund, Equipment Fund and Component Units, is the fund level; that is, expenditures may not exceed budgeted appropriations at the fund level.

### **Budget Amendment Process**

The budget can be amended during the fiscal year by an appropriation adjustment. Appropriations are considered with respect to total expenditures authorized for a department or activity within each fund.

The City Manager is authorized to transfer budgeted amounts within budgetary centers. This is accomplished by the use of an internal budget-adjustment form signed and approved by the requesting Department Head, reviewed and approved by the Finance Director, and then approved by the City Manager. Any revisions that alter the total expenditures of any budgetary center must be approved by the City Commission.

At any meeting after the passage of the appropriations resolution, the City Commission may amend such resolution so as to authorize the transfer of unused balances appropriated for one purpose to another. A formal budget-amendment request is prepared by the Finance Director and submitted to the City Manager for approval, prior to submission to the City Commission.

### **Constitutional Tax Limitations**

In 1978, the voters of Michigan approved Proposal E (the Headlee Constitutional Amendment). Under the Headlee Amendment, the City cannot collect operating millage on the increase in taxable value derived from existing property which exceeds the Headlee inflation factor (1.9% for 2020-2021). This limit is established by reducing the maximum authorized tax rate by the proportion by which the percentage increase in the total taxable value of existing property in any year exceeds the rate of inflation during the prior year. The Headlee amendment limitation may be waived only by a vote of the electorate and does not apply to voter-approved debt levies. For fiscal year 2020-2021, it is projected that the Charter maximum for the operating levy will be reduced from 20 mills to 11.4364 mills, which is a reduction from last year's Headlee maximum levy of 11.5707.

Following is the Headlee tax limitation formula for the City's operating levy:

\$2,497,255,420	-	\$11,573,438	х	1.019	=	\$2,532,909,940
(2019 Taxable Value)	-	(Losses)	Х	(Headlee CPI*)	=	Ceiling
<u>\$2,638,284,320</u> (2020 Taxable Value)	-	<u>\$75,634,670</u> (Additions)	=	<u>\$2,562,649,650</u> (2020 Adjusted)		
\$2,532,909,940 (Ceiling)	÷	\$2,562,649,650 (2020 Adjusted)	=	.9884 (Millage-Reduction Fraction)		
11.5707 (Headlee Maximum) 2019	X X	.9884 (Reduction Fraction)	_ =	11.4364 (Headlee Maximum) 2020		

\*Consumer Price Index

#### Truth in Taxation Rollback

In February 1982, a law was approved that required certain procedures to be followed in levying property taxes. This law, referred to as the "Truth in Taxation" Act, requires that the City's operating-millage rate actually levied in the prior year be rolled back in proportion to the current year's average increase in the taxable value (TV), unless otherwise approved by the City Commission. The rolled-back millage rate is called the "base tax rate." Three bills were signed into law during 1995 that changed the "Truth in Taxation" process. The required hearing can now be part of the budget hearing as long as certain requirements are met.

Following are the "Truth in Taxation" Act calculations:

1) 2019-20 mills levied for x		2019 TV – losses	_	Base tax rate	13.2723	x	\$2,497,255,420 - \$11,573,438 = \$2,485,681,982	=	12.8737
operating purposes	ng 2020 TV – additions			Tate	13.2723		\$2,638,284,320-\$75,634,670= \$2,562,649,650		12.0757
2) Base tax rate	x	<u>2020 TV</u> 1,000	=	Base operating revenue	12.8737	х	<u>\$2,638,284,320</u> = \$33,964,481 1,000		
3) Operating prope	erty tax re	evenue 2020-2021 budget	=	\$34,769,86	50				
2021 operating	tax reven	revenue (step 2) from 2020- ue (step 3) luced) property taxes		\$34,769,86 (33,964,48 \$805,37	<u>(1)</u>				
5) <u>Additional (re</u> (2019 TV / 1		<u>vy</u>	=	<u>\$80</u> \$2,638,284,7	5 <u>,378</u> 320/1,000	=	0.3053 Increase in millage		
6) <u>Additional (re</u> Base tax rate	duced) m	illage	=	<u>0.3431</u> 12.8737		=	2.4% Percentage increase		

TV= Taxable Value

(Base tax rate includes general operating, Refuse, Library, George W. Kuhn Drain debt levy, North Arm Drain debt levy.)

### **Property Tax Reform**

On March 15, 1994, voters of the State of Michigan approved Proposal A. For taxes levied in 1995 and each year thereafter, assessment increases are limited to 5% or the rate of inflation, whichever is lower. This measure seriously inhibits the ability of many municipalities to recover from a downturn in the economy. While there is no limitation on downward adjustments to property-tax assessments in a weak economy, the ability to recover in better times is artificially limited. The taxable value of a parcel of property is adjusted to trace market value only at the time of sale. In addition, the Headlee calculation is no longer allowed to "roll up" to offset sub-inflationary assessment increases.

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **FUND STRUCTURE OF BUDGET**

The accounts of the City of Birmingham are organized on the basis of funds. Funds are established to segregate specific activities or objectives of a government in accordance with special regulations, restrictions or limitations. All funds established by a government must be classified in one of eleven "fund types" for financial reporting purposes.

Fund Type/Fund Sub-Type/Fund Name	Budget Adopted	Major Fund
GOVERNMENTAL FUNDS	Adopted	<u>1 unu</u>
GENERAL FUND	$\checkmark$	$\checkmark$
SPECIAL REVENUE FUNDS		
Major Street Fund	$\checkmark$	
Local Street Fund	$\checkmark$	
Solid Waste Fund	$\checkmark$	
Community Development Block Grant Fund	$\checkmark$	
Law & Drug Enforcement Fund	$\checkmark$	
DEBT SERVICE FUND

Baldwin Public Library Fund	$\checkmark$	
Principal Shopping District Fund	$\checkmark$	
Brownfield Redevelopment Authority Fund	$\checkmark$	
Corridor Improvement Authority Fund	$\checkmark$	

Major funds represent the significant activities of the City and basically include any fund whose revenues or expenditures, excluding other financing sources and uses, constitute more than 10% of the revenues or expenditures of the appropriated budget. The breakdown of the City's fund structure is as follows:

### Major Governmental Funds

The <u>General Fund</u> is a major fund of the City and is used to account for the resources devoted to funding services traditionally associated with local government. It has some limited interaction with a majority of the other funds.

### Major Proprietary Funds

Account for the acquisition, operation and maintenance of government facilities and services that are entirely self-supported by user charges and operate similarly to a private business. The <u>Sewer Fund</u>, which provides sewer utility services to the City's approximately 8,500 customers and the <u>Automobile Parking System Fund</u>, which provides parking to the Central Business District are the City's only major proprietary funds.

### Non-major Special Revenue Funds

Used to account for the proceeds of revenue sources (other than trusts or major capital projects) which are legally restricted to expenditures for specific purposes. These funds include: Major Street Fund, Local Street Fund, Solid Waste Fund, Community Development Block Grant Fund and Law & Drug Enforcement Fund.

### Non-major Debt Service Fund

This fund is used to account for the accumulation of resources for repayment of general long-term debt, interest and related costs. This fund includes the Parks & Recreation Bonds (attributable to park land and facilities acquisitions and recreational improvements).

### Non-major Capital Projects Fund

This fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

### Non-major Permanent Fund

This fund is used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the City's programs – that is, for the benefit of the City or its citizenry. This fund includes the Greenwood Cemetery Perpetual Care Fund.

### Non-major Proprietary Funds

Account for the acquisition, operation and maintenance of government facilities and services that are entirely self-supported by user changes and operate similarly to a private business. The City of Birmingham incorporates both Enterprise Funds (Water Fund, Lincoln Hills Golf Course Fund, and Springdale Golf Course Fund) and an Internal Service Fund (Information Technology Fund) Fund into its budget processes.

### Non-major Component Unit Funds

These funds are used to account for the proceeds of revenue sources (other than trusts or major capital projects) which are legally restricted to expenditures for specific purposes and are legally controlled by a separate governing board.

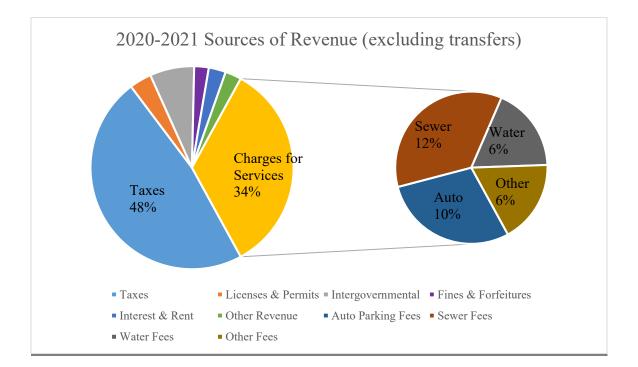

Annual budgets are legally adopted for the General Fund and Special Revenue Funds as required by the State's Uniform Budgeting Act. In addition, although not required by law, budgets are prepared and approved for the City's Debt-Service Funds, Permanent Funds, Capital Projects Fund, Enterprise Funds, and Information Technology Internal Service Fund, and component units. These budgets are prepared for financial-management and project-control purposes. While no budget is prepared for the Auto and Vehicle Equipment Internal Service Fund, information regarding scheduled vehicle replacements has been included in the Capital Improvements section of the budget document. Fiduciary fund types and the following Internal Service Funds have not been included in the City's budget document: Personal Services Fund, Fire Equipment Fund, and Risk Management Fund.

## LARGEST SOURCES OF REVENUE

## (excluding fund transfers)

## Property Taxes

Property taxes comprise 48% of all 2020-2021 budgeted revenue, excluding transfers. Property taxes are budgeted in the General Fund, Solid Waste Fund, Debt Service Fund, Water Fund, Sewer Fund, Baldwin Library Fund, and the Brownfield Redevelopment Authority Fund. Property taxes are used for the general operations of the city and library and for the payment of city debt. Property tax revenue is proposed to increase from the 2019-2020 budget by approximately 4.4% as a result of an increase in taxable value. For the 2020-2021 recommended budget, the Oakland County Assessing Department has certified an increase of 5.5% in taxable value for the City.

### Charges for Services

Sewage Disposal Fees – Charges for services in the Sewer Fund comprise 12% of the total 2020-2021 budgeted revenue, excluding transfers. Sewage disposal fees include charges for the disposal of sewage and connection and inspection fees. Charges for services in the fund are proposed to increase by approximately 4% from the previous year. The increase is mainly the result of an increase in sanitary and storm water disposal charges. Sewage disposal rates are estimated based on the net total cost of the system divided by the number of estimated units of water sold. The number of units of water sold is based on a five-year historical average. See the Sewage Disposal Fund Summary for more information.

Automobile Parking Fees – Charges for services in the Automobile Parking System comprise 10% of the total 2020-2021 budgeted revenue, excluding transfers. These fees include monthly permits, transient parking fees, on-street meter collections, and parking-related charges. Parking fees for 2020-2021 are estimated based on the current year revenue projections. Parking fee revenue is expected to increase from the prior budget due to potentially taking a parking structure off-line for reconstruction in 2019-2020. See the Automobile Parking System Fund Summary for more information.

Water Fees – Charges for services in the Water Fund comprise 6% of the total 2020-2021 budgeted revenue, excluding transfers. Water fees include water use charge, meter repair and base charge, and connection and inspection fees. Total fees are proposed to increase .8% from the prior year. Water use rates are estimated based on the net cost of the system divided by the number of estimated units of water sold. The number of units of water sold is based on a five-year historical average. See the Water-Supply System Receiving Fund Summary for more information.

	Type of planning process	Description of process	Budget impacts
Five-Year Forecast	Long-range (current budget plus four years) operating plan to facilitate financial planning	Finance Department staff working with consultant to determine key forecast assumptions to project major revenue sources and expenditures. Funds included are General Fund and Major and Local Street Funds. Forecast also includes water and sewer rate projections. Presented to public and City Commission at long-range planning session in January.	Provides financial framework to evaluate financial condition of City and rational bases for devising fiscal strategy. Provides for budget stability, planning, direction and decision making. (Long-Term Municipal Goal 1) See trends at the end of this section.
Capital Projects Plan	Six-year plan includes project listing by plan year	Departments submit to City Manager for consideration/ revision. Manager submits to City Commission for approval.	Provides for predictable funding level from year to year to allow adequate planning for funding, debt-service requirements, and impact of operating costs. See Capital Improvements section of budget document for operational impacts. (Long-Term Municipal Goals 1 and 5)
Building Maintenance	Six-year plan by facility and maintenance activity or project	Building Maintenance Supervisor prioritizes other departments' or activities' requests for projects along with known maintenance requirements and submits to City Manager. Manager submits recommendation to City Commission for approval.	Provides for a stable annual level of expenditure to ensure continued maintenance of City facilities. Integrates with various departmental budgets and six-year capital improvements program. (Long-Term Municipal

Following is a summary of long-range planning processes developed and used by the City to match financial resources with long-term objectives and service delivery:

Goals 1a,1b and 5)

	Type of planning process	Description of process	Budget impacts
Parks & Recreation Master Plan	Five-year master plan that guides future parks and recreation development	Overall review/assessment of parks and recreation facilities and inventory within the community. Public process including hosting workshop, public hearing and Parks Board review prior to submittal to City Commission and adoption.	Master plan used by staff and Commission for planning, budgeting purposes and decision making. Meets state requirements for use in securing grant funds. (Long-Term Municipal Goals 1a,1b,3a,4a and 4b)
2016 Plan	20-year master plan for downtown Birmingham that guides future development of both public spaces and private property. New plan currently under development.	Overall review of existing conditions conducted. Extensive involvement by City staff and public in charrettes and public meetings. A new master plan is in the process of review and approval.	2016 master plan used by staff and Commission for planning, decision making and budget purposes. Meets state requirements for use in securing grant funds. (Long-Term Municipal Goals 3a,3b,4a and 4b)
Vehicle/ Equipment Replacement	Three- to five-year plan to replace certain vehicles, fire department and contractor-type equipment	Public Services and Fire Department provide requests to City Manager. Manager submits to City Commission for approval of purchases.	Allows for the funding of replacements annually to insure that the condition of the fleet and equipment is at an optimum level, reducing fleet maintenance and operational costs. See Vehicle Replacement Plan in the Capital Improvement section of the budget document. (Long-Term Municipal Goal 1a)

	Type of planning process	Description of process	Budget impacts
Information Systems Plan	Multi-year plan to purchase or replace certain computer and attendant equipment	Finance and Information Technology Department (Computers/Copiers) maintain inventory and recommend replacements/maintenance that comply with established criteria. Subject to Commission approval.	Allows for the funding of replacements, maintenance, help desk support and network infrastructure replacement annually. Replacement decisions are determined considering changing software technology, economic issues, maintenance costs and downtime. Identifies cost of technology by employee. (Long-Term Municipal Goals 1a and 2a)
Street Improvement Program	Internal five-year plan to maintain and improve City street system	Engineering Department develops a street maintenance and improvement program based on priorities and established criteria.	Long-term planning for street infrastructure needs that integrates with six-year capital planning process.(Long-Term Municipal Goals 1a,1b and 5)
Water Improvement Program	Ongoing program for water-main replacement and improvements	Based on completed reliability and water loss study, continued improvements to the system are planned.	Long-term planning for water-main replacement and improvements. Integrates with six-year capital planning process. (Long-Term Municipal Goals 1a, 1b and 5)
Sewer Improvement Program	Ongoing program for sewer improvements coupled with street projects	Engineering Department develops program based on existing condition and capacity needs. Continued improvements to the system are planned coupled with street projects.	Provides for planning and more efficient use of funds in coordinating sewer improvements with street projects. Integrates with six-year capital improvements program. (Long-Term Municipal Goals 1a,1b and 5)

	Type of planning process	Description of process	Budget impacts
Backyard Sewer and Water System Plan	Eight-year capital improvement program	Based on input from Ad Hoc Committee, Engineering Department and engineering consultant. Development of report and recommendation to City Commission.	Multi-year plan to abandon or rehabilitate all public sewers and water mains located in backyards by 2020. Integrates with six-year capital improvement program. (Long-Term Municipal Goals 1a,1b and 5)
Eton Road Corridor Plan	Twenty-year master plan for former industrial area at the east end of Birmingham that guides future development of both public spaces and private property	Overall review of existing conditions conducted, extensive public involvement, design workshops. Continued implementation over the last decade, with full implementation to be complete by 2018.	Master plan used by staff and Commission for planning, decision making and budgeting purposes. Plan meets state requirements to secure grant funds. (Long-Term Municipal Goals 2a,3a,3b,4a and 4b)
Triangle District Urban Design Plan	Twenty-year master plan for former underutilized commercial area immediately east of downtown Birmingham that guides future development of both public spaces and private property	Overall review of existing conditions conducted, extensive public meetings, design workshops, three-day charrette. Implementation commenced immediately. Corridor Improvement Authority was established to provide funding for public parking to spur development.	Master plan used by staff and Commission for planning, decision making and budgeting purposes. Plan meets state requirements to secure grant funds. (Long-Term Municipal Goals 2a, 3a, 3b,4a and 4b)

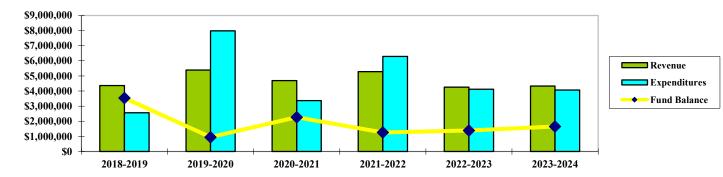

## **Five Year Operating Forecast**

Below is summarized information from the City's five year forecast which was presented to the City Commission in January 2020. The forecast consists of five significant funds: General Fund, Major Street Fund, Local Street Fund, Water Fund, and the Sewer Fund. The forecast is prepared to give the City Commission a preview of the City's financial position prior to reviewing the recommended budget. Significant changes between the five year forecast and the recommended budget are noted in each fund's summary.

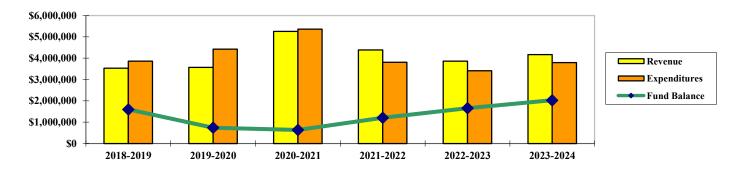

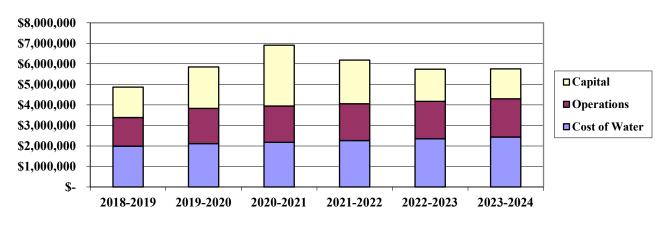

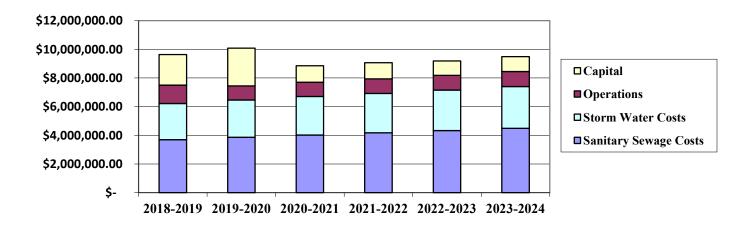

Water Fund – Total Costs

## **FINANCIAL POLICIES**

The City of Birmingham's financial policies, compiled below, set forth basic tenets for overall fiscal management of the City. Operating independently of changing circumstances and conditions, these policies provide a fiscal framework for the decision-making process of the City and the Administration.

These policies provide guidelines for evaluating both current activities and proposals for future programs. Most of the policies represent long-standing principles, traditions and practices which have guided the City in the past and have maintained its fiscal stability.

### **Operating Budget Policies**

- The City will maintain a budgetary control system to ensure adherence to the budget; will prepare
  monthly reports comparing actual revenues and expenditures to budgeted amounts; and amend
  the budget from time to time throughout the year as required by State law.
- The City will monitor departmental expenditures monthly.
- The City will integrate performance-measurement and productivity indicators into the budget.
- The City will continue its efforts to reduce major cost factors, such as costs for hospitalization and other insurance coverage.
- The City will avoid, except in an extreme emergency, budgetary practices or procedures that balance current-period expenditures at the expense of future years' revenues.
- The City will budget for adequate levels of funding for the retirement system and retirees' medical insurance.
- The City will develop and maintain accounting and budgetary control systems to safeguard the assets held in public trust.
- The City shall adopt a balanced budget as required by State law in which total estimated expenditures/expenses, including an accrued deficit in the budget, shall not exceed the total estimated revenues, including an available unappropriated surplus.

### **Revenue Policies**

- The City will make every attempt to maintain a diversified and stable revenue base to shelter it from short- or long-term fluctuations in any one revenue source.
- The City will project its annual revenues by an objective and thorough analytical process.

- The City will maintain sound property-appraisal procedures and practices to reflect current values.
- The City will avoid the use of one-time revenues to fund ongoing expenditures.
- The City will not rely on the use or collection of any major revenue source it considers unpredictable or unlikely to be collected.
- The City will follow a policy of collecting all revenues due the City.
- The City will review and establish fees and charges to keep pace with the cost of providing services.

## Fund Balance Policy

 The City will maintain the unassigned fund balance of the General Fund at an amount not less than two months (17%) of the general fund operating expenditures and not more than the equivalent of (40%) of the general operating budget.

## Accounting, Auditing and Financial Reporting Policies

- An independent audit will be performed annually.
- The City will produce comprehensive annual financial reports in accordance with Generally Accepted Accounting Principles (GAAP) as outlined by the publication "Governmental Auditing, Accounting and Financial Reporting" (GAAFR).

## **Investment Policies**

- The City will make a cash-flow analysis of all funds regularly. Disbursement, collection and deposit of all funds will be scheduled to ensure maximum investment capabilities.
- When permitted by law, the City will pool cash from several different funds for investment purposes to maximize potential earnings.
- The City will analyze market conditions and potential investments to maximize its yield, while maintaining the integrity and safety of its principal.
- The City's accounting system will provide regular information concerning its cash position and investment performance.

## **Debt** Policies

- The City will confine long-term borrowing to capital improvements or projects that cannot be financed from current revenues and, where the issuance of long-term debt is required, it will pay back the bonds within a period not to exceed the expected useful life of the projects.
- The City will keep the average maturity of general-obligation bonds at or below twenty years, i.e., below the expected useful life of most capital improvements.
- When possible, the City will use special-assessment or other self-supporting bonds.
- The City will not incur long-term debt to support current-fiscal-year expenditures.
- The City will maintain a sound relationship with all bond-rating agencies, and will keep them
  informed about its current financial condition. The City will continue the practice of full
  disclosure as it pertains to all financial reports and bond prospectuses.

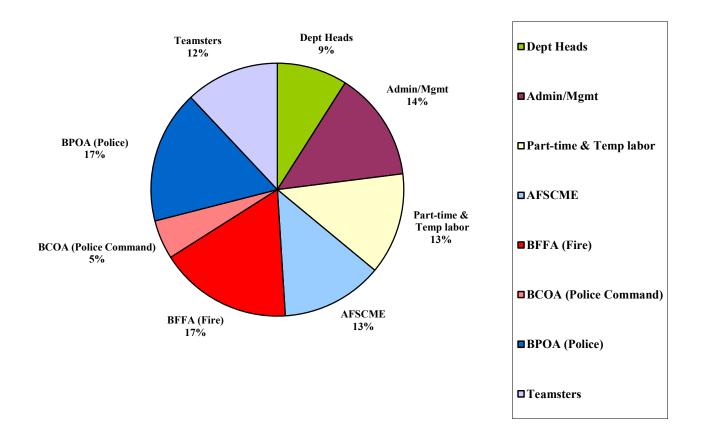

## **Capital Improvement Budget Policies**

- The City will make all capital improvements in accordance with an adopted capital-improvements program.
- The City will maintain a six-year plan for capital improvements, with proposed funding sources, updated annually.
- The City will coordinate the development of the capital-improvements program with the annual operating budget. Future operating costs associated with new capital improvements will be projected and included in the operating-budget forecasts.
- The City will use intergovernmental assistance to finance only those capital improvements consistent with the adopted capital-improvements plan and City priorities, and for which operating and maintenance costs have been included in operating-budget forecasts.
- The City will attempt to maintain all its assets at a level adequate to protect the City's capital investments and to minimize future maintenance and replacement costs.
- Capital investments will be made to foster Birmingham's goal of investing in the City's infrastructure to support urban living.

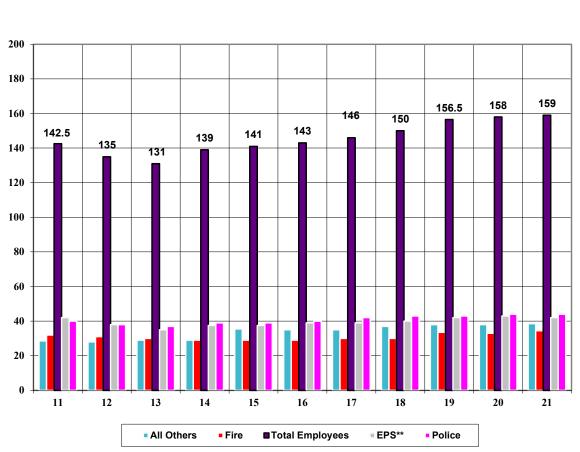

## **PERSONNEL**

For fiscal year 2020-2021, 2021-2022, and 2022-2023 budgets, the City Manager has recommended 159 full-time staff positions and 104 part-time employees (159.5 full-time in 2021-2022 and 160.5 full-time in 2022-2023). Of the full-time positions, 152 are budgeted within the General Fund, 4 in the Equipment Funds, 1 in the Birmingham Shopping District Fund, and 2 in the Golf Course Funds. In addition, there are 20 full-time positions at the Baldwin Public Library.

Below is a chart outlining the percentage of wages by unit (not including the Library):

# Percentage of Wages by Unit

City of Birmingham Full -Time Employees\*

\*Does not include Baldwin Public Library

\*\*Engineering & Public Services

## **Full-Time Employees: New Items**

## Fiscal Year 2018-2019

- Clerk's Department added a part-time clerical position.
- Birmingham Shopping District added a part-time seasonal assistant position.
- Treasury Department, Fire Department, City Maintenance Department and the Engineering Department added half-time positions for transitional purposes.
- Police Department added a part-time parking meter maintenance position.
- Fire Department added three full-time firefighter positions.
- Planning Department added a part-time planning intern position.
- Department of Public Services added a full-time fleet mechanic position and reallocated three other positions based on staffing needs.

These changes result in 156.5 full-time positions and 109 part-time positions, which is an increase of six and a half full-time positions and four part-time positions from the prior fiscal year.

## Fiscal Year 2019-2020

- The Museum eliminated their part-time seasonal staff position and increased the hours of an existing part-time position.
- Police Department added a police officer position and renamed a sergeant to a police officer position.
- Fire Department eliminated the half-time transitional position.
- Planning Department's vacant senior planner position was renamed as a city planner position.
- Engineering Department added a full-time public works inspector position and eliminated a part-time public works inspector position.
- Department of Public Services eliminated a vacant full-time parks & forestry coordinator position and added a full-time sewer, water & streets operator positon.
- Birmingham Shopping District added two additional seasonal assistant positions and redistributed hours to keep overall seasonal hours the same.

These changes result in 158 full-time positions and 109 part-time positions which is an increase of 1.5 full-time positions. The number of full-time positions is 83% of the level the City had in fiscal year 2000-2001, which was at the peak of employment levels.

## Fiscal Year 2020-2021

- Engineering Department eliminated one vacant full-time assistant city engineer position and one vacant full-time technician position. The department added one full-time construction engineer position.
- Clerk Department and Fire Department added half-time positions for transitional purposes.
- Human Resources Department eliminated their part-time consultant position.

- Museum added a part-time seasonal staff position, eliminated a part-time position, and increased the hours of one existing part-time position.
- Fire Department added one full-time firefighter position.
- Building Department eliminated two vacant part-time clerical positions.
- Department of Public Services renamed a full-time traffic sign maintenance position to an operator parks, forestry, and arena position.
- Birmingham Shopping District eliminated two vacant seasonal assistant positions.

These changes result in 159 full-time positions and 104 part-time positions for the 2020-2021 fiscal year which is an increase of 1 full-time position and a decrease of 5 part-time positions from the prior fiscal year.

## Fiscal Year 2021-2022

- Treasury Department, Clerk Department, and the Fire Department eliminated their half-time transitional positions.
- Fire Department added one full-time firefighter position.
- Department of Public Services added a full-time parks, forestry, and arena operator positon.

These changes result in 159.5 full-time positions and 104 part-time positions for 2021-2022.

## Fiscal Year 2022-2023

• Fire Department added one full-time firefighter position.

This results in 160.5 full-time positions and 104 part-time positions for 2022-2023.

City of Birmingham, Michigan 2020-2021 Recommended Budget

## **GENERAL FUND**

The General Fund is the City's major operating fund. All revenues which, by law or for administrative control, are not in separate funds are deposited in the General Fund. The General Fund is used to provide: police and fire services; planning, engineering and building inspection; recreation and leisure programs; and overall City administration, including management, finance and treasury, clerk's office, human resources, and property maintenance.

This section presents budget results and financial comparisons for the General Fund. This includes:

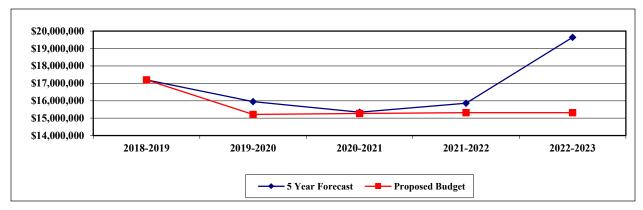

- 1. General Fund Overview Includes a summary of Revenues, Expenditures and Changes in Fund Balance, a comparison of recommended budget fund balance to the 5 year forecast, and a comparison of recommended budget fund balance to the City's fund balance policy.
- 2. General Fund Revenues Includes an overview, assumptions for major revenue sources, and revenue comparisons.
- 3. General Fund Expenditures Includes an overview and summary and detail expenditure comparisons. Detail expenditure explanations can be found in the individual department budgets following this section.

### **General Fund Overview**

Below is an overview of the budget for the General Fund. Details and assumptions concerning revenue and expenditures can be found later in this section.

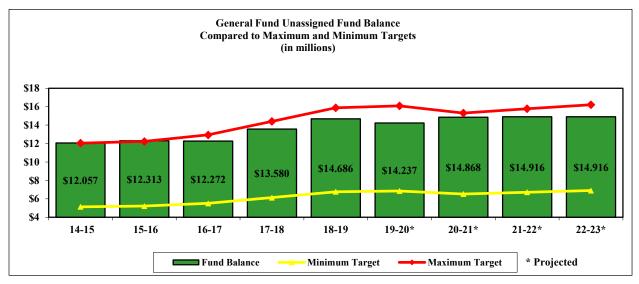

City of Birmingham, Michigan Statement of Revenues, Expenditures and Changes in Fund Balance General Fund										
Description	Actual <u>2018-2019</u>	Budget <u>2019-2020</u>	Projected 2019-2020	Recommended 2020-2021	Planned 2021-2022	Planned 2022-2023				
Revenues	\$36,813,657	\$37,756,720	\$37,530,170	\$ 38,329,950	\$ 39,484,990	\$40,519,440				
Expenditures	(36,923,653)	(40,231,523)	(39,513,630)	(38,277,660)	(39,437,630)	(40,519,440)				
Revenues over (under) Expenditures	(109,996)	(2,474,803)	(1,983,460)	52,290	47,360	-				
Beginning Fund Balance	17,306,655	17,196,659	17,196,659	15,213,199	15,265,489	15,312,849				
Ending Fund Balance	<u>\$17,196,659</u>	<u>\$14,721,856</u>	<u>\$15,213,199</u>	<u>\$ 15,265,489</u>	<u>\$ 15,312,849</u>	<u>\$15,312,849</u>				

The recommended budget increases fund balance slightly from the 2019-2020 projected fund balance. Below is a comparison of the recommended budget ending fund balance as compared to the 5 year forecast as presented at the Long Range Planning Meeting in January 2020:

The 2020-2021 recommended budget's fund balance is comparable to the 5 year forecast model. The 2021-2022 planning amount drops below the forecasted amount and then significantly drops below the forecast in 2022-2023. The reason for the significant difference by 2022-2023 is as follows: 1) \$500,000 in property taxes is proposed to be reallocated from the General Fund to the Water Fund for FY 2020-2021 through FY 2022-2023 (for a total of \$1.5M) to fund lead service line abatement; 2) Maple Road reconstruction costs in FY 2019-2020 were higher than anticipated (\$1.5M); and 3) South Old Woodward Avenue reconstruction (proposed to be moved to FY 2022-2023) is expected to be \$1M more for the sidewalks than forecasted. Accumulated, these 3 changes resulted in a change in fund balance of \$4M between the forecast and this budget document at 2022-2023.

The City's fund balance policy states that <u>unassigned fund balance</u> should be maintained between 17% and 40% of the total General Fund expenditure budget. Unassigned fund balance is different than total fund balance (above) because total fund balance includes funds which are restricted or assigned and cannot be used for general operating purposes. The recommended 2020-2021 budget maintains unassigned balance near 39% which is within the City's fund balance policy as shown below.

## **General Fund Revenues**

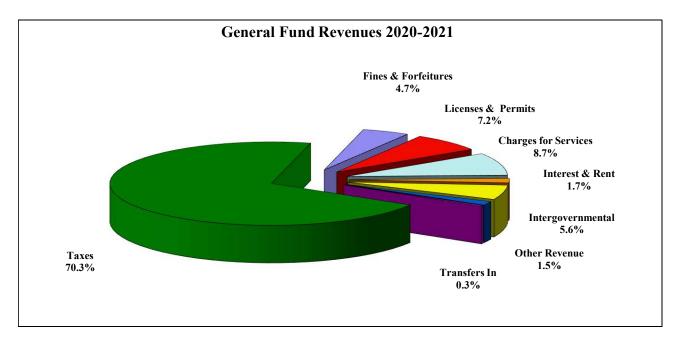

## <u>Revenue Overview</u>

General Fund revenues include all City operations, with the exception of City water, sewer, solidwaste disposal, golf course operations, parking system, street construction and maintenance programs directly funded from grants, debt administration, component units such as the Library and Principal Shopping District, and internal service programs such as computer and automobile equipment management.

Total 2020-2021 General Fund revenue is recommended to increase by \$573,230, or 1.5%, over 2019-2020 (less Draw from Fund Balance). A significant portion of the increase is the result of higher property tax revenue.

Description	Actual 2018-2019	Budget 2019-2020	Recommended 2020-2021	Planned 2021-2022	Planned 2022-2023
Draw Fund Balance	\$0	\$2,544,512	\$0	\$0	\$0
Taxes	25,074,208	26,114,630	26,948,810	28,131,330	29,041,280

Other Revenue	359,197	418,820	570,730	414,850	481,730
Transfers In	179,400	200,000	100,000	100,000	100,000
General Fund Total	\$36,813,657	\$40,301,232	\$38,329,950	\$39,484,990	\$40,519,440

The graph below represents the different revenue categories and percentage allocation in the General Fund:

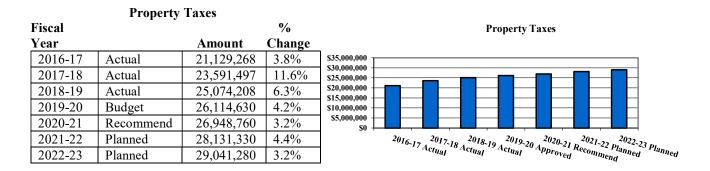

## **Revenue Definitions and Assumptions:**

## TAXES

This revenue source is based on taxable valuation of industrial, commercial, and residential real and personal property. Taxes are collected by the City Treasurer and are due on August 31, with the final collection date of February 28, before they are added to the county tax rolls.

For fiscal year 2020-2021, the City's property tax revenue represents 70.3% of General Fund revenues. Property tax revenues are projected to increase by approximately 3.2% from the prior fiscal year's budget. The increase is a result of an increase in taxable value as explained below. The City's recommended operating millage of 11.0433 mills, excluding refuse, library, and debt allocation for the Debt-Service Fund, is recommended to decrease from the prior year's operating millage. The operating millage provides funding for General Fund City operations, debt-service payments for the George W. Kuhn Drain bonds and the North Arm Drain bonds, water main replacement, and a significant contribution to the street funds.

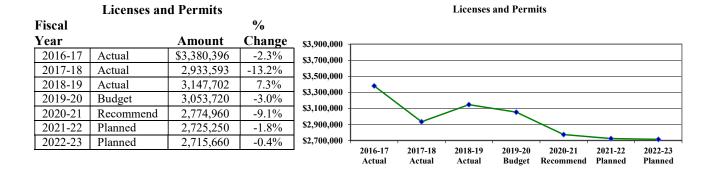

The 2020 taxable value is greater than the prior year based on the Headlee inflationary adjustment and investment in the residential and commercial real estate market. In 2018 and 2019, there was an increase of 6.3% and 5.8%, respectively, in taxable value. For fiscal years 2020-2021, 2021-2022, and 2022-2023, taxable values are expected to increase by 5.6%, 3.5%, and 3.0%, respectively, as a result of an anticipated recession due to the coronavirus.

## **LICENSES AND PERMITS**

Licenses and Permits include rental housing fees, telecommunications permit, cable franchise fees, and fees received primarily for new construction and building improvements to property. These fees represent electrical, building and plumbing permits, in addition to landlord licenses, board review fees, and associated inspection fees. This revenue category represents 7.2% of total budgeted General Fund revenues for fiscal year 2020-2021.

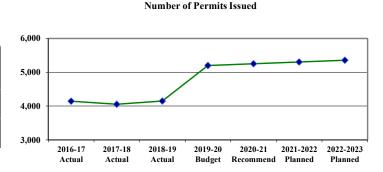

Revenues generated from licenses and permits are projected to decrease by \$278,760, or 9.1%, from the prior fiscal year's budget. This is primarily attributable to an anticipated decrease in building permit revenue of \$332,350, or 14.7%, as reinvestment in the City slows down.

#### Number of Permits Issued

•

Fiscal			%
Year		Amount	Change
2016-17	Actual	4,144	-1.8%
2017-18	Actual	4,056	-2.1%
2018-19	Actual	4,151	2.3%
2019-20	Budget	5,198	25.2%
2020-21	Recommend	5,250	1.0%
2021-22	Planned	5,303	1.0%
2022-23	Planned	5,356	1.0%

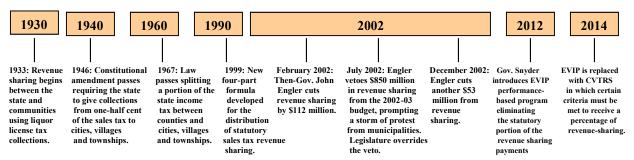

### **INTERGOVERNMENTAL REVENUE**

This source of revenue represents grants and shared revenues received from federal, state or county governments and represents 5.7% of General Fund revenues for fiscal year 2020-2021. This source also includes state sales tax, Liquor Control Commission payments, police liaison revenue, and Public Act 302 police-training funds. Federal grant funding is received from the Emergency Management Assistance Program. State-shared revenue is the largest category within intergovernmental revenues.

Intergovernmental revenues received from federal, state and county governments are projected to increase by \$7,980, or 0.4%, from the prior fiscal year's budget.

### **Revenue Sharing Time Line**

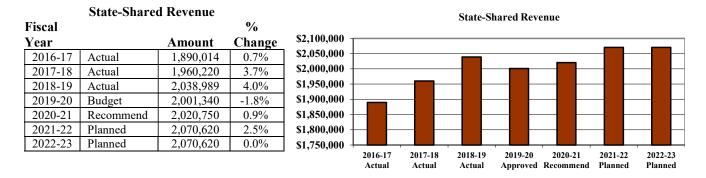

Revenue sharing has a long history in Michigan and constitutes a hefty percentage of many municipal budgets.

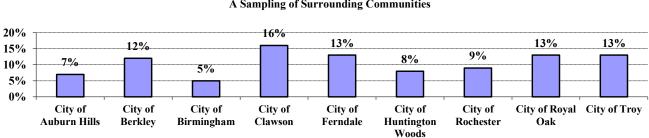

Source: Detroit Free Press dated 3/03/03 and then updated annually by City staff

The state-shared sales, liquor tax, and LCSA revenues represent 93% of the intergovernmental revenue source for the City of Birmingham. Revenue-sharing projections for fiscal year 2020-2021 are based upon estimates available from the Michigan Department of Treasury Office of Revenue and Tax Analysis and reflect the impact of recent legislation.

The State Revenue Sharing program distributes sales tax collected by the State of Michigan to local governments as unrestricted revenues authorized by the State Revenue Sharing Act, Public Act 140 of 1971. Funding consists of two major components: "constitutional" state sales tax and a program called "City, Village, and Township Revenue Sharing" (CVTRS). The "constitutional" sales tax depends on the level of state sales tax collections and is distributed on a per capita basis. The CVTRS payment is distributed based on meeting certain criteria established by the State. The City anticipates meeting all of the criteria. Therefore, the City's budget includes the CVTRS payment in its revenue sharing projections. The state-shared revenue portion of the intergovernmental revenue category is shown in the following charts:

The following chart is a representative sampling of surrounding Oakland County communities and the percent of their general operations funded by state revenue sharing in comparison to the City of Birmingham.

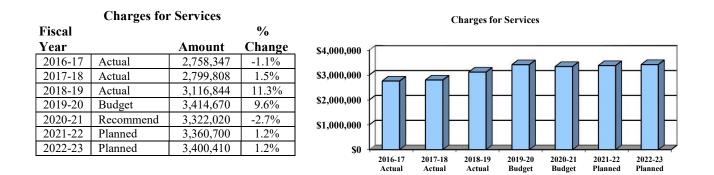

Percentage of State Revenue Sharing Funding --A Sampling of Surrounding Communities

### **CHARGES FOR SERVICES**

This revenue category accounts for the various fees charged for City services and recreational programs. This source represents 8.7% of General Fund revenues.

In 2020-2021, charges for services are expected to decrease overall by 2.7%, or \$92,650, from the prior fiscal year's budget. A portion of this decrease is due to interdepartmental service charges as personnel changes result in lower charge-out rates leading to a decrease in labor cost to the Major Street Fund, Local Street Fund, the Sewage Fund, the Water Fund, Golf Course Funds, and the Automobile Parking System Fund.

### **FINES AND FORFEITURES**

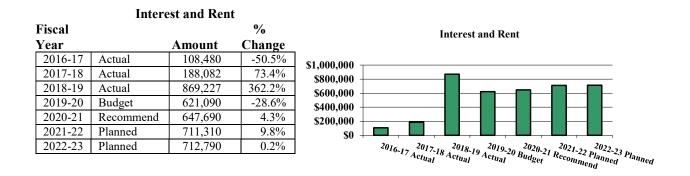

This revenue source represents 4.7% of General Fund revenues and is primarily the City's share of fines and fees collected by the 48<sup>th</sup> District Court. In addition, fines received from parking violations and false alarm charges are recorded under this category. For 2020-2021, total fines and forfeitures are estimated to increase by \$22,970, or 1.3%, from the 2019-2020 fiscal year budget primarily as a result of an expected increase in district court revenue.

Fines and Forfeitures				Fines and Forfeitures							
Fiscal			%								
Year		Amount	Change	\$2,000,000	_						
2016-17	Actual	1,603,223	8.7%	\$1,500,000							
2017-18	Actual	1,809,466	12.9%	\$1,000,000							
2018-19	Actual	1,725,867	-4.6%	\$500,000							
2019-20	Budget	1,776,140	2.9%	\$300,000							
2020-21	Recommend	1,799,110	1.3%	30	2016-17	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23
2021-22	Planned	1,823,710	1.4%		Actual	Actual	Actual	Budget	Recommend	Planned	Planned
2022-23	Planned	1,848,800	1.4%								

## **INTEREST AND RENT**

The majority of this revenue source represents investment income generated from the City's generalinvestment portfolio allocated to the General Fund. Interest and rent represents 1.7% of General Fund revenues.

For 2020-2021, total interest and rent is estimated to increase by \$26,600, or 4.3%, from the 2019-2020 fiscal year budget as a result of an increase in the rate of return on investments.

## **OTHER REVENUE**

This category represents 1.5% of General Fund revenues and includes revenue which cannot be classified in other categories. Examples of such revenues include special assessment revenue, City auction revenue, police miscellaneous fees, penalties on invoices, and one-time revenue sources. Other revenue is estimated to increase by \$152,910 from the prior fiscal year's budget due to anticipated sidewalk special assessment revenue.

## TRANSFERS IN

The transfer in from Lincoln Hills Golf Course of \$100,000 represents a partial repayment of a series of loans from the General Fund to the golf course for clubhouse renovation and deficits incurred during the economic downturn. In 2021-2022 and 2022-2023, the transfer from Lincoln Hills Golf Course is planned to be \$100,000.

## **DRAW FROM FUND BALANCE**

The City, under state law, is required to adopt a balanced budget, in which total estimated expenditures including any accrued deficit will not exceed estimated revenues including a draw from fund balance. The draw from fund balance represents the available prior year's ending fund balance needed to balance the budget when expenditures exceed revenues. For fiscal year 2020-2021, the City's budgeted expenditures are less than budgeted revenues, and therefore, a draw from fund balance is not necessary. For fiscal years 2021-2022 and 2022-23, there is no planned use of fund balance.

## **General Fund Expenditures**

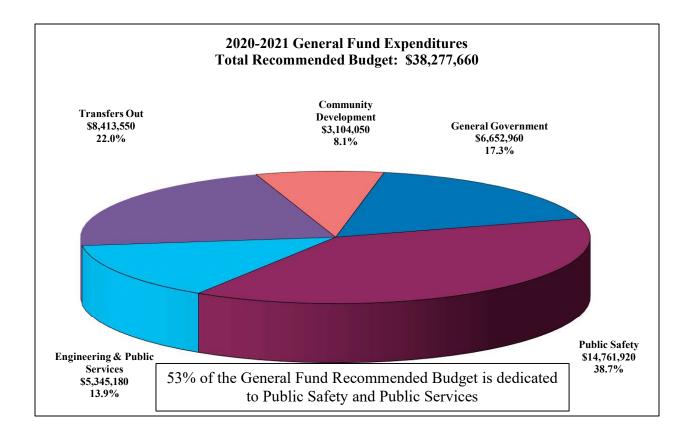

## Expenditure Overview

General Fund expenditures are budgeted on a budgetary center basis (or functional basis). The different budgetary centers include: General Government which includes the City's administrative services such as city commission, city manager, accounting and treasury functions, legal, human resources, assessing, city clerk, city hall maintenance, and the museum; Public Safety which includes police, dispatch and fire departments; Community Development which includes planning and building departments; Engineering and Public Services which includes engineering, public service administration, parks, ice arena, city property maintenance, and community activities; and Transfers Out which include transfers to other funds and expenditures related to the City's share of the 48<sup>th</sup> District Court.

	General Fu	ind Expendit	ures by Budg	etary Center		
				Manager		
	Actual	Budget	Projected	Recommended	Planned	Planned
	2018-2019	<u>2019-2020</u>	<u>2019-2020</u>	2020-2021	2021-2022	2022-2023
General Government	\$ 5,303,209	\$ 6,081,847	\$ 5,990,530	\$ 6,652,960	\$ 6,702,330	\$ 7,114,410
Public Safety	13,408,527	14,410,218	14,232,760	14,761,920	15,001,320	15,085,460
Engineering & Public Services	6,247,697	8,593,744	8,222,830	5,345,180	5,658,190	7,680,310
Community Development	2,994,265	3,345,835	3,267,630	3,104,050	3,082,970	3,091,580
Transfers Out	8,969,955	7,799,879	7,799,880	8,413,550	8,992,820	7,547,680
Total	\$36,923,653	\$40,231,523	\$39,513,630	\$ 38,277,660	\$ 39,437,630	\$40,519,440

Below is a summary of those costs for the recommended budget:

The recommended budget is proposed to decrease \$2M, or 4.9%, from the 2019-2020 amended budget. The decrease is mainly attributable to a decrease in Engineering & Public Services of \$3.3M which was partially offset by an increase in Transfers Out of \$.6M and an increase in General Government of \$.6M. Engineering & Public Services decreased as a result of sidewalk (\$2.8M) and alley improvements (\$.4M) budgeted in 2019-2020. Transfers Out increased due to higher transfers to the Local Street Fund and Capital Projects Fund of \$1M each and lower transfers to the Major Street Fund of \$.7M and Water Fund of \$.5M. General Government increased mainly as a result of the wage adjustment expense account (\$290,000), repairs at the Allen House (\$70,000), legal retainer (\$50,000), and communication costs (\$50,000). These details will be discussed in depth in the individual department budgets.

Another way to look at expenditures is by object which includes: Personnel Services, Supplies, Other Charges, Capital Outlay, and Transfers Out. Below is a summary of the recommended budget by object:

	(	General Fund	Expenditures	s by Object		
				Manager		
	Actual	Budget	Projected	Recommended	Planned	Planned
	2018-2019	2019-2020	<u>2019-2020</u>	2020-2021	2021-2022	2022-2023
Personnel Services	\$19,381,790	\$21,120,404	\$20,722,690	\$ 21,344,530	\$ 21,850,350	\$22,305,480
Supplies	771,411	802,719	791,360	1,031,290	985,250	972,920
Other Charges	5,564,140	6,295,571	6,536,760	6,701,190	6,653,210	6,750,530
Capital Outlay	2,236,357	4,212,950	3,662,940	787,100	956,000	2,942,830
Transfers Out	8,969,955	7,799,879	7,799,880	8,413,550	8,992,820	7,547,680
Total	\$36,923,653	\$40,231,523	\$39,513,630	<u>\$ 38,277,660</u>	\$ 39,437,630	\$40,519,440

Personnel Services is recommended to slightly increase \$.2M, or 1.1%, as a result of a decrease in health care costs of approximately \$380,000 charged to the fund.

Supplies are recommended to increase \$.2M, or 28.5%, primarily the result of reclassifying fire equipment that was budgeted in capital outlay in the prior year to supplies (\$85,500),

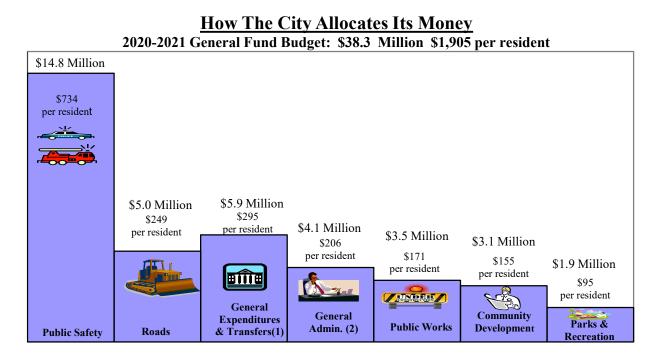

reclassifying park benches and trash cans that was previously recorded in the Capital Projects Fund to the General Fund (\$40,000), and an increase in ammunition expense (\$44,000).

Other Charges is recommended to increase \$.4M, or 6.4%, due to an increase in contracted building inspection costs (\$110,000), contracted site plan evaluations (\$100,000), window restoration at the Allen House (\$60,000), communication consultants (\$50,000), and legal retainer (\$50,000)

Capital Outlay is recommended to decrease \$3.4M, or 81.3%, as a result of sidewalk improvements (\$2.7M) and alleys (.4M) budgeted in 2019-2020.

Transfers Out is recommended to increase \$.6M, or 7.8%, which is attributable to higher transfers to the Local Street Fund and Capital Projects Fund of \$1M each and lower transfers to the Major Street Fund of \$.7M and Water Fund of \$.5M.

Below is a graph of how the General Fund is allocated on a per resident basis:

(1) Includes maintenance of City Hall/Library, operations of Birmingham Historical Museum, General Administration expenditures such as property and liability insurance and City streetlights, 48<sup>th</sup> District Court expenditures, transfers to other funds excluding roads. (2) Includes expenditures for City Commission, City Manager, Elections, Legal, Assessing, Clerk, Human Resources, Finance and Treasury.

# **DEPARTMENT SUMMARY**

# **City Commission**

The City Commission serves as the City's legislative body, consisting of seven Commissioners, one of whom serves as Mayor. The Commissioners represent the citizens of Birmingham and formulate and enable policy as the legislative and policy-making body of the municipal government. They are elected at large for four-year terms at non-partisan elections held in November of each odd-numbered year. The Mayor and Mayor Pro-Tem are elected from among their fellow Commissioners for a one-year term. The City Commission operates as a Home Rule Charter City, with a Council-Manager form of government.

As the City's legislative body, the City Commission is empowered to pass ordinances and adopt resolutions as it deems necessary to carry out the responsibilities of the City, consistent with the City Charter and state law. The City Commission also acts on recommendations from the various City boards and commissions.

The City Commission appoints the City Manager, who is responsible to the City Commission for carrying out the day-to-day operations of the City, consistent with policy set by the City Commission. The City Commission also appoints the City Clerk; however, the City Clerk reports to, and takes direction from, the City Manager.

Electricity used at Municipal Building (kWh per degree day)*	80.00	80.00	81.00	81.00	81.00
Natural gas used at Municipal Building (Mcf per degree day)*	0.1780	0.1720	0.1750	0.1750	0.1720
Cost savings from alternative purchasing program for natural gas	\$15,000	\$15,000	\$15,000	\$15,000	TBD

\*Degree day is a quantitative index demonstrated to reflect demand for energy to heat or cool houses and businesses. A mean daily temperature (average of the daily maximum and minimum temperatures) of 65 degrees Fahrenheit is the base for both heating and cooling degree computations. Heating degree days are summations of negative differences between the mean daily temperature and the 76 degrees Fahrenheit base; cooling degree days are summations of positive differences from the same base. (Source: National Weather Service www.cpc.ncep.noaa.gov)

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **DEPARTMENT SUMMARY**

# **City Property Maintenance - Library**

The Library Maintenance activity provides for the annual maintenance of the Library's heating, ventilation and air-conditioning systems. Structural repairs and improvements are provided for under the provisions of the Birmingham City Charter.

The Baldwin Library consists of the original (1930s) building of approximately 14,000 square feet, an addition (1960s) of approximately 4,000 square feet, and an addition (1981) of approximately 19,000 square feet, for a total gross area of approximately 37,000 square feet.

Input with respect to infrastructure improvements, mechanical improvements and preventativemaintenance needs is received from the Library's staff, City Hall maintenance and contractors.

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **DEPARTMENT SUMMARY**

# **City Clerk**

The City Clerk is appointed by the City Commission and is under the general direction of the City Manager. Duties of the office are defined by the City Charter, state and federal law, as well as City ordinances and policies. As the official custodian of City records, the City Clerk is entrusted with maintaining all books, bonds, records, papers and documents constituting the official record of the City, as well as the city seal.

#### Services Provided

- Serves as Clerk of the Commission and is responsible for keeping a public record of all proceedings of the Commission, including the certification of all ordinances and resolutions.
- Prepares the agenda packets and minutes for Commission meetings and provides notice as required by law for public hearings.
- Coordination of the appointment process and maintenance of membership data for city boards and committees.
- Administrative support to the Greenwood Cemetery Advisory Board, the Board of Ethics and the Museum Board.
- Michigan's Freedom of Information Act (FOIA) requests are processed by the City Clerk, who is the FOIA Coordinator for the city.

- Administers permits for new businesses, special events, child care facilities, hotels, valet services, outdoor dining spaces, estate sales, vendors/peddlers/solicitors, and pets.
- Passport Acceptance Agency for new passports and for renewal of passports for minors.
- Produces the annual Celebrate Birmingham Parade and the party in Shain Park afterward. Celebrate Birmingham is held the Sunday following Mother's Day each year.

# **DEPARTMENT SUMMARY**

The primary responsibility of the Finance Department is to maintain the City's financial records in accordance with the City Charter, state law and generally accepted accounting principles (GAAP). This Department includes the activities of finance and treasury. These activities are responsible for: accounting; budgeting; cash management and investments; billing and collection; debt and pension system administration; and purchasing.

#### Services Provided by Finance

- Annual budget document prepared and published based on information submitted from all City departments, budget amendments are made as needed.
- Periodic financial and budget reports are prepared and submitted to the City Commission.
- Five year forecast document prepared and published based on information submitted from all City departments.
- Debt Administration.
- Purchasing Activities, including but not limited to purchase orders and invoice payment preparation.
- Accounting systems established for new funds, grants, projects, or other needs.
- Detailed records of all property and equipment are kept and reconciled with an annual physical inventory.
- Approximately 150 support schedules prepared in conjunction with the City's annual audit.
- A comprehensive annual financial report prepared in conjunction with the annual audit.
- Payroll processing for all City employees.

#### Services Provided by Treasury

- Collection of City, county, school and state education taxes.
- Process parking violation notices, payments and collections.
- Oversee investment activities
- Prepares annual tax settlement
- Collects City receivables
- Conducts daily banking
- Process bills for snow, weed, utility and miscellaneous City invoices
- Serves as Secretary and Treasurer to the Retirement Board and the Retiree Health Care Fund Investment Committee.
- Administers the Birmingham Employees' Retirement System.
- Special Assessment rolls and billings
- Notification and forms for property transfer affidavits
- Maintenance of property identification and sidwell numbers for the City's system and internal use.
- Provide the county with the building permit, name, address and legal description information on all real and personal property parcels for file maintenance purposes by Oakland County. Additionally, this activity provides assistance to residents reviewing their property data online from terminals that have been provided.

- 1. 824.01 Collection Agency Fees The decrease of \$2,000, or 28.6%, shows the return to normal budget amounts.
- 2. 942.00 Computer Equipment Rental The increase of \$3,150 reflects an overall 7.0% increase in equipment rental charges.
- **3. 965.00 Direct Credit** This amount represents the portion of the Treasury secretary and Treasury consultant's salary charged to the retirement system.

### Significant Notes to 2021-2022 Planned Amounts

- 1. 702.00 Salaries & Wages Direct The decrease of \$34,200, or 9.4%, is the result of eliminating the transitional Deputy Treasurer position.
- 2. 706.00 Labor Burden The decrease of \$19,200, or 6.0%, is the result of a decrease in benefits cost associated with the transitional Deputy Treasurer position.
- **3. 942.00 Computer Equipment Rental** The increase of \$3,370 reflects an overall 7.0% increase in the equipment rental charges.

### Significant Notes to 2022-2023 Planned Amounts

1. 942.00 Computer Equipment Rental – The increase of \$3,610 reflects an overall 7.0% increase in the equipment rental charges.

GOAL:To provide for the efficient billing, receipt, custody and investment of City funds promptly and courteously<br/>through sound and prudent policies that comply with all local, state and federal requirements. (Long-Term<br/>Municipal Goal 1a, 2a)

**OBJECTIVE:** To: 1) provide staff training as required; 2) enhance department communications; and 3) review and amend existing policies, procedures, ordinances and programs related to all Treasury functions in order to provide better service and to increase efficiency.

<u>MEASURES</u>	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023

**3. 820.02 Oakland County Contract** – The increase of \$6,850, or 3.0%, is the estimated increase for the contract between the City and the County.

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **DEPARTMENT SUMMARY**

# Police

The Birmingham Police Department is comprised of 87 full time, part time and voluntary members that are responsible for maintaining public order and safety, enforcing the law, preventing crime, reducing the fear of crime, responding to emergencies and providing support services to improve the quality of life for citizens.

The chief of police is the designated leader of the department. Under the chief's direction, the department is organized into three divisions:

- Operations
- Services
- Investigations

#### Operations

The Operations Division is supervised by a commander and consists of four uniformed patrol platoons and the dispatch center. The four uniformed patrol platoons operate on a twelve-hour shift format. Each platoon is comprised of (1) lieutenant, (1) sergeant and (4) officers. The uniformed patrol platoons are the primary means for:

- Responding to calls for service
- Crime prevention
- Traffic enforcement and investigation
- Conducting preliminary criminal investigations
- Providing support services

Two full time dispatchers are assigned to each of the four uniformed patrol platoons. Four parttime dispatchers working eight-hour shifts fill in to cover vacation and and training days. The department strives to provide as much two-person coverage on the desk as possible.

Uniformed patrol officers provide community policing services by engaging in the following activities:

- Foot, bicycle and motorcycle patrols
- Speaking engagements to citizen groups (residents, businesses and schoolchildren). Topics include traffic matters, drug abuse, baby-sitter safety, crime prevention and other topics.
- Attending block parties and other neighborhood activities to interact with the community.
- Community resource officer conducts presentations on personal safety, building safety and active shooter response training
- Neighborhood traffic and parking complaint program management
- Certified K-9 therapy dog, Bella who assists individuals under stress, victims of crime, special needs individuals and serves the public as an ambassador of good will.

The department operates an adopt-a-senior program consisting of officers and dispatchers who volunteer time to assist resident seniors with a variety of services including lawn mowing, snow shoveling, shopping and errands.

The department is also supported by a (17) member volunteer police auxiliary unit. Auxiliary police officers serve at high school athletic activities and at special events such as the Woodward Dream Cruise, Village Fair and parades. Auxiliary officers also ride with regular officers on patrol.

#### Investigations

The Investigations Division is supervised by a commander and consists of two detective sergeants and three officers. One of the detective sergeants is a general case detective and the other detective sergeant is the department's school liaison officer. The other three officers are assigned to outside agencies as part of inter-local agreements (Oakland County Narcotics Enforcement Team (NET), Special Investigations Unit (SIU) and the Federal Bureau of Investigation (FBI).

The Investigations Division is responsible for all criminal, narcotic and liquor investigations. All liquor license applications, employee background checks, educational seminars and decoy operations to promote awareness and compliance regarding alcohol and marijuana laws are assigned to this division.

#### Services

The Services Division is supervised by a commander and a services coordinator. The division is responsible for the preparation and administration of the department's budget, purchasing, record keeping, equipment maintenance, traffic counts, Freedom of Information Act (FOIA) requests, new technology and fixed assets. The police/fire/emergency-medical-service dispatch facility equipment, property and evidence management, parking-meter maintenance, school-crossing guards and all clerical operations also fall within its responsibilities.

#### **Current Projects**

The police department activated several projects in 2019 that were initiated in 2018. These projects included:

- Assisting Birmingham Public Schools in training all of their staff and students in the A.L.I.C.E. (Alert, Lock Down, Inform, Counter, Evacuate) active shooter response-training program.
- Community resource officer offering specialized programs/education in personal safety (selfdefense classes), building safety (home/business security assessments) and active shooter response training (religious institutions, businesses and schools).
- Neighborhood traffic complaint response program that involves having an officer make direct contact with residents concerned about speeding or other traffic concerns on residential streets to provide education and options for enforcement and resolution.
- K-9 therapy dog now available for crisis/stress related duties as needed. K-9 therapy dog also appeared at numerous City events (Celebrate Birmingham Parade, Halloween Parade, Woodward Dream Cruise, City Commission meetings, school events, downtown foot patrols, Birmingham Museum Event)

The police department is in the process of planning several new projects in 2020 that include:

- Placing all departmental policies and procedures into an electronic format.
- Implementing a new electronic records management system (Power DMS)
- Begin a two-year project for department accreditation through the Michigan Association of Chiefs of Police (MACP).
- Plan/organize at least one active shooter response tabletop exercise with command officers from both the police department and the fire department.

#### **Multi-Jurisdictional Task Forces**

The department has a strong presence in a number of multi-jurisdictional task forces supported by inter-local agreements. These cooperative efforts are significant in increasing efficiency and providing fiscally responsible delivery of services. The department has the following associations:

- 1. Special Investigations Unit (SIU): Made up of five area departments. Undercover officers target known/unknown offenders that commit crimes including burglary, larceny, larceny from auto, fraud, robbery, assault and battery and other serious crimes.
- 2. Oakland County Narcotics Enforcement Team (NET): Made up of fourteen local/county departments. Undercover officers target local and cross-jurisdictional drug sales and operations.
- 3. Major Case Assistance Team (MCAT): Consists of nine local agencies and the FBI. Highly trained investigators assist member departments with large-scale major investigations including homicide, rape and other serious felonies.
- 4. Oakland County Law Enforcement Tactical Response Coordination Group (OakTAC): Made up of thirty-nine member agencies that assist with large-scale demonstrations or civil unrest situations. Also assists with active shooter response (ASR) training.
- 5. Consolidated 9-1-1 Public Safety Answering Point (PSAP) with the Beverly Hills Public Safety Department: Shared police/fire/EMS/dispatch operations.
- 6. South Oakland County Crash Investigation Team (SOCCIT): Made up of four local agencies that investigate automobile crashes involving serious injuries or fatalities.
- 7. Federal Bureau of Investigation Financial Crimes Task Force (FBI): Made up of three local/state agencies and the FBI. Our task force officer works in conjunction with the FBI to investigate local identity theft/fraud investigations.

			125				

- 1. 733.00 Photographic Expense The decrease of \$2,100, or 45.7%, shows the return to normal budget levels.
- 2. 734.00 Ammunition & Weapons The increase of \$44,020, or 166.0%, is the result of planned purchases of replacement long guns.
- **3. 743.00 Uniform Allowance –** The increase of \$13,930, or 27.1%, reflects the purchase of new hire body armor, badges, and other equipment.
- 4. 811.00 Other Contractual Service The increase of \$17,450, or 37.7%, is entirely related to the outsourcing of stray animal housing to Bloomfield Township.
- **5. 933.02 Equipment Maintenance** The increase of \$6,420, or 32.4%, is based on cost of repairs relating to the Pelco Camera System.
- 6. 933.04 Radio & Vehicle Maint. The decrease of \$13,710, or 22.8%, pertains to scheduled purchases pushed to future years.
- 7. 942.00 Computer Equipment Rental The increase of \$8,300 reflects an overall 7.0% increase in rental charges.
- 8. 971.01 Machinery & Equipment The budget amount of \$72,000 is primarily due to the purchase of portable radios for the auxiliary officers and spare units.

### Significant Notes to 2021-2022 Planned Amounts

- 1. 731.00 Lien/Clemis Expense The increase of \$21,000, or 523.7%, represents the purchase of a replacement finger print machine.
- 2. 734.00 Ammunition & Weapons The decrease of \$38,410, or 54.5% reflects the reduction from the purchase of long guns made in the prior year.
- **3. 743.00 Uniform Allowance** The decrease of \$12,390, or 19.0%, is related to fewer bulletproof vests to be purchased in this year.
- 4. 901.00 Printing & Publishing The decrease of \$2,150, or 21.5%, shows the difference in residential parking permits purchased on a biennial basis.
- **5.** 933.04 Radio & Vehicle Maint. The increase of \$17,360, or 37.3%, is based on purchases of radio mics, holsters, and repair costs.

6. 942.00 Computer Equipment Rental – The increase of \$8,880 reflects an overall 7.0% increase in rental charges.

### Significant Notes to 2022-2023 Planned Amounts

- 1. 731.000 Lein/Clemis Expense The decrease of \$20,900, or 83.6%, is a return to normal budgeting amounts.
- 2. 743.00 Uniform Allowance The increase of \$16,830, or 31.8%, is related to the purchase of uniforms and equipment for newly hired employees.
- **3. 901.00 Printing & Publishing –** The increase of \$2,150, or 27.4%, shows the difference in residential parking permits purchased on a biennial basis.
- 4. 933.04 Radio & Vehicle Maint. The decrease of \$13,570, or 21.3%, shows the reduction of radio mics and holsters purchased in the prior year.
- **5. 942.00 Computer Equipment Rental** The increase of \$9,500 reflects an overall 7.0% increase in rental charges.

Notes and Adjustments to Department-Requested Amounts from Prior Year's Budget

- 1. 706.00 Labor Burden The decrease of \$22,570, or 3.6%, is primarily the result of a decrease in hospitalization costs (\$17,730) and pension costs (\$3,370) as recommended by the City's actuary.
- 2. 942.00 Computer Equipment Rental The increase of \$310, or 7.0%, represents an overall 7.0% increase of equipment rental charges.

Significant Notes to 2021-2022 Planned Amounts

1. 942.00 Computer Equipment Rental – The increase of \$330, or 7.0%, represents an overall 7.0% increase of equipment rental charges.

Significant Notes to 2022-2023 Planned Amounts

- 1. 933.02 Equipment Maintenance The increase of \$16,750, or 108.1%, relates to the maintenance contract for Motorola ECW county wide 9-1-1 system service.
- 2. 942.00 Computer Equipment Rental The increase of \$360, or 7.0%, represents an overall 7.0% increase of rental equipment charges.
- **3. 971.01 Machinery & Equipment** The budget amount of \$22,830 relates to the purchase of Motorola ECW county wide 9-1-1 system update.

**GOAL:** Consistent with the long-term municipal goals of supporting the vitality of both the residential and business communities as well as cultivating a safe, healthy and dynamic City, we will provide police presence through community-policing efforts. *(Long-Term Municipal Goals 1a, 1b, 2a, 2b, 3a, 3b, 4a, 4b)* 

**OBJECTIVE:** To: 1) provide bike and motorcycle patrols throughout the City; 2) provide foot patrols in the Central Business District and in parks; 3) provide speakers to schools, churches and civic groups; 4) provide high school and citizen "ride alongs" with patrol units; 5) host college student interns.

MEASURES	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **DEPARTMENT SUMMARY**

# Fire

The primary responsibility for the Fire Department is to provide emergency fire suppression, fire prevention, emergency medical services, and emergency preparedness services as stated in the City Charter. The Fire Department will respond to an estimated 2,800 emergencies throughout the City in the fiscal year 2020-2021.

Services Provided by the Fire Department

- Fire Suppression
- Fire prevention bureau inspects all commercial and industrial occupancies, schools, and multi-family dwellings
- Building plans for new construction and additions are reviewed by the Fire Marshal

- Enforcement of the International Fire Code (IFC) 2015 edition
- Fire education to schools and citizens
- Annual Fire Department open house
- Providing Advanced Life Support (ALS) emergency medical services to Birmingham's citizens and visitors
- Fiscal year 2018-2019 income from EMS transports was \$395,441
- Provide monthly cardiopulmonary resuscitation (CPR) training for Family and Friends
- Provide American Heart Association Heart Saver Card course quarterly
- Provide free blood pressure checks weekdays from 1:00 p.m. to 3:00 p.m.
- Department teaches proper infant car seat installation and inspection to Birmingham residents
- Administer flu shots for City employees and tuberculosis testing for Fire Department personnel
- Annual inspection and flow testing of half of the of the City's 861 hydrants
- Inspections of hydrants through the winter months to ensure they are not frozen
- The department will total approximately 3,000 visits every year to the fire hydrants in Birmingham
- The City currently has an Insurance Services Office (ISO) rating of 3. The Fire Department is looking to lower the rating to a 2 in the next few years
- The Department maintains 3 Class A fire engines, 2 ALS rescues, 1 BLS rescue, 1 mini-pumper (Squad 1), 1 100-ft. ladder truck, 1 26-ft. technical rescue trailer, 1 utility truck, and 1 OAKWAY hazardous material truck
- The Fire Department maintains two fire stations: Station 1 (Adams Station) at 572 S. Adams and Station 2 (Chesterfield Station) at 1600 W. Maple
- The Birmingham Fire Department is part of the OAKWAY Mutual Aid Box Alarm System (MABAS) Inter-local Agreement, which includes Bloomfield Township, Farmington Hills, Ferndale, Madison Heights, Rochester Hills, Royal Oak, Southfield, Waterford Regional (Waterford Township/Pontiac) and West Bloomfield Township fire departments
- Birmingham has members on the OAKWAY hazardous materials team and technical rescue team
- The Department's programs will continue to be modified, as needed, in order to maintain the most cost-effective operation for the community

## Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 702.0001 Salaries & Wages Direct The increase of \$142,150, or 4.8%, is primarily a result of a new fire fighter position, a transitional Fire Marshal position and scheduled wage increases for employees under union contract.
- 2. 738.00 Public Fire Education The increase of \$1,570, or 18.2%, is primarily the added cost of fire prevention materials (\$270) and a tablet for the Fire Inspector (\$1,200) for pre-incident planning, etc.
- **3. 741.00 Medical Supplies** The increase of \$3,000, or 9.1%, is due to the increase in medical runs and the increase in supply costs.
- 4. 743.00 Uniform Allowance The increase of \$900, or 5.7%, is a result of the purchase of uniforms for a new hire and rising costs for uniform purchases.
- **5. 744.00 Cleaning Allowance** The increase of \$500, or 7.6%, reflects the additional personnel hired for this department.
- 6. 799.00 Equipment Under \$5,000 The budget amount of \$85,500 is entirely related to transfers of individual smaller dollar amount items from account 971.01 Machinery & Equipment.
- 7. 811.00 Other Contractual Service The increase of \$11,980 or 35.5%, is due to a new lawn maintenance contract for Station 2 and new equipment for the rescue teams.
- **8. 922.00 Water Utility** The decrease of \$3,750, or 18.8%, represents the return to normal budget levels.
- **9. 930.05 Building Maintenance** The increase of \$2,000, or 10.0%, pertains to the growing repair/maintenance needs for the aged Station 1 building.
- **10. 941.00 Equipment Rental or Lease** The increase of \$17,300, or 10.7%, reflects an increase in the internal transfer to the vehicle replacement fund.
- **11. 942.00 Computer Equipment Rental –** The increase of \$3,260 reflects an overall 7.0% increase in rental charges.
- 12. 955.03 Membership & Dues The increase of \$1,100, or 26.2%, is a result of memberships & dues needed for additional staff.
- 13. 971.01 Machinery & Equipment The decrease of \$109,890, or 76.6%, is primarily from moving individual smaller dollar amount items to account 799.00 Equipment Under \$5,000.

**14. 977.00 Buildings** – The budget amount of \$110,000 is a result of the replacement of the generator and apparatus bay roof at Station 1.

# Significant Notes to 2021-2022 Planned Amounts

- 1. 738.00 Public Fire Education The decrease of \$1,200, or 11.7% reflects the tablet budgeted in 2020-2021.
- 2. 741.00 Medical Supplies The increase of \$2,000, or 5.6%, is a result of increased supply cost for the EMS runs.
- **3. 743.00 Uniform Allowance** The increase of \$900, or 5.3%, is primarily from new hire uniform and equipment needs.
- 4. **799.00 Equipment Under \$5,000** The decrease of \$7,000, or 8.2%, reflects the return to normal budget levels.
- **5. 811.00 Other Contractual Services** The increase of \$3,090, or 6.8%, is primarily due to the increase in Lucas Contracts from new equipment purchases.
- 6. 941.00 Equipment Rental or Lease The increase of \$18,000, or 10.1%, reflects an increase in the internal transfer to the vehicle replacement fund.
- 7. 942.00 Computer Equipment Rental The increase of \$3,490 reflects an overall 7.0% increase in rental charges.
- **8.** 971.01 Machinery & Equipment The increase of \$147,400, or 438.7%, is a result of the purchase and implementation of a new Oakland County wide radio system.

## Significant Notes to 2022-2023 Planned Amounts

- 1. **799.00 Equipment Under \$5,000** The decrease of \$13,800, or 17.6%, is due to purchases of bulletproof vests, helmets, treadmill, and Lifepak AED's from the prior year.
- 2. 941.00 Equipment Rental or Lease The increase of \$20,000, or 10.2% is an increase in the internal transfer to the vehicle replacement fund.

- **3. 942.00 Computer Equipment Rental –** The increase of \$3,740 reflects an overall 7.0% increase in rental charges.
- 4. 971.01 Machinery & Equipment The budget of \$60,000 is for the purchase of a self-contained breathing apparatus.

GOAL: To ensure all fire hydrants perform as expected. Report any deficient areas to the Department of Public Services (DPS). (Long-Term Municipal Goals 1a,5)

**OBJECTIVE:** To inspect each hydrant annually. Conduct winter checks. Flow test one-half of all the hydrants each year. Update any changes in the existing flow records.

<u>MEASURES</u>	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023
Number of hydrants maintained	861	861	862	863	864
Number of hydrants flow tested	437	424	437	425	437
Number of hydrants reported to DPS for repair	5	5	5	5	5
Percent repaired	100%	100%	100%	100%	100%

#### **GOAL:** To maintain standards set forth by the Oakland County Medical Control Board for optimal medical response. (Long-Term Municipal Goals 1b, 2a,2b)

**OBJECTIVE:** To provide medical response times not to exceed four minutes from receipt of call to time on scene for 90% of emergency medical calls for the year. \*An increase in response time occurred due to Station 2 construction and all units responding from Station 1. Station 2 opened on October 8<sup>th</sup>, 2018.

MEASURES	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023
Average response time	3:09*	2:50	2:50	2:50	2:50
Percent of emergency call responses under four minutes	95%	95%	95%	96%	96%

**GOAL:** To provide appropriate fire training that meets or exceeds Michigan State Firefighters Training Council (MSFTC) or National Fire Protection Association (NFPA) standards. To enhance live video conferencing with other agencies and keep training at a high level while reducing overtime expenses. *(Long-Term Municipal Goals 1b, 2a)* 

**OBJECTIVE:** To maintain all fire training, certificates, and standards for fire personnel during the year

<u>MEASURES</u>	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023
Number of personnel participating in monthly training sessions	33	33	33	33	33
Number of personnel participating in apparatus- driver training	30	30	30	30	30
Number of personnel participating in hazardous- material training	30	30	30	30	30
Number of personnel participating in incident- command training	33	33	33	33	33
Number of personnel participating in mandated Michigan Occupational Safety and Health Act (MIOSHA) training	33	33	33	33	33
Percentage of employees participating in training during the year	100%	100%	100%	100%	100%

GOAL:To provide CPR and AED training to the general public that meets the American Heart Association courseGOAL:requirements of Family and Friends, Heart-Saver Standards, and the Oakland County Medical Control Board<br/>Letter of Compliance. (Long-Term Municipal Goals 1a, 1b, 2b)

**OBJECTIVE:** To maintain the number of individuals trained by the Birmingham Fire Department paramedics in CPR and AED deployment.

<u>MEASURES</u>	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023
CPR and AED students	170	175	180	185	190
Percentage of students completing the training	100%	100%	100%	100%	100%

GOAL:	To assist City of Birmingham residents in monitoring their blood-pressure through regular screening at the
UUAL.	Birmingham Fire Department. (Long-Term Municipal Goals 1a, 1b, 2b)

**OBJECTIVE:** To: 1) increase the number of free blood-pressure screenings for City residents at the fire department; and 2) provide blood-pressure screening to the general public, Monday through Friday from 1:00 p.m. to 3:00 p.m.

<u>MEASURES</u>	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023
Blood-pressure readings	12	22	22	22	22

**GOAL:** To protect the lives and property of residents and visitors to the City. Reduce the severity and occurrence of fires within the City. (*Long-Term Municipal Goals 2b, 3b, 4a*)

**OBJECTIVE:** To: 1) provide fire inspections on all industrial buildings, business occupancies, multi-family dwellings and schools; 2) perform pre-incident surveys on sites that include high-occupancy, tactical challenges and hazardous-material concerns.

<u>MEASURES</u>	Actual FY	Projected FY	Projected FY	Projected FY	Projected FY
	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Fire inspections (including re-inspections) conducted in all commercial buildings, except single and duplex residential occupancies	2,086	2,200	2,250	2,300	2,350
Pre-planning inspections of commercial properties and schools	3	12	24	36	48
Percentage of occupancies that complied with information required under "Right To Know" laws	100%	100%	100%	100%	100%
Percent of commercial buildings inspected annually	40%	50%	60%	65%	70%

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **DEPARTMENT SUMMARY**

# **Emergency Management**

The Emergency Preparedness Division coordinates the City's Emergency Operations Plan and works closely with the Michigan State Police Emergency Management Division to prepare for potential emergency/disaster operations. The Division provides for the activation, organization, and operation of the City of Birmingham's Emergency Operations Center (EOC). An EOC is established to organize, coordinate, and direct the actions of the City of Birmingham's disaster relief forces in the event of a disaster.

The Emergency Action Guides (EAGs) and Emergency Action Plan (EAP) are under the supervision of the Fire Chief, who acts as the Emergency Management Coordinator, and the Assistant Fire Chief, who acts as Assistant Coordinator.

The Emergency Preparedness Division is the coordinating point for operations during any natural or other disasters where coordination of multiple agencies is necessary. These agencies may include other City departments, state and federal agencies, and/or representatives from other emergency-response agencies. The Division conducts annual exercises consisting of topics such as natural disasters, technological disasters, and terrorist events.

The Emergency Preparedness Division also handles the Homeland Security Grants and purchases specialized machinery and equipment to improve the City's overall preparedness.

#### Services Provided

- Coordinates emergency response with state, local, and federal agencies
- Participates in quarterly training with all City departments
- Secure funds for preparedness through the Department of Homeland Security and FEMA
- Attend monthly local, county, and state emergency management meetings
- Attend annual Great Lakes Homeland Security Conference and Expo

# Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

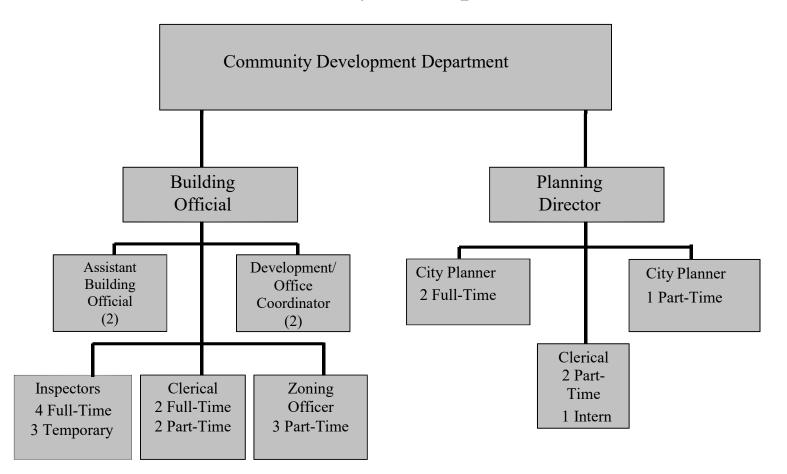

- 1. 728.00 Publications The budget of \$500 is related to emergency preparedness books.
- 2. 729.00 Operating Supplies The decrease of \$2,000, or 40.0%, is due to the reduction in supply costs.
- **3. 799.00 Equipment under \$5,000** The increase of \$2,000 represents the purchase of miscellaneous equipment.
- **4. 955.01 Training** The increase of \$500, or 100.0%, reflects the cost of two employees attending an emergency management conference.

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **DEPARTMENT SUMMARY**

# **Community Development**

Community Development houses the Building, Planning, and Engineering Departments. The team consists of the Planning Director, Building Official, Plan Examiners, Inspectors, Community Planners, Zoning and Code Enforcement Officers, and Permit Technicians who are responsible for facilitating the operational efficiency of the entire development process from application acceptance through completion. Community Development also provides technical assistance regarding planning processes; permit acquisition, construction methods, ongoing project inspections, and planning and zoning matters. A summary of the Engineering Department can be located under Public Services.

#### Services Provided by the Planning Division

- Meet with residents, developers, architects, builders and property owners to discuss potential new commercial, multi-family and mixed use construction projects or renovations, as well as the renovation or alteration of all historic residential properties
- Review and evaluate all applications for rezoning, site plan and design reviews, Community

Impact Studies, subdivision plats, lot splits and lot combinations, historic preservation, Special Land Use Permits (SLUP's), Temporary Use Permits, administrative approvals, temporary and permanent signage, building plan review, and final inspection and approval

- Administer and implement all planning related documents and policies, including, but not limited to the following:
  - Birmingham Zoning Ordinance
  - o Downtown Birmingham 2016 Plan
  - The Birmingham Master Plan
  - Eton Road Corridor Plan

- o Triangle District Urban Design Plan
- Multi- Modal Master Plan; and
- Official Zoning Map
- Prepare revisions to the Zoning Ordinance, Sign Ordinance, and Historic District and Sites Ordinances when deemed necessary by the City Commission
- Conduct studies and formulate reports relating to:
  - o zoning
  - $\circ \quad \text{land use} \quad$
  - $\circ$  subdivision of land
  - $\circ$  population
  - housing
- Provide staff assistance to City boards and commissions, including:
  - City Commission
  - Planning Board
  - Historic District Commission
  - o Historic District Study Commission
  - Design Review Board

- parking
- history
- urban design; and
- other information pertinent to City-wide development concerns
- o Brownfield Redevelopment Authority
- Corridor Improvement Authority
- Board of Zoning Appeals
- Multi Modal Transportation Board; and
- Public Arts Board
- Draft policies designed to guide the future development of the City of Birmingham
- Represent Birmingham in regional planning efforts with neighboring municipalities and regional partners

# Services Provided by the Building Division

- Provide plan review, permit assistance and inspection or services relating to commercial, residential and historical construction projects
- Monitor the entire construction process to ensure compliance with all applicable State Construction Codes and City Ordinances
- Meet with residents, developers, architects, builders and property owners to discuss potential new commercial, multi-family and mixed-use construction projects or renovations, as well as the construction of new homes and additions
- Provide support during project development through plan review, use regulation, inspection and occupancy phases
- Assist with the review of all applications for:
  - o Rezoning
  - $\circ$  Site plan and design reviews
  - o Community Impact Studies
  - Subdivision plats, lot splits and lot combinations
  - Historic preservation

- Special Land Use Permits (SLUP's)
- Temporary Use Permits
- o Administrative Approvals
- $\circ$   $\;$  Temporary and  $\;$  permanent signage  $\;$

nission

- Provide staff assistance to City boards and commissions including:
  - Board of Zoning Appeals

• Board of Building Trades

• Housing Board of Appeals

- o Planning Board
- Regulate and uphold the City code and Michigan Property Maintenance Code with regard to the standards for rental dwelling units and rental property maintenance
- Provide code enforcement services for the prevention, detection, and investigation of City Ordinance violations that interfere with the regulation of public health, safety and welfare
- Work with City Clerk and other departments to expedite reviews and Initial Merchant License inspections for various businesses, peddlers and vendors, precious metals dealers, other regulated uses and outdoor dining
- Coordinate and manage processes involved with special events throughout the city such as Dream Cruise permitting and tent inspections
- The Building Official coordinates interdepartmental cooperation to facilitate the seamless development and redevelopment throughout the City

# Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 729.00 Operating Supplies The increase of \$2,000, or 75.8%, is due to the purchase of historic plaques.
- 2. 811.00 Other Contractual Service The decrease of \$148,010, or 75.1%, is the result of master plan costs budgeted in 2019-2020.
- **3.** 825.01 Downtown Action Plan The increase of \$10,000, or 50.0%, is an increase in the purchase of via signs.
- **4. 901.00 Printing & Publishing** The increase of \$1,000, or 11.1%, is the cost associated to legal advertisements.
- **5. 942.00 Computer Equipment Rental** The increase of \$1,270 reflects an overall 7.0% increase in rental charges.

Significant Notes to 2021-2022 Planned Amounts

- 1. 811.00 Other Contractual Service The decrease of \$10,000, or 20.4% reflects a decrease in the bike facilities contract.
- **2. 942.00 Computer Equipment Rental** The increase of \$1,360 reflects an overall 7.0% increase in rental charges.

## Significant Notes to 2021-2022 Planned Amounts

1. 942.00 Computer Equipment Rental – The increase of \$1,450 reflects an overall 7.0% increase in rental charges.

**GOAL:** To Facilitate citizen involvement in the development process and to implement City policies and regulations effectively. *(Long-Term Municipal Goals 1,2,4)* 

**OBJECTIVE:** To provide professional guidance and technical assistance to the City Manager, City Commission, City Boards/Commissions, neighborhoods, property owners and residents.

#### Notes and Adjustments to Department-Requested Amounts from Prior Year's Budget

- 1. **729.00 Operating Supplies** The decrease of \$6,430, or 31.4%, is due to encumbrance carryover from 2018-2019 which increased 2019-2020's budget.
- 2. 811.00 Other Contractual Service The increase of \$110,420, or 17.0%, reflects the use of third party inspection companies for large projects.
- **3. 933.02 Equipment Maintenance** The increase of \$4,500, or 225.0%, reflects an increase in copier/scanner maintenance costs.
- **4. 942.00 Computer Equipment Rental** The increase of \$5,780 reflects an overall 7.0% increase in rental charges.

## Significant Notes to 2021-2022 Planned Amounts

- 1. 728.00 Publications The decrease of \$3,000, or 24.4%, reflects the reduction from having purchased Michigan building code publications the prior year.
- **2. 942.00 Computer Equipment Rental** The increase of \$6,190 reflects an overall 7.0% increase of rental charges.
- **3. 955.03 Membership & Dues –** The increase of \$1,780, or 64.3%, is due to the need for employee licenses and certification renewals.

## Significant Notes to 2022-2023 Planned Amounts

- 1. 942.00 Computer Equipment Rental The increase of \$6,620 reflects an overall 7.0% increase in rental charges.
- 2. 955.03 Membership & Dues The decrease of \$1,620, or 35.6%, reflects the return to normal budgeting amounts.

GOAL:To ensure the public health, safety, and welfare for persons who live, work, or engage in recreation within the<br/>City in a fair and consistent manner while providing the highest level of customer service. (Long-Term<br/>Municipal Goals 1a, 1b, 2a, 2b, 3b)

**OBJECTIVE:** To: 1) promote the strength of our neighborhoods and business districts by assisting the public in all aspects of the construction permit process; 2) provide accurate plan reviews; 3) provide thorough building, electrical, mechanical, and plumbing inspections.

MEASURES	Actual FY	Projected FY	Projected FY	Projected FY	Projected FY

# **DEPARTMENT SUMMARY**

# Engineering City Engineer Assistant City Engineer College Intern City Inspector (2)

The Engineering Department is responsible for numerous activities which include:

- Planning, designing, estimating costs of, writing specification for, supervising, inspecting, and controlling street, sewer, water, sidewalk, parking and miscellaneous construction projects.
- Keeping and maintaining City maps and miscellaneous records pertaining to streets, sewers, and the water system.
- Issuing permits for and inspecting sidewalks, drive approaches, curb cuts, soil erosion control, special treatments, street obstructions and storm water runoff.
- Administration of the Storm Water Ordinance. Assisting the Planning and Police Departments with the operation of the multi-Modal Transportation Board, which reviews and provides direction on all upcoming City street projects and transportation related special projects.
- Assisting the Building Department with review of all private site plans, particularly focusing on grading plans, as well as all work that is planned within the City right-of-way, including water and sewer connections, driveway approaches, and sidewalks.

The City Engineer is designated as Water Superintendent. As such, the City Engineer has a number of responsibilities under Chapter 114 of the City Code. The Engineer is the City's representative on the Board of Directors for the Southeastern Oakland County Water Authority.

The City Engineer is currently designated as the medium-sized communities' alternate representative for the Oakland County Federal Aid Committee. The Engineering Department endeavors each year to secure federal funding for road repairs and reconstruction as they become available.

Engineering is responsible for construction and analysis of the City sewer system and takes an active role in overseeing the Oakland County Water Resource Commissioner's staff activities as it pertains to its impact on Birmingham's sewer system and Sewer Fund.

The Department has well-established programs to comply with rules issued by the Michigan Department of Environmental Quality (MDEQ) and Federal Court with the goal of reducing pollution by controlling pollution discharges and enhancing storm-water quality. The City is in full compliance with MDEQ's National Pollution Discharge Elimination System (NPDES) requirements and has taken the initiative to go beyond these requirements. In addition, the City initially entered into a voluntary "General Permit" encouraged by MDEQ and Federal Court. Since March 2003, Birmingham and surrounding communities are required to meet the provisions of the mandated "Phase II Storm Water Permit." The Engineering Department is taking the lead, with the support of City residents, to improve the water quality of the Rouge River and Quarton Lake. This is being accomplished with funding assistance from the Rouge Program Office (RPO) and in conjunction with a watershed cooperative effort with the Oakland County Water Resources Commissioner's office and fourteen other communities tributary to the Rouge.

The Engineer is also designated as Street Administrator and, as such, is responsible for supervising activities of the City's highway funds and reporting them to the Michigan Department of Transportation.

The Engineering Department reports street light outages to DTE Energy, requests from citizens for the installation of street lights, and scheduled upgrades and updates to the City's street lighting system.

The Engineering Department also is responsible for other activities, such as dealing with floodplain matters and soil erosion control.

## Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 702.00 Salaries & Wages Direct The decrease of \$72,420, or 10.5%, is due to the elimination of an engineer position.
- 2. 706.00 Labor Burden The decrease of \$17,990, or 5.7%, is due to eliminating an engineer position.
- **3. 799.00 Equipment Under \$5,000** The amount of \$1,500 is primarily from a transfer from the Machinery & Equipment account.
- 4. 811.00 Other Contractual Service The budget of \$107,500 includes new costs of site plan evaluations (\$100,000), and the consultant fees (\$7,500).
- 5. 901.00 Printing & Publishing The increase of \$2,000, or 200.0%, represents the scanning of documents.
- 6. 942.00 Computer Equipment Rental The increase of \$2,070 reflects an overall 7.0% increase of rental charges.
- 7. 965.00 Direct Credit The \$58,470 represents time spent by the engineering staff on sidewalk and alley projects. This time is charged to those respective activities in the General Fund.

#### Significant Notes to 2021-2022 Planned Amounts

- 1. 702.00 Salaries and Wages Direct The increase of \$25,000, or 4.1%, represents an anticipated increase in overtime pay.
- **2. 942.00 Computer Equipment Rental –** The increase of \$2,210 reflects an overall 7.0% increase of rental charges.

#### Significant Notes to 2021-2022 Planned Amounts

- 1. 702.00 Salaries and Wages Direct The decrease of \$25,000, or 3.9%, represents a return to a normal budget amount for overtime pay.
- **2. 942.00 Computer Equipment Rental** The increase of \$2,370 reflects an overall 7.0% increase of rental charges.

**GOAL:** Continue implementation of long-term master plan to address all maintenance needs of public sewers and water mains located in back yards. *(Long-Term Municipal Goals 3,5)* 

**OBJECTIVE:** Successfully work with impacted residents to realize important improvements to backyard systems.

<u>MEASURES</u>	Actual FY	Projected FY	Projected FY	Projected FY	Projected FY

# Sidewalks, Construction and Maintenance

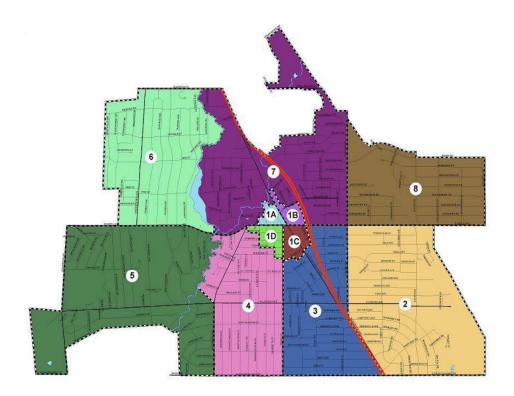

The City conducts an annual sidewalk-replacement program. For each program, the Engineering Department surveys the condition of existing sidewalks in specific program areas to determine what needs replacement. Property owners are billed for their share of sidewalk replacement. The Central Business District is divided into four (4) areas and one of those areas is included in each year's program. The rest of the City is divided into seven (7) program areas and the programs are moved from one area to the next. It is the Engineering Department's goal to take seven (7) years to complete a full cycle of the City.

#### Services Provided

- Annual sidewalk-replacement program budgeted for \$500,000.
- Annual trip elimination program (targets sections of sidewalk that are only raised, not cracked or damaged).

#### New Items

• 2022-2023 S. Old Woodward Phase III is budgeted for \$1,900,000.

# **Public Services**

The primary responsibility of the Department of Public Services (DPS) is the operation and maintenance of city-owned infrastructure, recreational amenities and municipal grounds. Personnel perform these functions across several divisions including:

- Parks and Forestry
- Streets, Sewer and Water
- Fleet Services
- Birmingham Ice Sports Arena
- Municipal Golf Courses

The department also administers and oversees the solid waste contract with the Southeastern Oakland County Resource Recovery Authority (SOCRRA) and the designated waste hauler, Car Trucking, Inc. The expenses involved in maintenance of the water and sewer systems, the solid-waste disposal program, golf courses and the equipment pool are contained in the Water-Supply System Receiving Fund, the Sewer Fund, the Solid-Waste Disposal Fund, the Golf Course Enterprise Fund and the Equipment Fund respectively, and are not reflected in the General Fund budget.

Services Provided by Parks and Forestry | Ice Sports Arena | Municipal Golf Courses

- Operate and maintain two nine-hole municipal golf courses
- Manages the ice sports arena operation
- Maintains 230 acres of parkland and the green infrastructure consisting of over 25,000 street and park trees.
- Plan and implement capital improvement projects in accordance with Birmingham's Parks and Recreation 2018-2022 Master Plan.
- Other responsibilities include providing logistical support for special events, invasive species mitigation, nuisance property abatement, installation of the city's holiday decorations, and seasonal flower planting, among others.
- The department serves as the staff liaison to the seven-member Parks and Recreation Board and its various subcommittees to obtain input on project planning and program offerings.
- Serves as the staff liaison to the Martha Baldwin Park Board, provides DPS input specific to Martha Baldwin Park.

Services Provided by Streets | Sewer and Water | Fleet Services

- Responsible for the maintenance and repair of more than 90 miles of major and local streets, as well as the city's water distribution and sewage disposal infrastructure.
- The Fleet Services division repairs, maintains and regularly evaluates over 250 pieces of equipment, and helps administer the department's vehicle replacement program.
- Administers the Cooperative Fuel Purchasing program for City fuel purchases for all tanks

• Oversees and budgets for all citywide vehicle purchases as identified in the Vehicle/Equipment Replacement Schedule.

Because the Public Services Department budgets in multiple funds, it can be difficult to assess the overall costs for certain expenditures. Below are summarized expenditures which are common among several departments and funds:

	2018-2019 <u>Actual</u>	2019-2020 <u>Budget</u>	2019-2020 Projected	2020-2021 Requested	2021-2022 <u>Planned</u>	2022-2023 <u>Planned</u>
Salaries & Wages Direct	2,627,890	2,858,420	2,921,800	2,929,980	2,992,070	3,004,230
Labor Burden	1,523,560	2,047,820	2,069,100	2,047,970	2,064,340	2,069,500
Forestry Services	641,070	627,000	630,000	663,500	699,000	730,000
Lawn Maintenance	171,128	204,000	199,000	206,000	208,000	208,000
Snow and Ice Removal	350,940	466,830	416,860	468,490	472,880	474,680
Overall DPS Budget	11,755,350	13,179,510	12,630,090	13,359,490	13,802,150	13,675,110
(excluding capital)						

In addition to working toward citywide goals, the Department of Public Services is guided by its own strategic goals, including:

- the integration of GIS technology to identify and inventory public assets
- the establishment of standardized work flow processes and digitalized record-keeping
- the adoption of technologies and best practices in snow removal operations to achieve cost efficiencies
- increased engagement with the public in relation to special projects and strategic planning
- fully supporting other city departments in achieving city-wide goals and objectives

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. **799.00 Equipment under \$5,000** The budget amount of \$12,500 represents office/conference room painting, office furniture, and ice machine.
- 2. 851.00 Telephone The increase of \$6,600, or 18.1%, reflects the purchase/deployment of smart phones, IPads, and an increase in wireless connectivity usage in the field due to increased users.
- **3. 930.05 Building Maintenance** The budget of \$10,000 represents the replacement of sink, faucets, and cabinets in the garage kitchen.
- **4. 942.00 Computer Equipment Rental** The increase of \$8,860 reflects an overall 7.0% increase in rental charges.

Significant Notes to 2021-2022 Planned Amounts

- 1. **799.00 Equipment under \$5,000** The budget amount of \$5,000 represents the office furniture.
- 2. 851.00 Telephone The decrease of \$3,000, or 7.0%, shows the reduction from purchases made in the prior fiscal year.
- **3.** 941.00 Equipment Rental or Lease The increase of \$2,000, or 9.1%, is associated to the rise in rental charges and type of equipment rented.
- **4. 942.00 Computer Equipment Rental** The increase of \$9,480 reflects an overall 7.0% increase in rental charges.
- **5. 955.01 Training** The increase of \$1,000, or 11.8%, represents the renewal of employee certifications.

Significant Notes to 2022-2023 Planned Amounts

1. 942.00 Computer Equipment Rental – The increase of \$10,150 reflects an overall 7.0% increase in rental charges.

#### Performance Goals, Objectives and Measures

**GOAL:** To achieve efficiencies in street maintenance activities through the use of preferred products and best practices. *(Long-Term Municipal Goal 1,)* 

**OBJECTIVE:** Increase the usage of hot-mix asphalt in routine patching operations; increase the use of salt brine in snow/ice removal operations.

Hot mix asphalt is a cheaper, more durable alternative to cold mix asphalt, but requires special handling and is only available seasonally. Salt brine – a solution of salt and water – can improve road salt's effectiveness when spray-applied to rock salt during de-icing operations. Brine reduces the amount of road salt required to adequately melt snow and ice, providing a significant savings in material costs, and reducing environmental impact.

<u>MEASURES</u>	Actual FY	Projected FY	Projected FY	Projected FY	-
	2018-2019	2019-2020	2020-2021	2021-2022	2022-2023
Tons of hot mix purchased	950	1,000	1,100	1,200	1,200
Tons of cold mix purchased	378	250	200	200	200
Gallons of salt brine produced	15,422	17,000	19,000	20,000	20,000
Tons of salt purchased	2,660	2,750	2,500	2,500	2,400

# **Property Maintenance**

The Department of Public Services utilizes this activity for the landscape maintenance of all Cityowned properties, such as: The Municipal Building, Baldwin Public Library, Greenwood Cemetery, Public Services' facility, Birmingham gateway areas, various landscape beds on median islands in the Central Business District (CBD), landscaped areas surrounding parking lots and structures, and along roadways throughout the city.

#### Services Provided

- Planting of over 1,600 flats of flowers and over 23,000 tulip bulbs in landscape beds of facilities.
- Upkeep and beautification of grounds on all facilities and properties with great attention to detail, utilizing both City staff and outside contractors.
- Tree and shrub care on City-owned property.
- Snow-removal from City-owned property, abutting sidewalks and parking lots.
- Elmwood Cemetery grave openings and closings.

## CITY OF BIRMINGHAM 2020-2021 RECOMMENDED BUDGET PROPERTY MAINTENANCE

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. **811.00 Other Contractual Services** The decrease of \$80,620, or 30.8%, is primarily a reduction from the bridge lights and painting completed in the prior fiscal year.
- 2. 819.00 Forestry Services The increase of \$2,190, or 50.9%, is primarily related to the rising cost of the service contract and the purchase of new trees.

### Performance Goals, Objectives and Measures

**GOAL:** To enhance the overall aesthetic environment of the City, including all City property. *(Long-Term Municipal Goal 4*)

**OBJECTIVE:** To develop and improve techniques, methods and standards for property maintenance and landscape practices.

<u>MEASURES</u>	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023
Flats of flowers planted	1,600	1,600	1,600	1,600	1,600
Acres mowed	30	30	30	30	30
Provide safe, clean, walkable community during all four seasons	Yes	Yes	Yes	Yes	Yes
Provide attractive/ environmentally- friendly properties	Yes	Yes	Yes	Yes	Yes

# **Weed/Snow Enforcement**

This activity provides for the cost of mowing grass and weeds on private property and ice and snow removal from sidewalks and walkways in the City.

City Code defines the program's regulations and publishing requirements. Chapter 118 Article IX Section 118-66 to Section 118-68 covers the grass and noxious weed control program. Property owners are required to maintain their property and ensure that weeds or grass do not exceed a height of eight inches. If a property is not maintained as required by the ordinance, steps are taken to ensure the grass and weeds are mowed or removed. In 2019, 20 properties were cut by the City.

Article III Sidewalks Section 98-66 to Section 98-68 refers to sidewalks and walkways required to be cleared and maintained from snow and ice. It requires the owner or occupant of every lot and any business establishment to clear ice and snow from adjacent sidewalks.

The Ordinances for both "Grass and Noxious Weeds" and "Sidewalk Clearing" are on the City's website <u>https://www.bhamgov.org/government/departments/dps/grass\_and\_weed\_ordinance.php</u>

#### Services Provided

- Enforcement of Ordinance violations by performing the mowing of properties in violation and snow removal of sidewalks of properties in violation.
- Follow up of complaints regarding enforcement needs.
- Public education to increase awareness and reduce amount of necessary enforcement requirements.

## CITY OF BIRMINGHAM 2020-2021 RECOMMENDED BUDGET WEED/SNOW ENFORCEMENT

Cleared sidewalks within the City	9 properties	45 properties	40 properties	40 properties	40 properties
Commercial and residential property owners notified of ordinance violations	Yes	Yes	Yes	Yes	Yes

# Ice Sports Arena

The mission of the Birmingham Ice Sports Arena is to provide to both resident and regional skaters of all ages outstanding recreation programs on the ice. The arena is open from mid-August until early May.

In addition, the Parks and Recreation operation is housed year round in the facility office. During the summer season, the Birmingham Ice Sports Arena hosts pickle ball and is available for summer rentals.

In the past, off-season summer activities have included dog shows, garage sales, mom to mom sales, pickle ball and roller blading. We continue to explore opportunities to offer rentals during the summer months (June  $1^{st}$  – July  $31^{st}$ ) including ways of partnering with other community groups to best utilize the Arena facility.

#### Services Provided

- A full menu of programs for ice skating and hockey are provided at the Birmingham Ice Sports Arena. Whether you are a beginner looking for open public skating or an advanced figure skater or hockey player, programs are available for all ages.
- The Birmingham Ice Arena is the home for the following clubs: Birmingham Hockey Association, Birmingham United High School Varsity and JV teams, Figure Skating Club of Birmingham and Birmingham Senior Hockey League.
- Open public skating: times are available daily throughout the year for skaters of all ages.
- The Arena hosts various events and hockey tournaments.
- The Learn To Skate program offers a wide range of classes to suit everyone's needs from ages three to adult. The program is a place to learn basic skating skills and is a stepping-stone for hockey as well as freestyle, synchronized, and recreational skating.
- The annual ice show is a crowd pleaser, providing friends and families a chance to see young skaters show off their skill.
- For a complete listing, please go to the City's website. https://www.bhamgov.org/government/departments/dps/ice\_sports\_arena.php

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 706.00 Labor Burden The decrease of \$11,530, or 11.7%, is primarily a reduction to the cost for hospitalization (\$5,160) and pension contributions (\$5,920) as recommended by the City's actuary.
- 811.00 Other Contractual Services The \$30,000 is for the annual compressor maintenance. This was previously budgeted in the Capital Projects Fund. General building maintenance services such as electrical and plumbing have been moved to 930.05 Building Maintenance.
- **3.** 930.05 Building Maintenance The increase of \$19,100, or 175.2%, is due to moving the general building maintenance items from account 811.00 Other Contractual Services.
- **4. 941.00 Equipment Rental or Lease** The increase of \$5,000, or 16.7%, is for the anticipated cost increase on rental equipment.

Significant Notes to 2021-2022 Planned Amounts

1. 811.00 Other Contractual Services – The increase of \$5,000, or 16.7%, reflects an increase in costs for annual compressor items.

#### Performance Goals, Objectives and Measures

GOAL:To provide a place for those engaged in ice sports to deliver quality programming where the benefits of sportsGOAL:involvement are realized. Providing accessible, enjoyable community facility that contributes to the well-being of<br/>individuals and families utilizing the City of Birmingham Ice Sports Arena. (Long-Term Municipal Goal 4)

To develop and improve recreational ice-skating programs for youth, adults and groups. To provide dry ice special **OBJECTIVE:** events during June  $1^{st}$  – July  $31^{st}$  and to coordinate public and private recreation programs to reach the community better.

<u>MEASURES</u>	Actual FY 2018-2019	Projected 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023

# **Community Activities**

This activity is a task/function of the Department of Public Services and includes support services for special events in Shain Park and the Central Business District (CBD), placement of United States flags in the CBD on seven occasions during the year, and the winter holiday-decoration program.

Services Provided

- Placement of approximately 220 United States flags on the streets in the CBD on the following occasions: Government Day, Memorial Day, Flag Day, Fourth of July, Citizenship Day of Constitution Week, Veterans Day, and Patriot Day. Flags to be placed on the streets during other commemorations as directed by the City Commission.
- Decoration of over 370 trees in the CBD and Shain Park with LED lights as part of the Holiday Lighting Program.
- Preparatory work, support services, and clean-up work as requested or needed in civic, Chamber of Commerce and Principal Shopping District activities such as "Day on the Town", "Birmingham Cruise Event", and Winter Markt", "The Village Fair", and "Art in the Park".

# **Parks and Recreation**

The Department of Public services is responsible for the maintenance of 26 parks including highly active parks such as Booth Park, Barnum Park, and Shain Park and 14-acre Quarton Lake in addition to passive-recreation areas along the Rouge River Trail Corridor, a nature preserve at Manor Park and similar locations.

#### Services Provided

- Maintenance of 16 asphalt-surfaced tennis courts.
- Playground maintenance (14 playgrounds).
- Regular grooming and maintenance of baseball and softball diamonds, serving Little League, girls' softball, and seniors' softball.
- Soccer and open field maintenance.
- Maintenance of a skate park located in Kenning Park.
- The rental and maintenance of a developed picnic area and park shelter at Springdale Park.
- The sales of resident and non-resident annual dog park passes, and maintenance of the .85acre dog park located at the Lincoln Hills Golf Course.
- Seasonal setup and maintenance of an outdoor ice rick located at Barnum Park.
- Tree trimming and removal, and tree planting utilizing both City staff and outside contractors in City parks.
- Lawn care and grounds maintenance utilizing both City staff and outside contractors at all City parks.
- Maintenance of several miles of trails along the Rouge River Corridor and around Quarton Lake.
- Removal of invasive species along the Rouge River Corridor and on Park Property has been a continuing effort.

### Notes and Adjustments to Department-Requested Amounts from Prior Year's Budget

- 1. 706.00 Labor Burden The decrease of \$9,800, or 5.3%, is primarily the result of a decrease in hospitalization costs (\$6,810) and retiree health contributions (\$2,300) as recommended by the City's actuary.
- 2. 729.00 Operating Supplies The increase of \$48,000, or 70.6%, reflects park furnishings (benches, trash cans, fountains) that were previously budgeted in the Capital Projects Fund.
- **3. 811.00 Other Contractual Service –** The \$387,500 budget is for mowing and other park maintenance contractors, consultants, invasive species removal, Rouge Train maintenance, and holiday décor services. Additionally, the budget includes improvements to the Poppleton Park ball field and Shain Park playground surface area.

### Significant Notes to 2021-2022 Planned Amounts

1. 811.00 Other Contractual Services – The decrease of \$22,500, or 5.8%, represents a reduction in the costs for improvements for the Poppleton Park ball field and Shain Park playground surface in the prior year which was offset by installation of irrigation at the Waterfall Park.

### Significant Notes to 2022-2023 Planned Amounts

1. 811.00 Other Contractual Services – The decrease of \$24,500, or 6.7%, is due to the irrigation work which was planned in the prior fiscal year.

#### Performance Goals, Objectives and Measures

Guided by the Parks and Recreation Master Plan 2018-2022, implement improvements for parks and recreation usingGOAL:grants, private donations and contributions from the General Fund. All improvements shall be budgeted and approved<br/>accordingly based on priority. (Long-Term Municipal Goal 4)

**OBJECTIVE:** To enhance park properties and provide recreation facilities consistent with community desires, including park development initiatives.

<u>MEASURES</u>	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. **811.00 Other Contractual Services** The increase of \$16,840, or 13.5%, is related to an increase in NEXT services and public art board expenses.
- 2. 901.00 Printing & Publishing The increase of \$6,540, or 30.5%, reflects an increase in cost for printing the quarterly newsletter.
- **3. 957.04 Liability Insurance Premiums** This account is for the General Fund's allocation of the City's property and liability insurance premiums. The total estimated cost of this insurance to the City for fiscal year 2020-2021 is \$434,850 allocated as follows:

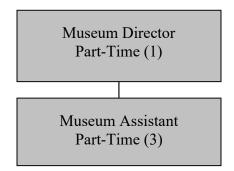

General Fund	\$289,280
Springdale Golf Course	15,000
Lincoln Hills Golf Course	15,000
Auto Parking System	61,110
Sewer Fund	29,090
Water Fund	16,300
Library	4,570
Principal Shopping District	4,500
Total	<u>\$434,850</u>

City of Birmingham, Michigan 2020-2021 Recommended Budget

## **NON-DEPARTMENTAL SUMMARY**

# **Birmingham Museum**

The Birmingham Museum is composed of the city-owned historic Allen and Hunter House properties on a nearly four-acre park site. The museum is a community resource whose purpose is to preserve and interpret Birmingham's history and culture. It accomplishes this by acquiring, maintaining, and exhibiting a permanent collection of artifacts and documents as well as the historic buildings and grounds. The Birmingham Museum operations and activities are guided by a regularly reviewed and updated strategic plan.

#### Services Provided by the Museum

- Educational programs for adults and children on and off site.
- Annual school tours in coordination with required school curriculum objectives.
- Guided and self-guided interpretive tours of on and off site historic resources in the city, including Greenwood Cemetery.
- Maintenance and restoration of the 1822 John West Hunter House and 1926 Allen House.
- Care and storage of permanent collection, including digitization of archives and physical care of objects and artifacts.
- Exhibitions of materials and interpretive content on and off site and in virtual environments.
- Ongoing educational social media engagement.
- Research services for residents and businesses.

#### New Projects

- Restore and repair 49 original historic windows in Allen House.
- Design and construct ADA parking and pathway access from Willits street to lower level of park.

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. **706.00 Labor Burden** The increase of \$8,040, or 38.3%, relates to the increase in benefit costs as part-time employee hours increased.
- 2. 811.00 Other Contractual Service The \$123,800 budget includes normal operating costs (\$10,000), heritage zone project (\$6,000), and window repair and restoration, including interior storm windows (\$107,800).
- **3. 930.04 HVAC Maintenance** The budget of \$1,500 is the cost of maintenance for all of the HVAC units in the system.
- 4. 942.00 Computer Equipment Rental The increase of \$1,520 reflects an overall 7.0% increase for rental charges.

Significant Notes to 2021-2022 Planned Amounts

- 1. 811.00 Other Contractual Service The \$10,000 budget represents a normal budget amount.
- **2. 942.00 Computer Equipment Rental** The increase of \$1,630 reflects an overall 7.0% increase for rental charges.

## Significant Notes to 2022-2023 Planned Amounts

- 1. 811.00 Other Contractual Service The \$55,000 budget includes normal operating costs (\$10,000) and the costs for the Willits parking and path project (\$45,000).
- 2. 930.05 Building Maintenance The budget of \$3,500 is to replace the stairway carpet.
- **3. 942.00 Computer Equipment Rental** The increase of \$1,740 reflects an overall 7.0% increase for rental charges.

#### Performance Goals, Objectives and Measures

**GOAL:** To administer historic assets as a vital local cultural resource and to maintain the grounds as a historic park. (Long-Term Municipal Goals 1a, 1b, 2a, 2b, 3a, 4a, 4b, and 5)

**OBJECTIVE:** To: 1) establish a vital municipal museum and park serving a diverse audience; and 2) develop and implement a comprehensive plan to engage with the public, create a welcoming, user-friendly setting, and foster greater access to civic resources including the historic park, museum buildings, and museum collection; and 3) implement the 2017-2020 Birmingham Museum Strategic Plan.

<u>MEASURES</u>	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023
Attendance and Utilization (Allen House, Hunter House, Park, and visitor services)*	3,020	3,500	4,025	4,625	5,300
Public outreach figures, off-site exhibits and program attendance**	4,000	4,500	4,950	5,400	6,000
Public engagement figures via electronic media, e.g., social media, website, online content, video, and virtual exhibits***	85,000	93,500	103,000	110,000	120,000
Public contact figures via traditional media (print and electronic) through ongoing articles, press releases, newsletters, booklets, and other promotion	55,000	58,000	60,000	62,000	64,000
2017-2020 Strategic Plan implementation; revise/update expected for 2021-2024	75% complete	85% complete	n/a (update plan)	TBD (updated plan)	TBD (updated plan)

\*Includes annual in class and museum site school presentation programs as well as online exhibits and interactive social media contacts \*\*Collaborative programs with local cultural institutions, museum staff educational presentations, and museum-generated displays and offsite exhibits.\*\*\*Includes social media engagement and mission-related outreach.

#### **Performance Goals, Objectives and Measures**

**GOAL:** To establish physical and electronic access to the historical records maintained in the archives by organizing the collection within the Museum, enhance the collection and its utilization, and continue to digitize records in accordance with accepted museum standards. *(Long-Term Municipal Goals 1a, 1b, 2a, 2b)* 

**OBJECTIVE:** To: 1) continue to catalogue and digitize the collection and related records per nationally accepted standards with improved efficiency and accuracy to enhance preservation and access; 2) enhance and improve collection of objects and archival records; 3) continue comprehensive review of existing collections and establish polices and best practices per nationally-accepted museum standards to protect and preserve the collection, and 4) provide improved access and service to the public.

<u>MEASURES</u>	Actual FY 2018-2019	Projected FY 2019-2020	Projected FY 2020-2021	Projected FY 2021-2022	Projected FY 2022-2023
Total number of collection items electronically catalogued and digitized*	7,022	7,400	7,600	7,800	8,000
Total number of research inquiries, information requests, and utilized collection items via online contact, phone, walk-in, object loans, and formal research requests	480	530	585	650	715

\*Online collection access has been expanded through collaborations with the Baldwin Public Library (database for museum collection materials), the Bloomfield Township Library (digitizing content of historic Observer- Eccentric Newspapers), and the Oakland County Historical Resources Library, who have added content from the Birmingham Museum collection online. Additional online content and access is expected via Oakland County's bicentennial website during 2020. These initiatives provide a wider reach of museum collection content online to the public as a key component of providing wider public access and utilization.

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 811.00 Other Contractual Services The decrease of \$29,865, or 85.7%, reflects exterior repairs and painting completed in the prior year and reclassification of general maintenance items to the accounts below.
- 930.05 Building Maintenance The budget of \$3,000 reflects the cost for general maintenance on the building. These amounts were previously included in 811.00 Other Contractual Services
- **3. 933.02 Equipment Maintenance** The budget amount of \$1,000 represents the cost for general maintenance. These amounts were previously included in **811.00 Other Contractual Services**.

Significant Notes to 2021-2022 Planned Amounts

1. 811.00 Other Contractual Services – The budget of \$20,000, includes the cost to repair and paint the interior plaster (\$15,000).

City of Birmingham, Michigan 2020-2021 Recommended Budget

## **NON-DEPARTMENTAL SUMMARY**

# **Transfers Out**

This activity accounts for General Fund transfers to other City funds and organizations. In the recommended 2020-2021 fiscal year, it accounts for the following:

- **1. Contribution to 48th District Court** The recommended expenditure for the 48<sup>th</sup> District Court is \$1,463,550.
- 2. Transfer to Street Funds The General Fund makes up the difference between revenues received primarily from the state and expenditures required from the Major and Local Street Funds.
- **3. Transfer to Capital Projects** This account is used to record appropriations to the Capital Projects Fund for capital improvements.

## **NON-DEPARTMENTAL SUMMARY**

# **Pension Administration**

The retirement system was established to provide retirement allowances and benefits for the employees of the City and their dependents. The Treasurer, in conjunction with an eight-member Retirement Board, is responsible for administering, managing and operating the employees' retirement system. The eight-member Retirement Board consists of a citizen member, the City Manager, a general City member, a Fire Department member, a Police Department member, the Mayor, another Commission member, and a non-voting retiree member. The City Treasurer is the Secretary-Treasurer to the Retirement Board. According to the City Charter, the Retirement Board must meet at least once each quarter. Currently, the Board meets on the second Friday of the month in March, June, September and December.

The expense fund for the Retirement System is called Pension Administration. Chapter 2, Article VI, Section 2.240 of the City Code states:

The expense fund shall be the fund to which shall be credited all money provided by the City to pay the administrative expense of the Retirement System and from which shall be paid all expenses necessary in connection with the administration of the retirement system. The board shall annually certify to the appropriating authorities of the City, on or before April 1 according to legal budget procedure, the amount of appropriation necessary to administer the retirement system during the next fiscal year and the City may appropriate such amount to the credit of the expense fund. In the event the City fails to appropriate such amount to the credit of the expense fund, the Board shall transfer a portion of the income from the reserve for employer contributions into the expense fund to defray the expenses for the administration of the retirement system. Provided that in the event there is not sufficient income from the reserve for employer contributions to defray all of the expenses of the retirement system the City shall appropriate a sufficient amount to defray the portion of such expenses not covered by the income from the reserve for employer contributions.

Comerica Bank serves as the custodian for the fund. The Birmingham Retirement System currently employs the following investment managers to diversify the investment of fund assets:

Investment Manager	Management Style	Asset All	ocation at 12/31/1	<u>9 % of Fund</u>
Bradford & Marzec	Fixed-income	\$	14,674,577	14.3%

Whitebox	Alternative	<u>\$ 3,410,461</u>	3.3%
Total Fund		\$102,900,298	100.0%

Comerica Bank's Performance Consulting Group prepares periodic reports to provide the investment returns and relative performance of the various investment managers and the total plan.

As of June 30, 2019, there were 93 total members in the Retirement System. The number of total members includes 70 active members, 14 former employees who have left their accumulated contributions in the system in order to qualify for deferred benefits and 6 former members who have left their accumulated contributions in the system in order to qualify for reciprocal benefits. At June 30, 2019 there were 223 retirees and beneficiaries who are receiving benefits.

There is usually an annual increase in the investment management expenditure based on the projected market value of the assets managed and in the investment custodial expenditure based on the projected market value of the assets.

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 703.00 Administration Cost The increase of \$5,060, or 6.1%, represents an increase in cost for personnel who work directly with the retirement system.
- 2. 802.02 Investment Management The decrease of \$7,600, or 2.0%, is a result of a higher allocation of investments with passive managing (mutual funds/ETF's).
- **3. 802.05 Investment Performance** The increase of \$2,000 is based on the projected market value of the assets.

### Performance Goals, Objectives and Measures

GOAL:To administer, manage and operate the retirement system properly to protect the assets of the retirement systemGOAL:from both market-value and inflationary erosion and provide growth to fund future costs. (Long-Term Municipal<br/>Goals 1a, 2)

**OBJECTIVE:** To formulate administrative and investment policies to meet current needs within administrative, fiscal and legal constraints.

## **FUND SUMMARY**

# **Major Street Fund**

The Major Street Fund is used to account for construction, maintenance and other authorized operations pertaining to all streets classified as "Major Streets" within the City of Birmingham. Major Streets are designated by the State Highway Commission under the provisions of Act 51, Public Act (P.A.) 1951, as amended.

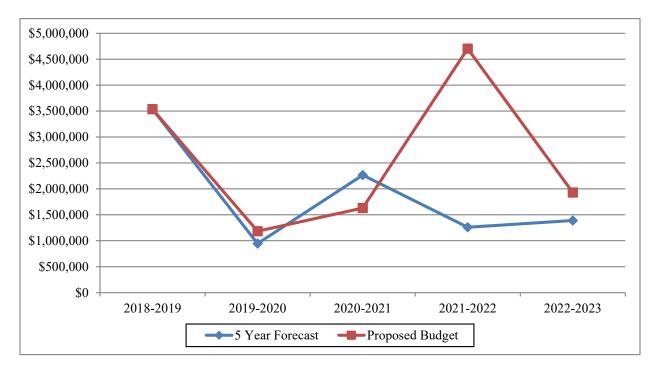

The Department of Engineering and Public Services are responsible for the maintenance, resurfacing and paving of approximately 22 miles of major streets. Street maintenance includes: repair of potholes; crack sealing; cleaning of catch basins; pulverizing and cape-sealing programs for oil-mat streets; mowing of rights-of-way; snow and ice control; care of City trees along street rights-of-way; and bridge maintenance and repair. The Police Department is responsible for traffic services and coordinates the replacement of signs, signals and pavement markings. The Police Department, in conjunction with the Multi-Modal Transportation Board (MMTB), assists in the evaluation of traffic flow patterns within the City.

### Fund Overview

Below is an overview of the budget for the Major Street Fund. Details and assumptions concerning revenue and expenditures are also discussed in this summary.

City of Birmingham, Michigan Statement of Revenues, Expenditures and Changes in Fund Balance Major Street Fund								
Description	Actual <u>2018-2019</u>	Budget <u>2019-2020</u>	Projected <u>2019-2020</u>	Recommended <u>2020-2021</u>	Planned <u>2021-2022</u>	Planned 2022-2023		
Revenues Expenditures	\$ 4,364,359 (2,560,705)	\$ 4,244,050 (6,614,864)	\$ 4,244,050 (6,596,150)	\$ 3,684,950 (3,240,250)	\$ 6,733,860 (3,661,380)	\$ 4,250,940 (7,022,370)		
Revenues over (under) Expenditures	1,803,654	(2,370,814)	(2,352,100)	444,700	3,072,480	(2,771,430)		
Beginning Fund Balance	1,732,911	3,536,565	3,536,565	1,184,465	1,629,165	4,701,645		
Ending Fund Balance	<u>\$ 3,536,565</u>	<u>\$ 1,165,751</u>	<u>\$ 1,184,465</u>	\$ 1,629,165	\$ 4,701,645	<u>\$ 1,930,215</u>		

The recommended budget increases fund balance by \$444,700, or 38% from the projected 2019 - 2020 fund balance. Below is a comparison of the recommended budget ending fund balance as compared to the 5 year forecast as presented at the Long Range Planning Meeting in January 2020.

The proposed budget's fund balances are lower than the 5 year forecast model by approximately \$637,944 in 2020-2021, and higher by \$3,439,670 in 2021-2022, and \$540,142 in 2022-2023. Significant changes to the 5 year forecast include moving S. Old Woodward Ave. reconstruction to fiscal year 2022-2023.

#### **Revenue** Assumptions

The Major Street Fund derives revenues primarily from gas- and weight-tax distributions from the state and operating transfers from the General Fund. The process to estimate gas- and weight-tax revenues for the budget assumes the Act 51 funding formula currently in effect. Gas- and weight-tax revenues for fiscal year 2020-2021 are estimated to be slightly higher.

Gas- and weight-tax distributions from the state contribute approximately 45% of the funding for street maintenance and construction costs for fiscal year 2020-2021. Locally-raised revenues and fund balance reserves must be used to offset the remaining costs. The recommended budget includes a transfer of \$2,000,000 from the General Fund to the Major Street Fund. This transfer will also allow the Major Street Fund to maintain sufficient reserves.

### Expenditure Assumptions

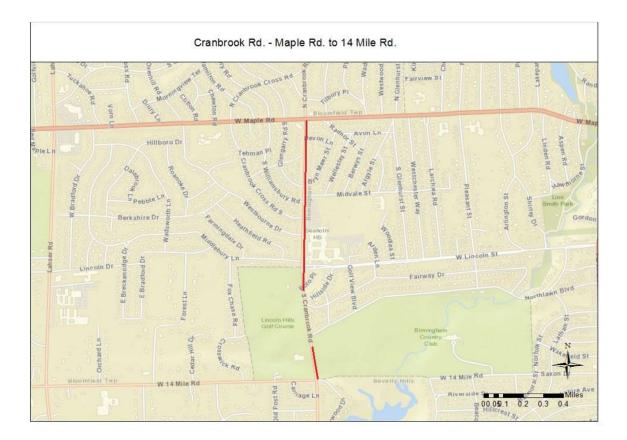

Recommended expenditures for fiscal year 2020-2021 total \$3,240,250. This amount is \$3,374,614 or 51%, less than amended budgeted expenditures for fiscal year 2019-2020. The primary reason for the decrease is a decrease in capital outlay for fiscal year 2020-2021.

Capital outlay in the amount of \$1,656,540 represents 51% of the total budget for 2020-2021. This amount includes the following road projects:

- \$300,000 for concrete repair in conjunction with sidewalk replacement.
- \$350,000 for pavement maintenance.
- \$150,000 Redding Road retaining wall removal.
- \$400,000 Grant St. between E. Lincoln Ave. and Humphrey Ave.
- \$350,000 Cranbrook Rd. between Maple Rd and 14 Mile Rd.
- \$50,000 install permeable pavers on Lincoln Ave. islands
- \$25,000 Oak St. cape seal between Westwood Dr. and N. Glenhurst Dr.

A detailed listing of all Major Street capital improvements is included in the Capital Improvements section of this document. Also see the following maps of significant projects:

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

1. 703.00 Administrative Cost – This account represents wages paid for administrative services performed by the following departments.

Police	\$ 50,380
Finance	17,250
Engineering	35,430
Total	\$103,060

- **2. 804.01 Engineering Consultants** The decrease of \$25,000, or 25.0%, shows the reduction for consultant services needed for major projects.
- **3. 819.00 Forestry Services** The increase of \$8,000, or 4.7%, is due to a rise in charges for forestry services as well as tree purchases.
- **4. 937.02 Contract Lane Painting** The decrease of \$25,990, or 17.2%, reflects the return to a normal budget amount.
- **5. 937.03 Oakland County Signal Maintenance** The budget of \$53,220 reflects lower maintenance costs for modernized signals and lights.
- 6. 937.04 Contract Maintenance The increase of \$56,910, or 78.9%, represents the cost for cleaning the catch basin every three years.
- 7. 937.05 Street Lighting CBD Maintenance The decrease of \$39,520, or 39.7%, reflects a return to a normal budget amount.
- **8. 941.00 Equipment Rental or Lease –** The decrease of \$9,000, or 39.8%, reflects a return to a normal budget amount.
- **9. 971.01 Machinery & Equipment** The budget of \$6,540 cost of two speed boards for replacement.

#### 10. 981.01 Public Improvements – The \$1,650,000 is primarily for the following projects:

Oakland Blvd – N. Old Woodward to Woodward Ave.	\$	300,000
Grant St – E. Lincoln Ave to Humphrey Ave.		350,000
Outside Engineering and Inspection		200,000
Lincoln Islands – Permeable Paver Project		50,000
Oak St – Glenhurst – Westwood – Quarton Lk Ph II		25,000
Cranbrook – Maple to 14 Mile (RCOC)		300,000
Redding Road – Remove Retainer Wall		125,000
Annual Sidewalk & Pavement Maintenance		250,000
Miscellaneous bridge maintenance		50,000
Total	<u>\$1</u>	<u>1,650,000</u>

Significant Notes to 2021-2022 Planned Amounts

- 1. 729.00 Operating Supplies The decrease of \$18,000, or 9.8%, reflects the of water barricades in 2020-2021.
- 2. 819.00 Forestry Service The increase of \$10,000, or 5.6%, is due to the rise in cost for forestry services as well as tree purchases.
- **3. 937.03 Oakland County Signal Maintenance** The increase of \$5,500, or 10.3%, is the cost related to the mast arm inspections.
- 4. 937.04 Contract Maintenance The decrease of \$59,500, or 46.1% reflects catch basin cleaning in 2020-2021.
- 971.01 Machinery & Equipment The budget of \$256,540 reflects the replacement of two speed boards (\$6,540) and the traffic signal modernization project for Willits to Brown (\$250,000).
- 6. 981.01 Public Improvements The \$1,875,000 is for the following projects:

Peabody – E. Maple to E. Brown	\$	200,000
Outside Engineering and Inspection		200,000
Pierce – Lincoln to Bird		400,000
Redding – Lakepark to Woodward		450,000
N. Adams Rd. – North End		200,000
MMTB Improvements – Cranbrook Tap Grant		125,000
Pavement maintenance and sidewalk repairs		250,000
Miscellaneous bridge maintenance		50,000
Total	<u>\$1</u>	1,875,000

# Significant Notes to 2022-2023 Planned Amounts

- 1. **819.00 Forestry Services** The increase of \$10,000, or 5.3%, is due to the rise in cost for forestry services as well as trees purchased.
- 2. 937.02 Contract Lane Painting The increase of \$74,810, or 59.7%, represents the cost of a new contractor to perform this work.
- **3. 937.04 Contract Maintenance** The increase of \$6,000, or 8.6%, represents increases for services of lawn mowing (\$1,000), fertilizer & weed control (\$1,000), and landscape contractor (\$4,000).
- 4. 971.01 Machinery & Equipment The budget of \$359,770 represents the two replacement speed boards (\$6,540), the Maple/Elm/Poppleton modernization project (\$210,000), and the Adams/Derby modernization project (\$143,230).
- 5. 981.01 Public Improvements The \$5,035,000 is for the following projects:

Old Woodward – Phase III, Brown - Landon	\$ 4,000,000
Outside Engineering and Inspection	200,000
S. Old Woodward – S. End, Landon - Lincoln	100,000
E. Maple (Patching) NHPP Funding	250,000
N. Old Woodward – N. End, Oak - Woodward	125,000
Derby Rd – N. Eton - Coolidge	60,000
Pavement maintenance and sidewalk repairs	250,000
Miscellaneous bridge maintenance	50,000
Total	<u>\$5,035,000</u>

# **FUND SUMMARY**

# **Local Street Fund**

The Local Street Fund is used to account for construction, maintenance, and other authorized operations pertaining to all streets classified as "Local Streets" within the City of Birmingham. Local Streets are designated by the State Highway Commission under the provisions of Act 51, Public Act (P.A.) 1951, as amended.

The Department of Engineering and Public Services are responsible for the maintenance, resurfacing and paving of approximately 63 miles of local streets. Street maintenance includes: repair of potholes; crack sealing; cleaning of catch basins; pulverizing and cape-sealing programs for oil-mat streets; mowing of rights-of-way; snow and ice control; care of City trees along street rights-of-way; and bridge maintenance and repair. The Police Department is responsible for traffic services and coordinates the replacement of signs, signals and pavement markings. The Police Department, in conjunction with the Multi-Modal Transportation Board, assists in the evaluation of traffic-flow patterns within the City.

## **Fund Overview**

City of Birmingham, Michigan Statement of Revenues, Expenditures and Changes in Fund Balance Local Street Fund								
Description	Actual	Budget	Projected	Recommended	Planned	Planned		
	<u>2018-2019</u>	<u>2019-2020</u>	<u>2019-2020</u>	<u>2020-2021</u>	<u>2021-2022</u>	<u>2022-2023</u>		
Revenues	\$ 3,529,622	\$ 3,013,880	\$ 3,371,160		\$ 3,674,190	\$ 3,954,670		
Expenditures	(3,859,320)	(3,773,835)	(3,613,250)		(3,392,330)	(3,496,060		
Revenues over (under) Expenditures	(329,698)	(759,955)	(242,090)	854,240	281,860	458,610		

Below is an overview of the budget for the Local Street Fund. Details and assumptions concerning

The recommended budget increases fund balance by \$849,360 or 63% from the projected 2019 -2020 fund balance. Below is a comparison of the recommended budget ending fund balance as compared to the 5 year forecast as presented at the Long Range Planning Meeting in January 2020.

834,380 \$ 1,352,245

1,594,335

1,594,335

\$

Beginning Fund Balance

Ending Fund Balance

1,924,033

\$ 1,594,335

2,206,485

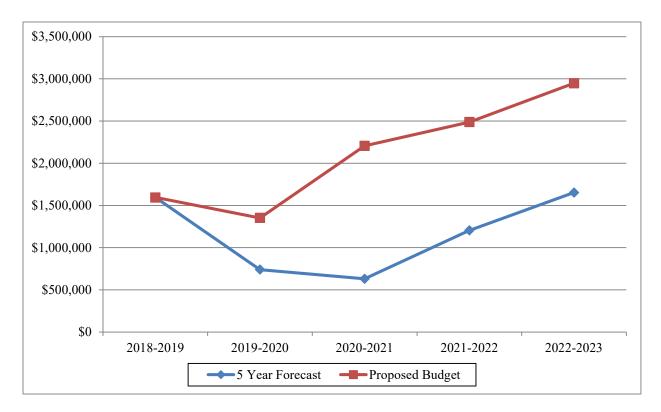

\$ 2,488,345

1,352,245

\$ 2,206,485

2,488,345

\$ 2,946,955

The proposed budget's fund balance is higher than the 5 year forecast model by approximately \$1,574,899 at the end of fiscal year 2020-2021, \$1,284,032 at the end of fiscal year 2021-2022 and \$1,293,543 at the end of fiscal year 2022-2023. Significant differences between the forecast and the proposed budget for 2020-2021 include: an increase in ending 2019-2020 fund balance of \$849,000, a \$500,000 increase in transfers from the General Fund and \$390,000 less in capital expenditures. Significant differences for 2021-2022 include \$500,000 decrease in transfer from the General Fund, \$382,000 increase in special assessment revenue and \$75,000 more in capital expenditures. Significant differences for 2022-2023 include \$500,000 increase in transfer from the General Fund, \$322,000 decrease in special assessment revenue, and a \$375,000 increase in capital expenditures.

### **Revenue** Assumptions

The Local Street Fund derives revenues primarily from gas- and weight-tax distributions from the state, operating transfers from the General Fund and payments received from special assessments. The process to estimate gas- and weight-tax revenues for the budget assumes the Act 51 funding formula currently in effect. Gas and weight-tax revenues for fiscal year 2020-2021 are estimated to be higher.

Gas- and weight-tax distributions from the state provide approximately 18% of the funding for streetmaintenance and construction costs for fiscal year 2020-2021. Locally raised revenues and fund balance reserves must be used to offset the remaining costs. The recommended budget includes a transfer from the General Fund to the Local Street Fund of \$3,000,000. This transfer will also allow the Local Street Fund to maintain sufficient reserves.

### Expenditure Assumptions

Recommended Local Street expenditures for fiscal year 2020-2021 total \$3,043,270, representing a decrease of \$730,565, or 19% from fiscal year 2019-2020 budget.

Capital improvements totaling \$1,250,000 represents 41% of the total budget for fiscal year 2020-2021. This amount includes the following road work:

- \$550,000 Resurfacing project on Lakeview Ave.
- \$250,000 Quarton Lake Phase II (Brookwood, Lyonhurst, N. Glenhurst, Westwood)
- \$325,000 for pavement maintenance.
- \$125,000 for concrete repairs in conjunction with sidewalk replacement.
- \$50,000 for bridge maintenance and repairs.

A detailed listing of all Local Street improvements is included in the Capital Improvements section of this document. Also, see the following maps:

# Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

1. 703.00 Administrative Cost – This account represents wages paid for administrative services performed by the following departments.

Police	\$ 50,380
Finance	25,870
Engineering	35,430
Total	<u>\$111,680</u>

- 2. 729.00 Operating Supplies The increase of \$7,000, or 6.2%, reflects the cost of sign reflectors (\$5,000) and an increase in cost for street tree purchases (\$2,000).
- **3. 804.01 Engineering Consultants** The increase of \$15,000, or 150.0%, represents additional resources to assist in reviewing and planning road projects.
- 4. 819.00 Forestry Services The increase of \$23,990, or 5.5%, relates to the rise in cost for our current contracts for forestry services.
- 5. 937.04 Contract Maintenance The decrease of \$489,600, or 84.3%, mainly is the result of a cape seal project performed in 2019-2020.
- 6. 941.00 Equipment Rental or Lease The increase of \$26,600, or 10.5%, is a result of an additional need for equipment and rising costs of rental charges.
- 7. 981.01 Public Improvements The \$1,250,000 is for the following projects:

Quarton Lake Phase II - Resurfacing	\$ 200,000
Bridge Maintenance	50,000
Additional Engineering and Inspection	100,000
Lakeview – SAD, Harmon - Oak	550,000
Annual Pavement & Sidewalk Program	350,000
Total	<u>\$1,250,000</u>

## Significant Notes to 2021-2022 Planned Amounts

- 1. 819.00 Forestry Service The increase of \$25,000, or 5.4%, relates to the rise in cost for our current contracts for forestry services.
- 2. 937.04 Contract Maintenance The budget of \$326,000 primarily represents cape seal projects (\$300,000), lawn mowing service (\$11,000), weed control service (\$5,000), and general maintenance and cleaning (\$10,000).

3. 981.01 Public Improvements – The \$1,325,000 is for the following projects:

Townsend St. – Southfield Rd. to Chester St.	\$ 400,000
Bridge Maintenance	50,000
Additional Funding for Unimproved Streets	500,000
Additional Engineering and Inspection	100,000
Pavement and sidewalk maintenance	275,000
Total	<u>\$1,325,000</u>

# Significant Notes to 2022-2023 Planned Amounts

- 1. **819.00 Forestry Service** The increase of \$20,000, or 4.1%, relates to the rise in costs for our current contracts for forestry services.
- 2. 937.04 Contract Maintenance The decrease of \$298,000, or 91.4%, is a return to normal operating costs for lawn mowing, general maintenance, and cleaning.
- 3. 981.01 Public Improvements The \$1,700,000 is for the following projects:

Hazel – Old Woodward to Woodward	\$ 150,000
Edgewood – Lincoln to Southlawn, Curbs & Asphalt	625,000
Bridge Maintenance	50,000
Additional Funding for Unimproved Streets	500,000
Additional Engineering and Inspection	100,000
Pavement and sidewalk maintenance	275,000
Total	<u>\$1,700,000</u>

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **Community Development Block Grant**

Oakland County receives block-grant funds annually from the federal department of Housing and Urban Development as an "urban county" by formula. The City of Birmingham is one of 53 communities in Oakland County which participate in the Urban County program. Funds from this program can only be used to support approved activities, as authorized in the current Housing and Community Development Act. One of the primary functions of the Community Development Act is to allow local communities the opportunity to structure a program to meet their own specific needs.

The City of Birmingham has been a recipient of Community Development Block Grant (CDBG) funds for 31 program years and to date has received funds totaling \$1,298,067 under this program. Funding received may only be used for activities directed at meeting specific objectives. For Birmingham, these program objectives include providing: barrier-free access to all City buildings and facilities; public-services activities and minor home repair to senior and/or low- and moderate-income and handicapped households to maintain their homes; and recreational equipment accessible to handicapped persons.

Activities which have been undertaken in past years to meet program objectives have included: Yard and Senior Outreach Services; Municipal Building, Ice Arena, Allen House Museum and Public Services building barrier-free design projects; Housing Rehabilitation Program; and handicapped-accessible ramping and walkways on public streets and in public facilities.

The 2020-2021 budget is based upon the application for CDBG funding submitted to Oakland County in December 2019. The projects in the application include:

Yard Services		\$ 7,327
Senior Outreach Services		3,500
Minor Home Repair		25,263
	Total	\$36.090
	Total	<u>\$30,090</u>

The program year for the CDBG grant extends from July 1 to June 30. It is anticipated that funding will remain at the same level for fiscal year 2021-2022.

# **FUND SUMMARY**

# Solid-Waste Fund

The Solid-Waste Disposal Fund provides for all costs associated with the collection and disposal of solid waste from residential areas. A private refuse-collection company under contract with the Southeast Oakland County Resource Recovery Authority (SOCRRA) provides residential collection for the City through fiscal year 2027. The current contract, which was initiated on July 1, 2007, provides for curbside collection of yard waste, recyclables separated from other mixed refuse and the pick up of bulky items on regularly scheduled collection days. Household hazardous waste and electronic equipment must be dropped off at SOCRRA by appointment.

The season for yard waste collection begins the second Wednesday in April and runs through the third Friday in December. Grass is collected from curbside locations when placed in durable (plastic, metal, etc.) containers or the brown Kraft-type paper yard-waste recycling bags. Yard waste placed in plastic bags is no longer collected. Under current practice, leaves may be placed in durable (plastic, metal, etc.) containers or lawn paper bags for curbside collection. Leaves placed in plastic bags are not collected.

Following are the approximate volume/tonnage-totals resulting from collection of disposable materials from the most recent full-year recording period (2018-2019 fiscal year):

*Municipal Solid Waste* – 9,162 tons were collected and hauled to the Southeastern Oakland County Resource Recovery Authority (SOCRRA) facility.

*Landfill Material – City –* 3,065 tons of water/sewer excavation material were picked up by private contractor from the Public Services yard and hauled to a private disposal area.

*Compost* – 4,240 tons of yard waste, leaves and grass were hauled to the SOCRRA facility. SOCRRA in turn provides the City, free of charge, composted material for use by residents for flower beds and yard use. City residents use approximately 1,000 yards of compost annually.

*Recyclable Material* – 2,656 tons of recyclable material were collected and hauled to the SOCRRA facility. In an effort to increase recycle tonnage; the City of Birmingham has expanded recycling in the downtown business district with the placement of eight recycle containers in high foot-traffic areas. This experimental program is an example of the many "green initiatives" Birmingham is undertaking. The regional authority markets recyclables and credits bi-monthly billings back to authority members based on respective tonnage collected.

### Services Provided by DPS

- The City also offers residents the use of a heavy-duty truck for its Fill-A-Dump (Truck) Program. The charge for this service is \$300 to offset related expenses for labor, equipment and disposal fees.
- Another program included in the Solid-Waste Fund is removal of invasive species of plant and woody material from the Rouge River Basin. Birmingham is recognized as a leader in the removal of invasive species of plant material. Work is done primarily along the City's 1.75-mile Rouge River trail system.

# Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 702.00 Salaries and Wages Direct The increase of \$3,170 or 3.0%, reflects scheduled union wage increases.
- 2. 729.00 Operating Supplies This account is for recycling bins, lids, and trash bags.
- **3. 799.00 Equipment** < **\$5,000** This amount is for replacement dumpsters for the apartment/condo lease program and dumpsters used for special events. These items were previously budgeted in account **971.01 Machinery and Equipment**.
- **4. 827.01 Residential Refuse Pickup** The increase of \$51,210, or 3.0%, reflects the change in the cost of refuse collection.
- 5. 941.00 Equipment Rental or Lease The increase of \$5,000, or 3.7%, reflects the increase in rental usage and charges.

Significant Notes to 2021-2022 Planned Amounts

1. 827.01 Residential Refuse Pickup – The increase of \$52,750, or 3.0%, reflects the anticipated change in the cost of refuse collection.

Significant Notes to 2022-2023 Planned Amounts

1. 827.01 Residential Refuse Pickup – The increase of \$90,550, or 5.0%, reflects the anticipated change in the cost of refuge collection.

# Law and Drug Enforcement Fund

This fund accounts for federal and state shared forfeitures. Federal funds are the product of our participation in a United States Department of Justice Drug Enforcement Administration task force from 1991 through 2012. Although the Department is no longer an active participant with the task force, federal forfeitures are still received as cases that our officers investigated are adjudicated with revenues accordingly shared.

The Law and Drug Enforcement Fund also includes state forfeitures received from local drug law enforcement activity and the Department's membership in the Oakland County Narcotics Enforcement Team that was initiated in 2013. The use of state forfeiture funds was previously limited to expenditures related to drug law enforcement activities, however that restriction was repealed in 2011 with an amendment to Michigan's forfeiture statute.

# **DEBT ADMINISTRATION**

Debt-Service Funds account for the payment of principal and interest on bonds and contracts for governmental funds. Debt-Service Funds are required only when they are legally mandated, or if revenues are being accumulated for general long-term principal and interest payments maturing in future years. The most common type of general long-term debt accounted for in Debt-Service Funds is the General-Obligation (GO) Bond.

Payment of principal and interest on bonds and contracts related to enterprise funds are recorded in their respective funds.

#### 2020-2021 COMPARISON SCHEDULE DEBT-SERVICE FUND REVENUE BY SOURCE

## Borrowing Authority/Outstanding Debt

Chapter VIII, Section I, of the City of Birmingham's City Charter, adopted April 3, 1933, sets forth the general borrowing power of the City, as follows:

Subject to the applicable provisions of state law and this Charter, the City Commission, by proper ordinance or resolution, may authorize the borrowing of money for any purpose within the scope of the powers vested in the City and the issuance of bonds or other evidences of indebtedness of the City therefore, and may pledge the full faith, credit and resources of the City for the payment of the obligations credited thereby.

The City Charter also stipulates that the City may borrow, subject to the general laws of the state, in anticipation of the payment of special assessments made for defraying the cost of any public improvements.

In compliance with the Uniform Budget Act of 1978, a summary of the City's total indebtedness as of June 30, 2020, the principal and interest payments required for fiscal 2020-2021, 2021-2022 and 2022-2023 and the funding sources are detailed in the schedules below. Total indebtedness will be \$9,539,280, \$6,538,535 and \$4,857,715 at June 30, 2020, 2021 and 2022, respectively. Total principal payments will be \$3,000,745, \$1,680,820 and \$1,570,210 for fiscal years 2020-2021, 2021-2022 and 2022-2023, respectively. Interest requirements will be \$242,083, \$193,650 and \$158,911 for fiscal years 2020-2021, 2021-2022 and 2022-2023, respectively.

# Legal Debt Limit

Under Act 279 of 1909, the City's indebtedness is subject to a legal debt limit of 10% of the total assessed valuation of both real and personal property in the City. The City's assessed valuation as of June 30, 2020, is \$3,265,151,790 which means the City's legal debt limit is \$326,515,179. The City's total indebtedness at June 30, 2020 is \$9,539,280, or 2.9%, of the total limit allowed.

### General-Obligation Bonds

The City's outstanding general-obligation bonds will total \$7,885,000, \$5,425,000 and \$4,115,000 at June 30, 2020, 2021 and 2022, respectively. These bonds were issued for sewer and park improvements.

### **Contractual Obligations**

Contractual obligations will total \$1,654,280, \$1,113,540 and \$742,720, at June 30, 2020, 2021 and 2022, respectively. This amount represents the City's portion of Oakland County bonds related to the George W. Kuhn retention/treatment facility and the North Arm Project.

### Net Bonded Debt Ratios

The ratio of net bonded debt to assessed value and the amount of net bonded debt per capita are useful indicators to municipal management, citizens and investors of the City's debt position.

	Estimated 2020	<u>2019</u>
Net bonded debt	\$9,450,280	\$12,421,785
Ratio of net bonded debt to assessed value	0.27%	0.36%
Debt per capita	\$465	\$611

**Debt** Policy

The City's policy is to balance the sources of funding, constrain bonded indebtedness and support needed investment in capital facilities so that the City remains a desirable location for residence, employment and investment.

Both the City Administration and City Commission are committed to maintaining the outstanding credit rating the City enjoys in national bond markets, which is AAA with Standard & Poor's Corporation, and AAA with Fitch, Incorporated. The City remains among a few exceptional local governments nationwide with similar ratings.

## Description of Outstanding Debt

### <u>Debt-Service Funds</u>

The City's Debt-Service Funds are used to account for the accumulation of resources for, and the payment of, the following general-obligation bonds:

*Parks and Recreation Bonds* – To accumulate monies for the payment of the 2016 bond issue. The 2016 \$14,375,000, general-obligation refunding bonds, refunded the 2006 Parks and Recreation Refunding Bonds, a portion of the 2008 Parks and Recreation Bonds, and the 2004 Sewer Improvement Refunding Bonds. \$10,360,000 of the \$14,375,000 bond issue was used to refund the above park and recreation bond issues. The refunding bonds are serial bonds due in varying annual installments through October 2028. The bonds bear interest rates ranging from 2% to 5%. The original bond proceeds were used to acquire, construct, furnish, equip, and renovate parks and recreation improvements, including land and facilities acquisition and related site improvements located in the City. Property taxes levied in excess of actual requirements are legally restricted to servicing this debt.

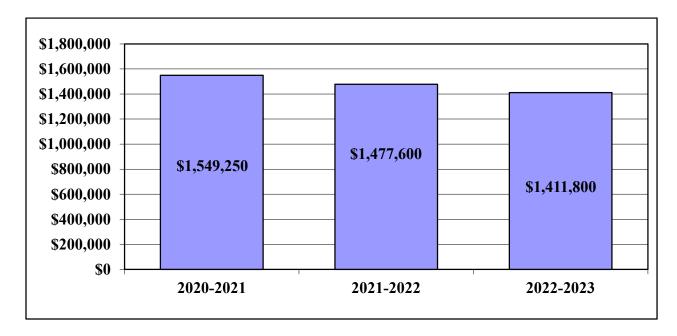

### Sewage Disposal Fund

*Sewer Improvement Bonds* – To accumulate monies for the payment of the 2016 \$14,375,000, general-obligation refunding bonds. The 2016 \$14,375,000, general-obligation refunding bonds, refunded the 2006 Parks and Recreation Refunding Bonds, a portion of the 2008 Parks and Recreation Bonds, and the 2004 Sewer Improvement Refunding Bonds. \$4,015,000 of the \$14,375,000 bond issue was used to refund the 2004 sewer improvement bond. The refunding bonds are serial bonds due in varying annual installments through October 2028. The bonds bear interest rates ranging from 2% to 5%. The original bond issue was used for sewer relief and repair and was part of a \$31.9 million ten-year Sewer Improvement Program. Property taxes levied in excess of actual requirements are legally restricted to servicing this debt.

*George W. Kuhn Drain* – To accumulate monies for the payment of the City's portion of Oakland County Drain Commission bonds related to the George W. Kuhn Drain Project. The cost of the project, which was completed in early 2010, was \$139,500,000. The County has issued eight bonds related to this project in the amount of \$130,760,000, of which \$6,205,500 is attributable to the City. The bonds bear interest rates ranging from 1.6% to 4.375% and mature in April 2029. Financing is provided through property taxes levied under the City's operating millage.

*North Arm Drain* – To accumulate monies for the payment of the City's portion of bonds related to the North Arm Drain Project, which was completed in September 2000. The funding for this project came from the State Revolving Loan Fund and totaled \$13,877,387, of which \$3,015,616 is attributable to the City. The bonds bear an interest rate of 2.25% and mature in October 2020. Financing is provided through property taxes levied under the City's operating millage.

# 2020-2021, 2021-2022 and 2022-2023 Debt-Service Fund Park & Recreation Bond Expenditures

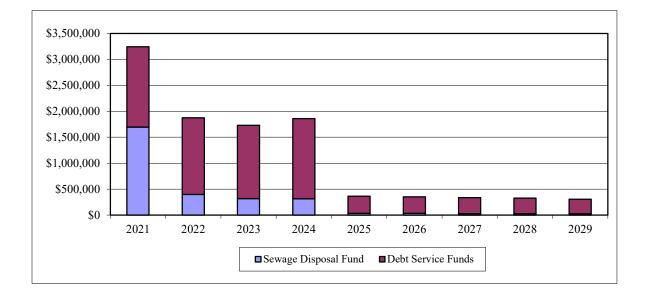

The annual requirements to pay both principal and interest on the bonds and contracts outstanding at June 30, 2020 are as follows.

Fiscal Year		
Ending	Sewage Disposal	<b>Debt Service</b>
	Fund	Fund
2021	\$ 1,694,378	\$ 1,548,450
2022	397,670	1,476,800
2023	318,121	1,411,000
2024	315,230	1,542,050
Remainder (2025-2029)	438,830	1,534,100
TOTAL	<u>\$ 3,164,229</u>	<u>\$7,512,400</u>

# Schedule of Indebtedness

This graph shows principal and interest payments of the City's bonded debt by fund. The graph shows how many years until the debt is retired and the amounts necessary to fund the debt every year. Graph lines that drop dramatically from one year to the next indicate that a bond issue has been retired.

# **PERMANENT FUNDS**

Permanent Funds are used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the City's programs – that is, for the benefit of the City or its citizenry.

City of Birmingham, Michigan 2020-2021 Recommended Budget

# **FUND SUMMARY**

# **Greenwood Cemetery Perpetual Care Fund**

On October 13, 2014, the City Commission established the Greenwood Cemetery Perpetual Care Fund as allowed under Act 215 of 1937. The purpose of the fund is to account for the investment earnings on the sale of City-owned plots and donations which will be used for the perpetual care and maintenance of the Greenwood Cemetery.

Funds received from the sale of plots are considered public funds and are invested in accordance with P.A. 20 of 1943, P.A. 215 of 1937, and the City's Perpetual Care Funds Investment Policy.

### **Revenue** Assumptions

The sale of cemetery plots is currently the main source of revenue for this fund. As the funds continue to grow, investment earnings on the sale of the plots and any donations will be the main operating revenue for this fund. The City anticipates revenues from the sale of plots to be approximately \$60,000 for each of the next three years. Only investment earnings on the sale of plots and donations can be used for the care and maintenance of the cemetery.

### Expenditure Assumptions

The recommended budget for 2020-2021 includes \$20,000 for ground penetrating radar services.

## **Automobile Parking System**

The City of Birmingham Automobile Parking System (APS) consists of the following:

	Spaces
Five (5) Parking Structures Three (3) Metered Parking Lots Street Meters Off Street Permit Only- Surface Lot	3,579 242 1,031 35

Total 4,987

City of Birmingham Parking Assessment District

An Advisory Parking Committee (APC), consisting of nine (9) members, considers parking matters and makes recommendations to the City Commission. The Assistant City Manager is an ex-officio member of the Committee. There were a total of 1,626,912 transactions at the five municipal parking garages and 3,444,754 transactions at the on-street meters in 2018-2019. The monthly average for vehicles using the APS in 2018-2019 was 422,638. This represents a 2% increase in transactions over 2017-2018.

## Revenue

The primary revenue sources for the APS Fund are derived from parking fees generated by the City's five (5) parking structures, meter collections from three (3) surface lots, and meters located in the downtown area.

Revenue at the end of fiscal year 2018-2019, which ended June 30, 2019 totaled \$8,667,023. As of June 30, 2019, there was a total reserve of \$17.9 million fund, a significant amount of this reserve will be used to support necessary capital improvements throughout the parking system. Increased sales of discount monthly permits will reduce system revenues slightly in the short term as the City works toward reduction of the waitlist. The individuals that were on the waitlist currently park in the garages at the full daily rate and pay roughly \$200 per month in parking fees. The new permit holders will be paying less once they are no longer paying the daily rate. The APC is working toward a recommendation to increase the cost of the monthly permits from \$70 to \$90 to account for the shift in revenue, while maintaining a very attractive discounted rate. Demand for parking permits has remained strong at 3,700 unique individuals on the waitlist for parking. The APC is working to reduce the waitlist and has done so by over 400 individuals since November 2019 with the authorization to sell additional passes and monitor occupancy levels in each structure.

The City looks forward to continuously improving the parking environment for the downtown and the proposed budget for Fiscal Year 2020-2021 includes expenditures consistent with enhanced operability and customer satisfaction.

Revenue used to support the day-to-day operations of the Automobile Parking System is derived from "Charges for Services," which at June 30, 2019 represented approximately 99% of total revenue in the APS fund. Revenues generated from the five (5) parking decks represent approximately 70% of the total budgeted revenue for this category. Included within this revenue source are monthly permit rates, which are as follows:

Pierce	\$70.00
Peabody	\$70.00
Park	\$70.00
Chester	\$50.00
North Woodward	\$70.00

These rates have not been adjusted since 2017, the proposed budget will recommend an increase in the monthly permit rate to support the increased sales of this deeply discounted pass. For regular parking customers, the first two (2) hours of parking in the parking structures are free. After the first two (2) hours, the cost for parking in the structure is \$2.00 per hour, up to the maximum daily rate, which is \$10 per day at all parking structures. These represent increases from \$1.00 to \$2.00 per hour (all structures) and from \$5.00 to \$10.00 per day (4 of the 5 structures) that became effective July 1, 2016.

Surface lots and street meters account for roughly 28% of the budgeted revenue received from "Charges for Services." Current on-street parking rates in the center of downtown are \$1.50 per hour, including Lot No. 7 adjacent to Shain Park. The metered parking in the outlying areas around downtown is \$1.00 per hour.

The remaining 2% of the budgeted revenue received from "Charges for Services" is from miscellaneous sources, including valet parking licensing fees and lease payments for on-street dining decks that locate in existing on-street metered parking spaces.

#### Expense

The five (5) City-owned parking structures are operated and managed by Standard Parking Plus (SP+). The Assistant City Manager is responsible for overseeing the work of SP+. They are also responsible for administering the maintenance and operation of the attended parking facilities. They have had the responsibility of managing parking operations for over five decades with the City and were successful in a competitive bid process that occurred in 2019 to research the market for other available service providers. The agreement with SP+ and the City was updated to include key performance indicators that are tied directly to their monthly operator fees and are much clearer with respect to roles and responsibilities. The on-street parking meters are operated and maintained by Civic Smart. The Police Department is responsible for overseeing the work of Civic Smart. Total expenses for fiscal year 2018-2019, ending June 30, 2019 were \$5,152,835.

Staff is also working to develop a systems integration plan for the technology that supports the parking system. The garages host a Skidata software system and the parking meters are provided by Civic Smart. There have been several issues with the credit card technology, speed of processing, visibility issues, and lack of options (garage) for payment. As staff worked through the process of developing the first on-street/off-street mobile parking application, there were many system limitations that delayed the project. The processing delays, coupled with customer complaints and the knowledge that the 2G platform that supports the parking meters will no longer be available at the end of 2021 have inspired the conversation around upgrading the technology to support the parking system. In the last three years, there have been significant advances in parking technology that the City is currently researching. A full recommendation is being developed and will be discussed with the APC, who will make a final recommendation on technological improvements to the Commission by Fall 2020. Costs are being evaluated and the implementation is expected to be done in phases.

## **Capital Improvements**

The elevated public parking structures in the system range in age from 32-54 years of age. The oldest of them is the N. Old Woodward structure and the youngest being Chester. A full system safety and structural assessment of all elevated parking structures will be completed in the Summer of 2020 with a comprehensive recommendation on repairs and rehabilitation needs, in priority order and with accompanying cost estimates.

## Pierce Street Garage

It was anticipated that repair and rehabilitation work at the Pierce Street structure would begin during this fiscal year. The most pressing concern at this location is the drainage. Work to replace and repair much of the drainage system that had not been addressed since the 1980's has begun in earnest. The need to ensure that moisture is properly flowing away from the structure is of paramount importance when working with a deck comprised of concrete and rebar. This improvement is currently underway. Simultaneously, a three-dimensional laser scan of the Pierce Street structure has been taken as the original as-built drawings could not be located. In order for the structural assessment to be conducted properly, the scan was required so that they may have an accurate understanding of the loads that the structure has been designed to support. The costs for repair and rehabilitation are not fully known at this time. There have been place-holders included for capital improvements in each of the garages that attempt to capture the potential costs, but are subject to change once the assessment is complete.

## N. Old Woodward Garage

Last year, there was an emergency project at the N. Old Woodward garage to addressing rising ground water that was interfering with the electrical system that supports elevator operations. In February 2020, a major, unplanned infrastructure project at the N. Old Woodward parking deck involving complete façade removal was introduced. The funding was available to accommodate this project, due to a preexisting line item for capital outlay that was budgeted for this garage to support a project that involved demolishing the structure. This line item was sufficient to address the immediate safety concerns involved with the façade removal and installation of the vehicle barrier system. Additional funds are being included in the proposed 2020-2021 budget to fund options for the exterior façade when the decision is made on how to proceed with Bates Street redevelopment and the plan for the existing structure.

## Park Street, Peabody, and Chester

The visual observations of each deck are on-going. Estimates for these decks will be treated as placeholders in future years as it is anticipated that the repairs and rehabilitation work in these garages will not occur for another three years.

## Lot #6 (Old Woodward and Harmon St)

During fiscal year 2019-2020, the project to increase parking capacity, improve access to the Rouge River and install a bio-swale at the site to minimize contaminants flowing from the parking lot was completed. The total project cost was \$670,000. Upon project completion, the remaining 26 individuals on the waitlist were issued parking permits and there are no waitlist members at this location.

## Systems Integration

An assessment of current technology is underway and a full report and recommendation for implementation is expected to be presented by Fall 2020. The recommendation will address the payment technology for the garages and meters that offer frictionless parking opportunities, enhanced safety and security options that may integrate with enhanced LED lighting and interactive kiosks, and the necessary technological infrastructure needed to support a more robust and connected system. These systems will be subscription based to give the City the greatest access to upgrade to the most recent technologies with little to no service disruption or major capital investments in the near future.

## Other Parking Amenities

The City sponsored on-street valet continues to be a very popular program. There are two stands in operation (Hamilton and S. Old Woodward) that average roughly 400 cars per week. The proposed budget recommends continuation of the City sponsored on-street valet program and the numbers are increased to support the Maple Road construction that will allow us to offer free valet.

There are opportunities to increase the user friendliness and attractiveness in the parking garages that are being discussed by the APC and will be introduced either during repair and rehabilitation projects or immediately following. Amenity bays built in test garages that offer complimentary umbrellas, free air for tires, and squeegee and windshield washer tools among other customer service features in

the garage. The garages will also be restriped and the accessible parking spaces in the garage will be reconfigured to meet current ADA guidelines.

The mobile parking application is in the beta testing phase and is being evaluated by staff and the members of the Advisory Parking Committee. This system will be rolled out to users in the Spring of 2020.

## Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 811.00 Other Contractual Service The increase of \$391,242, or 143.3%, reflects new contracts for parking strategy consultants, structural engineer and parking signage plan.
- 2. 828.01 Parking Operations This account represents fees paid for management of the parking decks, and reflects the anticipated fees for the fiscal year.
- **3. 851.00 Telephone** The increase of \$4,880, or 20.5%, represents the cost for replacement phones for parking staff.
- **4. 901.00 Printing & Publishing** The increase of \$9,000, or 900.0%, reflects the cost of the new parking application.
- 5. 901.03 Promotion The decrease of \$75,000, or 48.4%, reflects a return to normal budget amounts.
- 6. 930.02 Elevator Maintenance The decrease of \$11,480, or 30.6%, shows the return to normal budget amounts.
- 7. 933.09 Parking Meter Wireless & Maintenance Fees This account represents fees associated with the new parking meters.
- **8. 933.10 Parking Meter Sensor Maintenance** This account represents maintenance associated with the sensors of the parking meters.
- **9. 933.12 Handheld Parking Enforcement** This account represents hardware for parking enforcement, as well as, software support and maintenance.
- **10. 971.01 Machinery & Equipment –** The \$60,400 is for portable radios for parking enforcement and kiosk displays at 2 parking structures.
- **11. 971.02 Parking Meters** The budget of \$120,500 is comprised of 4G modem and display upgrade for meters (\$115,000) and LNG parking meters (\$5,500).
- 12. 977.00 Buildings The \$2,900,000 is an estimate for the Pierce Street Parking Structure rehabilitation (\$2,100,000) and the North Woodward structure project (\$800,000).
- **13. 981.01 Public Improvements** The budget of \$90,000 represents the cost for parking structure signs and integrated off street on street parking application development.

## Significant Notes to 2021-2022 Planned Amounts

- 1. 811.00 Other Contractual Services The decrease of \$187,750, or 28.3%, reflects an anticipated reduction in structural engineering services from the prior year.
- 2. 977.00 Buildings The budget of \$775,000 is for the Park Street Parking Structure rehabilitation.
- **3. 981.01 Public Improvements** The budget of \$75,000 is represents costs for the integrated off street on street parking application (\$50,000) and Lot #6 rehabilitation (\$25,000).

## Significant Notes to 2022-2023 Planned Amounts

- 1. 811.00 Other Contractual Service The decrease of \$144,180, or 30.3%, reflects normal budgeting amounts.
- 2. 971.02 Parking Meters The budget of \$25,000 is associated to costs to replace damaged parking meters.
- **3. 977.00 Buildings** The budget of \$3,375,000 reflects the painting of Park Street Structure levels four and five (\$75,000), North Woodward Structure project (\$2,800,000), and Chester Structure project (\$500,000).

City of Birmingham, Michigan 2020-2021 Recommended Budget

# Water-Supply System Receiving Fund

This fund is used to account for all revenues and expenses of the water-supply system. Birmingham purchases water from the Southeastern Oakland County Water Authority (SOCWA), which buys it from the City of Detroit. The City's water system consists of approximately 101 miles of water mains. It includes approximately 862 hydrants and two elevated water-storage tanks.

Pursuant to Chapter 114, Article IV, Section 114-298 of the City of Birmingham Code, water rates are as follows:

#### Water Rates

Meter Size	Quarterly <u>Fixed Charge</u>	Monthly <u>Fixed Charge</u>
5/8"	\$ 5.00	\$ 1.67
1"	8.00	2.67
1-1/2"	12.00	4.00
2"	16.00	5.33
3"	24.00	8.00
4"	32.00	10.67
6"	48.00	16.00
8"	64.00	21.33

Additional charge for water used:

For each 1,000 gallons, or part thereof. ..... \$ 4.87

Currently, the system has 8,579 customers who receive water service from the City, of which 7,980 are residential and 599 are commercial accounts.

## **Revenue** Assumptions

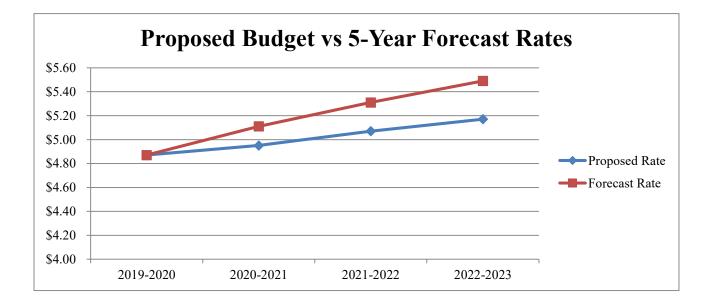

Total revenues are proposed to increase \$20,350, or .3%, to \$6,371,000. The increase in revenues is attributable to an increase in water rates.

## Charges for Services

Of the \$6,371,000 in total proposed revenues, \$4,791,930, or 75%, represents charges for water use and water service fees. Revenue from water use represents \$4,062,930, or 85%, of the total charges for services budget and 64% of the total revenue budget. The proposed budget for 2020-2021 includes a rate increase of \$.08, or 2%. The average residential water bill would remain the same as follows:

Average Annual Bill*	Existing Rates (\$4.87/1,000 gal.)	Proposed Rates (\$4.95/1,000 gal.)	Annual Increase In Dollars	Percentage Increase
Cost of Water	\$438.30	\$445.50	\$7.20	1.6%

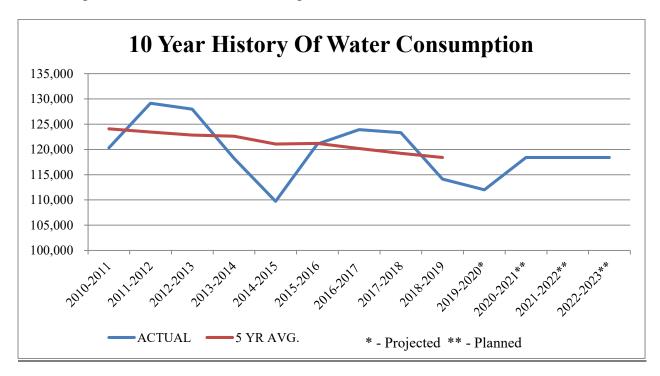

\* Based on 90,000 gallons per year. Assumes no change in average consumption and service through a 5/8" meter.

The proposed rate increase for 2020-2021 is \$0.16 lower than the 5-year forecast. The 5-year forecast assumed that water costs would increase approximately 3%. The proposed budget assumes water costs will be approximately the same as the prior year as explained below.

Other charges for services, excluding water rates, are expected to remain at 2019-2020 levels. Revenue from other charges is used to offset operating costs.

The 2020-2021 proposed rates use a 5-year moving average for planned consumption which smooths variances in consumption due to weather conditions. As shown below, there is a downward trend in water consumption in the City which is also happening at both regional and national levels. Lower water consumption will cause higher water rates as water maintenance costs are spread over fewer units of consumption.

## Interest

Interest income is projected to remain the same 2020-2021 as interest rates increase. By state law, the City is limited in what securities it can invest in (mostly in governmental fixed income securities or bank certificates of deposit). The forecasted return on the City's general investments is expected to remain around 1.8% for 2020-2021.

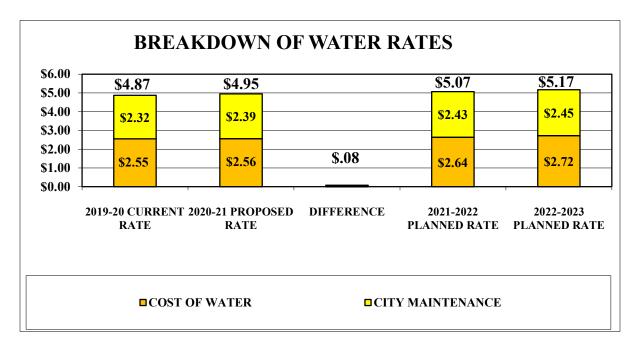

## Property Taxes

The proposed budget includes \$1,500,000 in property taxes which will be used for capital improvements and lead service line replacements.

## Expense Assumptions

Proposed operating costs of the Water-Supply Receiving Fund (which excludes capital outlay and lead service line replacement) for fiscal year 2020-2021 are \$4,868,930, an increase of \$140,910, or 3% from the prior year's original budget. Capital outlay of \$1,370,000 and lead service line replacement of \$800,000 has been proposed, for a total budget of \$7,038,930.

As the chart below shows, the water rate basically consists of two costs: the cost of water purchased from Southeastern Oakland County Water Authority (SOCWA) and the City of Birmingham maintenance charge.

The cost of water is the single, largest expense in the Water-Supply System Receiving Fund. It comprises approximately 43% of the operating costs of the system. The City purchases its water from SOCWA. SOCWA is a regional water authority that supplies 11 communities with water. SOCWA purchases its water from the Great Lakes Water Authority (GLWA) and maintains the water mains and pumping stations that service its communities. SOCWA has estimated a rate increase to Birmingham of approximately 0.5%. The final will be determined after GLWA approves its rate increase in April 2020 or May 2020. This increase resulted in this component of the rate to increase \$.01.

The other component of the water rate is City maintenance. This includes operating costs other than water purchases and lead service line replacement less water service revenue and interest income. This component of the water rate is proposed to increase \$.07, or 3%. Operating costs, excluding the cost of water and lead service line replacement, are proposed to increase \$155,780, or 6%, over 2019-2020's original budget. The increase is the result of three factors. First, personnel costs increased \$18,600 as a result of a normal wage and benefit adjustments. Second, contractual services increased by \$88,000 for a new residential cross-connection inspection program designed to prevent contaminates from entering the water system. Last, depreciation is projected to increase \$30,400 as a result of infrastructure improvements.

In June 2018, the State of Michigan adopted the Lead and Copper Rule (LCR). The goal of the updated LCR is to protect public health by reducing lead and copper levels in drinking water. The rule requires water utilities to make an inventory of all water service connections, tell customers if they have a lead service line, and fully replace all lead service lines over the next 20 years. There is no funding from the State for this mandate. To start the process of replacing the lead service lines, the proposed budget includes \$800,000 in other contractual services.

The City expects to replace water mains in connection with the street construction on Westwood Dr., Glenhurst Dr., Lyonhurst Rd., Brookwood, Oak St., Grant St., and Lakeview Ave. In addition,

the City expects to perform rehabilitation work on the Derby water tower. These projects will be funded out of the water fund's reserves and property taxes.

## 2021-2022 and 2022-2023 Assumptions

The planned rate for 2021-2022 is expected to increase \$.12, or 2% as a result of a 3% increase in water and a 2% increase in City maintenance costs.

The planned rate for 2022-2023 is expected to increase \$.10, or 2%, as a result of a 3% increase in water and a 2% increase in City maintenance costs.

## CITY OF BIRMINGHAM 2020-2021 RECOMMENDED BUDGET WATER SUPPLY SYSTEM FUND SUMMARY BUDGET

## Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 702.00 Salaries and Wages Direct The increase of \$12,730, or 3.3%, reflects scheduled union wage increases.
- 2. 703.00 Administrative Cost This account represents wages paid for administrative services by the General Fund employees within this fund. The breakdown of these costs are as follows:

Engineering and Public Services	\$ 62,390
Finance and Treasury	171,620
Total	<u>\$234,010</u>

- **3. 729.00 Operating Supplies** The decrease of \$52,990, or 23.8%, represents unfilled purchase orders from 2018-2019 that were added to the 2019-2020 budget. The \$170,000 represents a normal budget level
- **4. 811.00 Other Contractual Service –** The increase of \$658,230, or 142.9% reflects \$800,000 in lead service line abatement.
- **5. 924.00 Water Purchases** The decrease of \$14,870, or .7%, reflects estimated usage and costs from SOCWA.
- 6. 981.01 Public Improvements The \$2,015,000 is for the following water main improvements in conjunction with street improvement projects:

Lakeview Ave. – Harmon St. to Oak St.	\$350,000
Grant St E. Lincoln Ave to Humphrey Ave.	210,000
Oak St. – Westwood to Glenhurst St	100,000
Oakland Ave. – N. Old Woodward to Woodward	10,000
Derby Water Tower Rehab	200,000
Westwood/Glenhurst/Lyonhurst/Brookwood	500,000
Total	<u>\$1,370,000</u>

## Significant Notes to 2021-2022 Planned Amounts

- 1. 702.00 Salaries and Wages Direct The increase of \$12,590, or 3.1%, reflects scheduled union wage increases.
- 2. 924.00 Water Purchases The increase of \$66,400, or 3.2%, reflects the anticipated increase based on past rate increases.

**3. 981.01 Public Improvements** – The \$1,495,000 is for water main improvements in conjunction with street improvement projects:

Pierce St Lincoln Ave. to Bird Ave.	\$	575,000
Townsend St. – Southfield Rd. to Chester St.		200,000
Redding Rd. – Lakepark Dr. to Woodward Ave.		300,000
N. Adams Ave. – N. end to Madison Ave.		60,000
Peabody St. – Brown St. to Maple Rd.		10,000
Unimproved Local Road	_	350,000
Total	<u>\$1</u>	<u>,495,000</u>

Significant Notes to 2022-2023 Planned Amounts

- 1. 924.00 Water Purchases The increase of \$68,640, or 3.2%, reflects the anticipated increase based on past rate increases.
- 2. 981.01 Public Improvements The \$1,495,000 is for water main improvements in conjunction with street improvement projects:

S. Old Woodward Ave. – Brown St. to Woodward	\$ 135,000
Hazel Ave. – Old Woodward Ave. to Woodward Ave.	25,000
Edgewood Ave Lincoln Ave. to Southlawn Blvd.	50,000
Pierce St. Alley	25,000
Unimproved Local Road	350,000
Total	¢ 595 000
Total	<u>\$ 585,000</u>

City of Birmingham, Michigan 2020-2021 Recommended Budget

## **FUND SUMMARY**

# **Sewage-Disposal Fund**

The City of Birmingham disposes of sewage through two county-operated facilities. The easterly section of the City is served by the Southeastern Oakland County Sewage Disposal District (SOCSDD) Twelve Towns Drain District. The central and westerly sections of the City are served by the Evergreen-Farmington Drain District. The Detroit Sewage Treatment facility treats sewage flows from both districts.

The City's sewer system consists of approximately 116 miles of sewers. Birmingham residents located in the Evergreen-Farmington Drain District are also served by three Combined Sewer Overflow (CSO) retention-treatment basins, which were built to hold combined flow that otherwise would overwhelm the sewer system during heavy rainstorms. Previously, 33 outlet pipes dumped untreated waste into the Rouge River during storms. When the basins went on-line, the overflows were capped, preventing raw sewage from entering the river from those pipes.

Pursuant to Chapter 114, Article IV, Section 114-298 of the City of Birmingham Code, sewer rates are as follows:

Sewer Service Rate

For each 1,000 gallons, or part thereof. ..... \$ 7.82

Pursuant to Chapter 114, Article VI, Section 114-401 of the City of Birmingham Code, storm water rates are as follows:

Evergreen-Farmington Sewage Disposal District			
For each Equivalent Storm Water Unit (ESW	U)		
Quarterly fixed fee	\$ 50.25		
Monthly fixed fee	\$ 16.75		
South Oakland County (GWK) Sewage Disposal District			
For each Equivalent Storm Water Unit (ESW	U)		
Quarterly fixed fee	\$ 62.75		
Monthly fixed fee	\$ 20.92		

## **Revenue** Assumptions

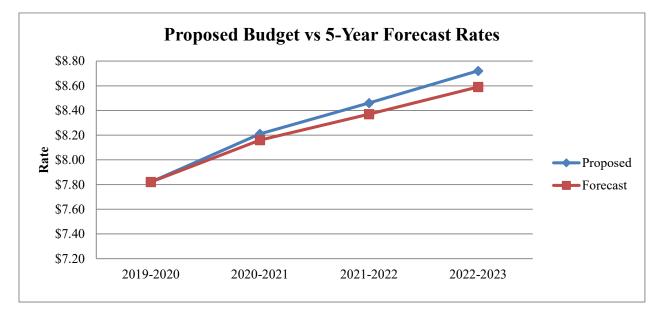

Total revenues are proposed to increase \$417,580, or 4%, to \$11,326,650. Revenues consist of charges for services, property taxes, intergovernmental revenue, and interest income. The increase is primarily the result of an increase in sewer rates.

#### Charges for Services

Of the \$11,326,650 in total revenue, charges for services represent \$9,560,110, or 84%. Sanitary sewage and storm water disposal charges total \$9,490,110 and represent 99% of the overall charges for services revenue and 84% of the total revenue budget. An increase of \$.39, or 5%, to the existing rate has been recommended for 2020-2021, which will affect the average residential sewer bill as follows:

Average Annual Bill	Existing Rate (\$7.82/1000 gal.)	Recommended Rate (\$8.21/1000 gal.)	Annual Increase In Dollars	Percentage Increase
Cost of Sanitary Sewage Disposal	\$703.80	\$738.90	\$35.10	5.0%

\* Based on 90,000 gallons per year. This assumes no change in average consumption and service through a 5/8" meter.

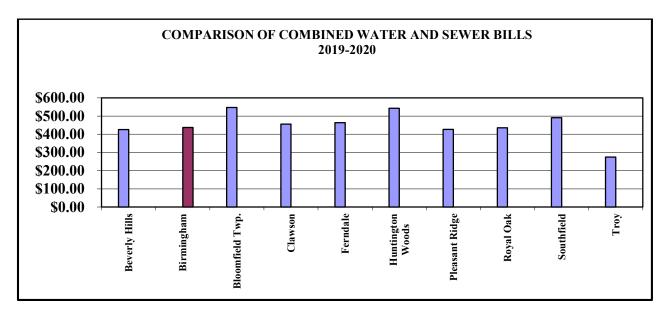

The 2020-2021 proposed rate of \$8.21 is slightly higher than the forecasted rate of \$8.16 mainly due to higher proposed sewage disposal costs than what was originally forecasted.

The rate increase of \$.39, or 5%, is mainly the result of higher sewage disposal costs related to the Great Lakes Water Authority and Oakland County Water Resources Commission (see *Expense Assumptions*).

Below are projected rate increases for the two storm water districts:

Annual Storm Water Bill	Existing Rate (per ESWU)	Recommended Rate (per ESWU)	Annual Increase In Dollars	Percentage Increase
Evergreen-Farmington	\$201	\$219	\$18	9.0%
Southeast Oakland	\$251	\$257	\$6	2.4%

Below is a comparison of the City's 2019-2020 combined water and sewer quarterly bill to other local communities based on a water usage of 30,000 gallons and any other quarterly fixed fees:

## Property Taxes

Property taxes of \$1,694,380, or 15%, of total revenue are recommended. The property taxes will be used to make debt-service payments on the following sewer-related debt: 2016 sewer improvement refunding bond; George W. Kuhn Drain bonds; and the North Arm Drain bond.

## Intergovernmental Revenue

This revenue represents reimbursement from the State of Michigan - Local Community Stabilization Authority for debt service related property taxes lost as a result of personal property tax exemptions filed by businesses.

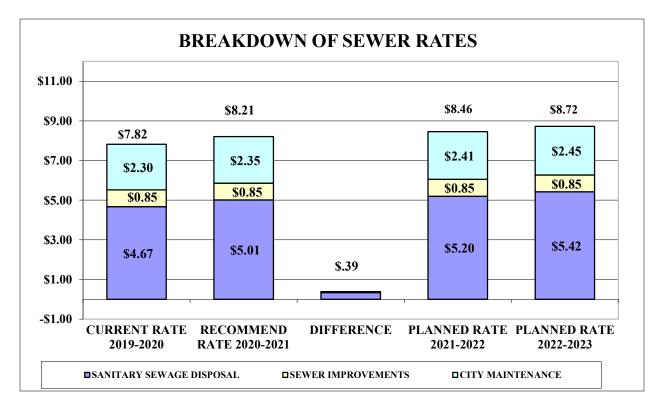

## Interest

Interest income is proposed to remain the same. By state law, the City is limited in what securities it can invest in (mostly in governmental fixed income securities or bank certificates of deposit). The forecasted return on the City's general investments is 1.8% in 2020-2021 through 2022-2023.

## **Expense** Assumptions

Recommended operating costs (which excludes capital outlay and debt service) of the Sewage Disposal Fund for fiscal year 2020-2021 are \$9,725,740, an increase of \$415,160, or 4.5% from the prior year's original budget. Capital outlay totaling \$1,805,000 and debt service of \$48,630 are also recommended, for a total budget of \$11,579,370.

As the chart below shows, the sewer rate basically comprises three components: sewage treatment costs, sewer improvement charges, and City maintenance costs.

## Sanitary Sewage Disposal

The cost of sanitary sewage disposal is the largest expense in the Sewage Disposal Fund. It comprises 42% of the operating costs of the system. The cost of sewage disposal consists of the Oakland County Water Resources Commissioner (WRC) maintenance charges and the Great Lakes Water Authority (GLWA) treatment charges. This portion of the rate is anticipated to increase \$.34, or 7.3% as a result of an approximate 6% increase in costs.

## Storm Water

Storm water consists of charges from the George W. Kuhn Drain and the three combined sewer overflow facilities in the Evergreen-Farmington Sewage Disposal District. George W. Kuhn Drain charges for storm water are anticipated to increase 2% while storm water charges for Evergreen-Farmington are anticipated to increase 9%. Storm water is billed to each property based on the size of the property and the amount of runoff derived from it. For more information

on the City's storm water policy and rate determination, please see our website at www.bhamgov.org/stormwater.

#### City Maintenance

Operating expenses other than sanitary sewage and storm water disposal represent the City's maintenance expenses. The City's maintenance expense is budgeted to increase \$29,460, or 1%, from the 2019-2020 original budget. The increase is mainly the result of an increase in depreciation expense of \$30,130. The increase in maintenance costs resulted in an increase of \$.06 to the rate.

## Capital Improvements

The \$1,805,000 is for sewer improvements in conjunction with street projects (\$1,305,000) on Grant St., Oak St., Westwood Dr., Glenhurst Dr., Lyonhurst Rd., Brookwood, and Lakeview Ave. and for sewer lining (\$500,000). These projects will be financed by sewer rates and reserves of the system.

#### Debt Service

Debt service costs for 2020-2021 include payment of interest on the following bonds: \$11,050 for the 2016 sewer improvement refunding bonds; \$35,570 for the George W. Kuhn Drain bonds; and \$2,010 for the North Arm Drain bonds. The George W. Kuhn and North Arm Drain bond payments are funded by a property tax levy within the City's operating millage. The sewer improvement bond is funded by a property tax levy within the City's debt levy millage.

#### 2021-2022 and 2022-2023 Assumptions

The planned rate for 2021-2022 is expected to increase \$.25, or 3%. Assumptions used for this planned rate include a 4% overall increase in sanitary sewage disposal costs and a 2% decrease in net other operating costs.

The planned rate for 2022-2023 is expected to increase \$.26, or 3%. Assumptions used for this planned rate include a 4% overall increase in sanitary sewage disposal costs and a 2% decrease in net other operating costs.

## Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

1. 703.00 Administrative Cost – This account represents wages paid for administrative services by the General Fund employees within this fund. The breakdown of these costs are as follows:

Engineering and Public Services	\$ 62,390
Finance and Treasury	242,560
Total	<u>\$304,950</u>

- 2. 799.00 Equipment Under \$5,000 This amount represents equipment associated with the Cartegraph contract.
- **3. 811.00 Other Contractual Service** The decrease of \$466,840, or 60.1%, is associated with outside engineering services related to the SAW grant which was completed in 2019-2020.
- 4. 925.02 George W. Kuhn Drain Storm Water Treatment The increase of \$26,780, or 2%, is based on the approved rate increase for storm water costs from the GLWA and OCWRC.
- **5. 925.03 Evergreen-Farmington Sewage Treatment** The increase of \$240,650, or 7.9%, is based on the approved rate increase for sewage disposal costs from the GLWA and OCWRC.
- 6. 927.01 Acacia Park CSO Maintenance This amount represents Birmingham's 28.8% share of the maintenance assessment for the Acacia Park retention basin. The increase of \$28,810, or 12%, reflects the approved assessment from OCWRC.
- 7. 927.02 Birmingham CSO Maintenance This amount represents Birmingham's 96.86% share of maintenance costs for the Birmingham retention basin. The increase of \$67,830, or 8.6%, reflects an estimated increase over the current year costs.
- 8. 927.03 Bloomfield Village CSO Maintenance This amount represents Birmingham's 22.095% share of maintenance costs for the Bloomfield retention basin. The increase of \$22,240, or 8.5%, reflects an estimated increase over the current year costs.
- 9. 941.00 Equipment or Lease Rental The decrease of \$15,000, or 30.0%, is based on prior historic use.

**10. 981.01 Public Improvements** – The \$1,305,000 is for sewer improvements in conjunction with street projects:

Quarton Lake Area	\$ 500,000
Grant – Lincoln to Humphrey	160,000
Oak – Westwood to Glenhurst	185,000
Oakland – N. Old Woodward to Woodward	10,000
Lakeview – Harmon to Oak	450,000
Total	\$ 1,305,000

- 11. 981.02 Sewer Improvements The budget of \$500,000 is for backyard sewer linings.
- **12. 995.04 through 995.07 Sewer-Related Bond Interest** These accounts represent the interest on all sewer-related bonds.

## Significant Notes to 2021-2022 Planned Amounts

- 1. 925.02 George W. Kuhn Drain Sanitary Sewage Treatment The increase of \$32,760, or 4.0%, represents an estimated increase over 2020-2021 costs for sewage disposal costs from the Great Lakes Water Authority (GLWA) and Oakland County Water Resources Commissioner (OCWRC).
- 2. 925.02 George W. Kuhn Drain Storm Water Treatment The increase of \$53,340 or 4.0%, represents an estimated increase over 2020-2021 costs for storm water disposal costs from the GLWA and OCWRC.
- **3. 925.03 Evergreen-Farmington Sewage Treatment** The increase of \$131,610, or 4.0%, represents an estimated increase over 2020-2021 costs for sewage disposal costs from the GLWA and OCWRC.
- 4. 927.01 Acacia Park CSO Maintenance This amount represents Birmingham's 28.8% share of maintenance costs for the Birmingham retention basin. The increase of \$10,800, or 4%, reflects an estimated increase over 2020-2021 costs.
- **5. 927.02 Birmingham CSO Maintenance** This amount represents Birmingham's 96.86% share of maintenance costs for the Birmingham retention basin. The increase of \$34,360, or 4%, reflects an estimated increase over 2020-2021 costs.

- 6. 927.03 Bloomfield Village CSO Maintenance This amount represents Birmingham's 22.095% share of maintenance costs for the Bloomfield retention basin. The increase of \$11,300, or 4%, reflects an estimated increase over 2020-2021 costs.
- 7. 981.01 Public Improvements The budget of \$1,545,000 is for sewer improvements in conjunction with street projects:

Peabody – E. Maple to E. Brown	\$ 10,000
Townsend – Southfield to Chester St	400,000
N. Adams – N. End	60,000
Pierce St – Bird to Lincoln	75,000
Redding – Lake Park to Woodward	200,000
8 Mile Storage Tank	325,000
Maple Road Alley	25,000
Unimproved road estimate	450,000
Total	<u>\$1,545,000</u>

8. 981.02 Sewer Improvements – The budget of \$250,000 is for backyard sewer linings.

Significant Notes to 2022-2023 Planned Amounts

- 1. 925.02 George W. Kuhn Drain Sanitary Sewage Treatment The increase of \$34,070, or 4.0%, represents an estimated 4.0% increase over the 2021-2022 costs for sewage disposal costs from the Great Lakes Water Authority (GLWA) and Oakland County Water Resources Commissioner (OCWRC).
- 2. 925.02 George W. Kuhn Drain Storm Water Treatment The increase of \$55,480 or 4.0%, represents an estimated increase over the 2021-2022 costs for storm water disposal costs from the GLWA and OCWRC.
- **3. 925.03 Evergreen-Farmington Sewage Treatment** The increase of \$136,880, or 4.0%, represents an estimated increase over the 2021-2022 costs for sewage disposal costs from the GLWA and OCWRC.
- 4. 927.01 Acacia Park CSO Maintenance This amount represents Birmingham's 28.8% share of the maintenance assessment for the Acacia Park retention basin. The increase of \$11,240, or 4%, reflects an estimated decrease over the 2021-2022 costs.

- 5. 927.02 Birmingham CSO Maintenance This amount represents Birmingham's 96.86% share of maintenance costs for the Birmingham retention basin. The increase of \$35,730, or 4%, reflects an estimated increase over the 2021-2022 costs.
- 6. 927.03 Bloomfield Village CSO Maintenance This amount represents Birmingham's 22.095% share of maintenance costs for the Bloomfield retention basin. The increase of \$11,760, or 4%, reflects an estimated increase over the 2021-2022 costs.
- 7. 981.01 Public Improvements The budget of \$1,585,000 is for sewer improvements in conjunction with street projects:

Pierce St. Alley	\$	100,000
Old Woodward – Brown to Landon		200,000
S. Old Woodward – Landon to Lincoln		10,000
N. Old Woodward – Oak to Woodward		15,000
Derby Rd. – N. Eton to Coolidge		550,000
Hazel – Old Woodward to Woodward		10,000
Edgewood – Lincoln to Southlawn		250,000
Unimproved road estimate	_	450,000
Total	<u>\$</u>	1, <u>585,000</u>

City of Birmingham, Michigan 2020-2021 Recommended Budget

## **FUND SUMMARY**

# **Lincoln Hills Golf Course**

Lincoln Hills opened in 1964 and was designed by Jerry Matthews. It is located at 2666 West Fourteen Mile Road and is one of two municipal golf courses owned by the City of Birmingham. With its unique elevation changes, tree-lined fairways and alternative tee boxes, it makes for a very challenging round of golf. The golf course total yardage is just under 3,000 and plays to a par 35.

## Services Provided

- Well maintained and manicured 9-holes with three sets of tees to begin play;
- Practice Area includes a practice putting green, practice chipping green and twelve (12) hitting stations for full swings into netting system;
- Stocked Pro Shop with golf balls, golf gloves, Men's and Ladies apparel, headwear and accessories;
- Power Carts, Adaptive Cart, and Pull Carts available;
- Private and Group golf instruction by PGA professional;
- Robust Junior Golf Program for all ages and levels to promote the "Game of a Lifetime";
- Lincoln Hills is the host for the Groves High School golf teams;
- Numerous golf leagues offered;
- Dining area that offers a variety of burgers, grilled chicken, assorted sandwiches, fresh salads, non-alcoholic beverages, beer, wine and buffet menus for tournaments and events;
- Club Tournaments for the members and their guests:
  - Cinco de Mayo
  - Nine & Dine Themed Events (Three tournaments each season)
  - Club Championship
  - Junior Club Championship
  - Parent/Child Tournaments
- Winter Sports are offered to the residents during the winter which includes sledding, snowshoeing and cross-country skiing;
- Informational website to keep all members updated of everything that goes on at Lincoln Hills www.golfbirmingham.org.

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. **799.00 Equipment Under \$5,000** The budget of \$8,500 represents the purchase of an ice maker and indoor furniture.
- **2. 851.00 Telephone** The decrease of \$1,800, or 100.0%, shows the switch from AT&T to Guardian Alarm.
- **3. 941.00 Equipment Rental or Lease** The increase of \$18,080, or 62.3%, represents the new cart contract increase and additional carts.
- **4. 981.01 Public Improvements** The budget of \$21,000 is for a new pergola at the teaching area (\$10,000), walking bridge over #5 creek (\$4,000), and building up the putting green (\$7,000).
- **5. 999.10 Transfer to General Fund** The transfer of \$100,000 represents a partial repayment of a series of loans to the golf course from the General Fund for clubhouse renovation and deficits incurred during the economic downturn.

### Significant Notes to 2021-2022 Planned Amounts

1. 981.01 Public Improvements – The \$36,000 is for new roof on the pump house (\$5,000), add a new bunker on hole #1 (\$6,000), and the renovation of the 1<sup>st</sup> tee (\$25,000).

### Significant Notes to 2022-2023 Planned Amounts

1. 981.01 Public Improvements – The \$16,000 represents the cost for a new wash pad for equipment (\$6,000) and to renovate the maintenance building (\$10,000).

### **FUND SUMMARY**

# **Springdale Golf Course**

Springdale dates back to 1929 and was designed by Jerry Matthews. It is located at 316 Strathmore Road and is one of two municipal golf courses owned by the City of Birmingham. It is one of the "Best Kept Secrets" in Oakland County. The golf course total yardage is just under 3,000 and plays to a par 34 and is enjoyed by all ages.

### Services Provided

- Well maintained and manicured 9-holes with three sets of tees to begin play;
- Practice Area includes a practice putting green and five (5) hitting stations for full swings into netting system;
- Pro Shop is stocked with golf balls, golf gloves, headwear and accessories;
- Power Carts, Adaptive Cart and Pull Carts available;
- Private and Group golf instruction by PGA professional;
- Springdale is the host for the Seaholm High School golf teams;
- Numerous golf leagues offered;
- Dining area that offers a variety of burgers, grilled chicken, assorted sandwiches, fresh salads, non-alcoholic beverages, beer, wine and buffet menus for tournaments and events;
- Club Tournaments for the members and their guests:
  - Cinco de Mayo
  - Nite Golf Tournaments (Three tournaments each season)
  - Nine & Dine Themed Events (Three tournaments each season)
  - Club Championship
  - Junior Club Championship
  - Parent/Child Tournaments
- A beautiful park that may be rented out for all types of events that offers a picnic pavilion, children's playground and picnic facilities;
- Informational website to keep all members updated of everything that goes on at Springdale GC www.golfbirmingham.org.

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 729.00 Operating Supplies The decrease of \$6,030, or 9.3%, is the result of an encumbrance carryover from 2018-2019 which increased the budget for 2019-2020.
- 2. 811.00 Other Contractual Services The increase of \$6,640, or 35.7% is mostly the result of pond dredging and fairway deep tining.
- **3. 851.00 Telephone** The budget of \$0 reflects the change of service from AT&T to the new radio for the alarm system.
- 4. 981.01 Public Improvements The budget of \$60,000 reflects the cost associated to an added bathroom with cement pad (\$25,000), new cart paths (\$25,000), new tee & entrance signs (\$5,000), and new tables and chairs for inside the clubhouse (\$5,000).

### Significant Notes to 2021-2022 Planned Amounts

- 1. 729.00 Operating Supplies The decrease of \$3,820, or 6.5%, is primarily due to the costs of new sand for bunkers and benches purchased in prior year.
- 2. 811.00 Other Contractual Services The decrease of \$2,200, or 8.7%, relates to the cost of deep-tine aeration paid in the prior year.
- **3. 981.01 Public Improvements** The budget of \$16,000 reflects the cost associated to a new wash pad for maintenance equipment (\$6,000) and add light poles to the parking lot (\$10,000).

### Significant Notes to 2022-2023 Planned Amounts

**1. 981.01 Public Improvements** – The budget of \$25,000 reflects the cost associated to renovate the cart staging area and entrance with asphalt.

### **INTERNAL SERVICE FUNDS**

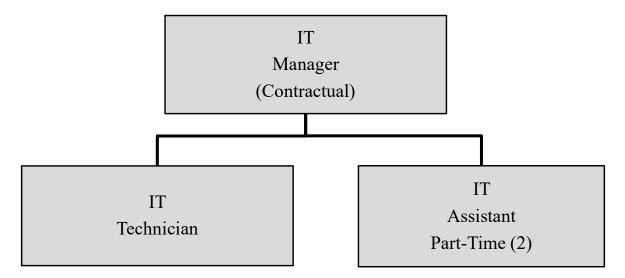

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City. The main purpose of Internal Service Funds is to identify and allocate costs related to the provision of specific goods and services. An equipment-rental charge is included in the budgets of the respective activities that use the services.

City of Birmingham, Michigan 2020-2021 Recommended Budget

### **DEPARTMENT SUMMARY**

## **Information Technology**

The primary functions of the Information Technology Department are to provide, and maintain, the City's computer infrastructure and to work with departments to develop new approaches in the design of information systems, which will assist City employees in providing better service to citizens.

Services Provided by Information Technology

- Evaluate and implement technological advancements targeted to enhance operating efficiencies.
- Maintain the day-to-day operations of network, computer equipment, software, telephone, and other communication systems to ensure uninterrupted service.
- Planning and implementing information security, recovery, compliance and integrity as well as policies and procedures in those areas.
- Centralized recommendation, purchase and installation of hardware and software used by departments.
- The department strives to help improve productivity and provide for an extensive range of business activities. This includes examining the information needs of City departments to provide the best information available for management decision making.
- Acts as a liaison between City staff users, hardware vendors, and software vendors in support, training and evaluation of hardware and software.
- Focus on developing and implementing solutions across departments, which will enhance service to residents and minimize costs.

### **FUND SUMMARY**

### **Computer Equipment Fund**

#### **Revenue** Assumptions

Revenue in the Computer Equipment Fund is derived primarily from rental charges to other user departments of the City. Departments are charged a rate sufficient to cover all operating costs of the fund, plus a provision for depreciation. Operating costs include such items as personnel, computer and telephone maintenance charges, computer-software upgrades and connectivity charges for the City's wide-area network. The proposed computer-equipment rental charges for fiscal year 2020-2021, 2021-2022 and 2022-2023 were calculated to provide \$683,160, \$730,980 and \$782,150 in 2020-2021, 2021-2022 and 2022-2023 respectively. This would leave cash reserves of approximately \$343,000 at the end 2020-2021.

#### **Expense** Assumptions

Operating expenses of the Computer Equipment Fund for fiscal year 2020-2021 recommended budget total \$1,065,100 and \$917,490 and \$913,240 for the subsequent planning years. Capital purchases of \$118,820 in fiscal year 2020-2021, \$96,820 in fiscal year 2021-2022 and \$80,820 in fiscal year 2022-2023 have been proposed to provide for replacement of printers, copier, software upgrades and GIS improvements.

	F	Recommended			Planned			Planned		
	Budget	Budget		Budget				Budget		
	<u>2019-2020</u>	2020-2021	Difference	<u>%</u>	<u>2021-2022</u>	Difference	<u>%</u>	<u>2022-2023</u>	Difference	<u>%</u>
Personnel Services	\$165,960	\$ 165,630	\$ (330)	-0.2%	\$165,120	\$ (510)	-0.3%	\$165,470	\$ 350	0.2%
Supplies	58,170	130,870	72,700	125.0%	75,670	(55,200)	-42.2%	76,070	400	0.5%
Other Charges	417,550	523,600	106,050	25.4%	436,700	(86,900)	-16.6%	436,700	-	0.0%
Depreciation	260,000	245,000	(15,000)	-5.8%	240,000	(5,000)	-2.0%	235,000	(5,000)	-2.1%
	\$901,680	\$1,065,100	<u>\$ 163,420</u>	18.1%	<u>\$917,490</u>	<u>\$(147,610)</u>	-13.9%	\$913,240	<u>\$ (4,250)</u>	-0.5%

The increase in "Supplies" of \$72,700 in 2020-2021 is the result of reclassifying large numbers of smaller dollar amount expenditures that were formerly budgeted in "Capital Outlay" to "Supplies". The large increase in Other Charges in 2020-2021 is mainly for website development services.

### Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 742.00 Computer Software This account includes miscellaneous purchases and updates (\$22,270), Windows server updates (\$3,200) and other license updates (\$5,900), website system update (\$3,200), recreation reservation system update (\$5,000), and upgrades of Adobe software (\$7,600).
- 2. 799.00 Equipment under \$5,000 This account includes the replacement of various department computers, monitors and printers (\$55,000), tablets/laptops for various departments (\$19,500), and other miscellaneous department requests (\$5,100). These items were previously budgeted in Capital Outlay.
- **3. 812.00 Contract Labor Svc Bureau** This amount represents the contractual services for the IT Manager.
- 4. 933.06 Computer Maintenance This account includes network maintenance, VMware maintenance, mobile device management, printer and scanner service agreements, system software maintenance, laserfiche maintenance, parking violations and false alarm maintenance, disaster recovery and restoration backup maintenance, email service maintenance, cloud service maintenance, firewall maintenance, ESRI software maintenance, GISI annual support block hours and other computer maintenance service agreements. The increase of \$24,200, or 11.2%, is a result of increased cost for firewall maintenance and the addition of email backup services.
- 5. 933.07 Connectivity This account includes CityMap server maintenance, internet service, museum connectivity to the city, video hosting of meetings, city website, cloud hosting of parking ticket system, large file sharing service, City website redesign, and miscellaneous domain fees. The increase of \$81,350, or 145.3%, is mainly the result of website development services.
- 6. 971.01 Machinery & Equipment This account includes the replacement of various department copiers (\$24,000) and a projector/monitor for DPS (\$6,000).
- 7. 973.04 Network Upgrade This account represents phone system upgrades (\$5,000), virtualization of networked workstations (\$2,000), network switches (\$3,000), intrusion software (59,820) and other miscellaneous department requests (\$6,000).
- 8. 973.05 GIS This account includes the Citymap improvement development (\$5,000).

### Significant Notes to 2021-2022 Planned Amounts

- 1. **799.00 Equipment under \$5,000** The decrease of \$53,600, or 67.3%, reflects a reduction in computer purchases.
- 2. 933.07 Connectivity The decrease of \$80,000, or 58.3%, reflects the City website redesign from the prior year.
- **3. 971.01 Machinery & Equipment** The decrease of \$22,000, or 57.9%, reflects the reduction of copier purchases, there are no additional copier purchases in 2021-2022.

**GOAL:** Provide a portal for residents and business partners to access public information quickly and at their convenience. *(Long-Term Municipal Goals 2a, 2b)* 

**OBJECTIVE:** To: 1) continue to develop web solutions; 2) standardize access to public information; and 3) research emerging technologies that will provide increased services using web technology.

<u>MEASURES</u>	Actual FY	Projected FY	Projected FY	Projected FY	Projected FY

City of Birmingham, Michigan 2020-2021 Recommended Budget

### **COMPONENT UNITS**

**Baldwin Public Library** – Baldwin Public Library provides full library service to all eligible patrons, including residents of the City of Birmingham, as well as residents from other municipalities that have a contractual agreement for library services. The Library Board has six members, elected every four years by the residents of the City. Revenues to finance the operations of the library are obtained through separate property-tax levy, charges for services and contributions.

**Principal Shopping District** - The Principal Shopping District was created to promote economic activity within the City's principal shopping districts by conducting market research and public-relations campaigns, promotions and special events. Its Board consists of eight to twelve members appointed by the City Manager with the concurrence of the City Commission. Revenue is provided through a special assessment levied against business properties within the three districts.

**Brownfield Redevelopment Authority** – The Brownfield Redevelopment Authority was created to facilitate the revitalization of environmentally distressed areas within the City. The Authority's Board consists of five members appointed by the City Commission. Financing for cleanup is provided for by grants received from the State of Michigan and revenues received from tax-increment financing.

*Corridor Improvement Authority* – The Corridor Improvement Authority was created to provide an alternate means of funding public infrastructure improvements to assist with redevelopment within the City's Triangle District. The Authority's Board consists of seven members appointed by the Chief Executive Officer with concurrence of the City Commission. Funding for Capital Improvements is obtained from tax-increment financing but may also include various other sources such as special assessments and user charges.

City of Birmingham, Michigan 2020-2021 Recommended Budget

### **BALDWIN PUBLIC LIBRARY**

The Baldwin Public Library provides informational, educational, and cultural services to the residents, employees, and property owners of Birmingham, Beverly Hills, Bingham Farms and the City of Bloomfield Hills. The Library focuses on developing and offering high-quality materials and services to those in its service area, while maintaining careful control over costs.

Baldwin's mission statement reads:

### The Baldwin Public Library enriches Birmingham and participating communities by providing opportunities and resources for individuals of all ages and backgrounds to learn, connect, and discover.

The Library's strategic goal areas are:

- <u>Services and Programs</u>: Focus on services and programs that meet the community's needs in an effective manner.
- <u>Marketing and Public Relations</u>: Provide good marketing and publicity to ensure that the community is aware of what Baldwin has to offer.
- <u>Financial Stability</u>: Pursue both cost efficiencies and additional revenue streams.
- <u>Personnel and Organization</u>: Maintain a flexible and multi-talented management team and staff, with active support from well-trained volunteers.
- <u>Community Relationships and Partnerships</u>: Maintain strong relationships with stakeholders and expand partnership opportunities with community organizations.
- <u>Facilities and Technology</u>: Improve the facility and employ technology more effectively.

The Library completed its Adult Services renovation in 2017 and looks forward to the completion of its Youth Room expansion and renovation in 2020. The 2,000 square foot addition will provide an expanded story room and play area, additional seating, and ADA-compliant shelving. The project also includes a children's patio and garden, new exterior landscaping, and a renovation of the first-floor restrooms.

The Library hopes to complete its three-phase building plan with a renovation of its entrance in FY 2023-24. Highlights of Phase 3 include:

- New street-level entrance with elevator and renovated handicap ramp
- Café and collaboration space
- Brightened space with skylight and energy-efficient lighting
- Renovation of the Circulation area to create a "commons" linking all parts of building
- Expansion of Idea Lab
- Improvement of exterior plaza

Baldwin is strongly committed to offering new formats and technologies, as well as traditional services and materials. In recent years, it has responded to user demand by shifting its budget more toward

electronic resources, such as e-books. The Library's catalog now contains more electronic resources than physical materials.

The Baldwin Public Library offers a wide range of programs to the communities we serve. Among these are:

- Summer reading programs
- Youth story times
- Author visits and lectures on a wide variety of topics
- Book clubs
- Computer classes
- Curbside pickup
- Services to patrons with learning, developmental, physical, and visual disabilities—including home delivery

Baldwin's Idea Lab (i.e., makerspace) keeps expanding services and drawing "non-traditional" customers to the Library. Among its services are 3D printers, a laser engraver, soldering, metal casting, vinyl cutting, a heat press, computerized embroidery, and sewing.

Memberships in consortiums allow Baldwin to make cost-effective purchases and improve services. For example, the Library participates in MeLCat, a statewide interlibrary loan service, which allows patrons to borrow materials from hundreds of libraries throughout Michigan.

The Library's website (<u>www.baldwinlib.org</u>) provides access to research databases and brings Baldwin's resources into the homes of residents at any hour of the day. Technology training sessions provided by Library staff enable residents to make optimal use of the Library's computerized resources.

In 2019, Baldwin obtained a new online catalog that is easier to use than the previous one and has a fullyresponsive interface, meaning that it displays well on any kind of electronic device.

Quality service is a keystone of the Library. Baldwin has a reputation throughout the state as an exemplary library. The dedicated staff works with patrons in a friendly and welcoming manner to help them get the most out of their Library and its resources. The Library is committed to a level of service that satisfies the individual and enriches the community.

Baldwin Public Library's services are based on the following core values:

- <u>Intellectual Freedom</u>: Providing unfettered access to all points of view.
- Equitable and Inclusive Access: Offering a wide variety of diverse resources for all ages.
- <u>Education and Learning</u>: Empowering individuals personally and professionally by facilitating the acquisition of credible and viable information.
- <u>Innovation</u>: Anticipating changing customer needs with creative, relevant and timely services.
- <u>Welcoming Environment</u>: Ensuring a respectful and safe atmosphere.
- <u>Integrity</u>: Demonstrating responsible stewardship, transparency, ethical behavior and honesty.
- <u>Partnerships</u>: Meeting community needs through external collaborations and internal teamwork
- <u>Commitment to Excellence</u>: Delivering quality services with pride in all we do.

# **Birmingham Shopping District Fund**

The Birmingham Shopping District (BSD) was formed in September of 1993, functioning under a twelve-member board. The Board appoints an executive director who is responsible for the day-today operation of the BSD office. The appointed director takes his/her daily directives from the City Manager. The goals of the BSD Board are to:

- promote and market downtown Birmingham and the two special-assessment districts;
- increase consumer awareness of Birmingham's shopping, dining and entertainment venues and service-related businesses;
- facilitate business development and create a partnership among the BSD, property owners, commercial real estate brokers and management companies;
- support the City's efforts to maintain a clean, attractive working and living environment;
- act as a liaison between the City's boards and new businesses;
- establish open lines of communication between businesses and the BSD Board for the development of beneficial programs and services.

The Birmingham Shopping District has four major focus areas consisting of business development, events, marketing the BSD and its activities, and maintenance/capital improvements.

### **Business Development:**

In 2009, the BSD implemented an initiative to retain a retail leasing consultant to assist with bringing key retailers to the downtown. This service assists commercial property owners and gives Birmingham a competitive recruitment advantage over other downtown districts. The BSD business development committee is using the following strategy:

- Support and retain existing businesses by connecting current merchants, restaurants, and businesses to business resources, as needed.
- Attract new retailers using a three prong approach attracting 1) local, Michigan-based stores 2) regional retailers and 3) national retailers.
- Retain a third party consultant to conduct market research analysis to determine strong national and local retailers that would fit well in the BSD to build a robust tenant recruitment plan.
- Implement a City, Property Owner, and Broker program to connect brokers representing specific properties to potential businesses interested in locating to Birmingham.

### **Events:**

The BSD plans, organizes and directs events in the downtown district. In 2019 the BSD hosted:

• 17<sup>th</sup> Annual Birmingham Farmers Market:

- approximately 75,000 visitors during the entire season (weekly average of 2,000 visitors)
- o 90 vendors overall participating in the market (average of 45 vendors per week)
- Approximately 30 volunteers worked at the markets throughout the season
- o 17 community groups and local companies participating in the Kid Zone activities
- The Birmingham Cruise, in conjunction with the Woodward Dream Cruise, hosted 25 car clubs highlighting 300 classic cars. The event featured classic cars such as Corvettes, Thunderbirds, Model A's, Mustangs, Rolls-Royce and much more. The BSD invited food vendors this year to offer fresh squeezed lemonade, hot dogs, popcorn, baked goods and frozen treats. Major sponsors of the event included Chevrolet, WXYZ television, and WOMC radio.
- 10<sup>th</sup> Annual Winter Markt. This year's Winter Markt kicked off with approximately 6,000 people attending the Birmingham Tree Lighting at the official opening Friday night. Attendees enjoyed European food and drinks, gift items, holiday greens, crafts, ice carvings, live reindeer, the popular Santa House, horse-drawn carriage rides and live entertainment.
- Small Business Saturday brought shoppers to downtown to support small businesses in a festive, holiday environment. The BSD kicked off the big sales day with a Santa Walk through downtown. Additionally, the BSD offered special incentives such as free parking in the parking structures in downtown Birmingham and free two-hour valet parking.
- The Birmingham Shopping District's popular Movie Night series entertained families during the summer averaging over 600 attendees at each movie. The event occurred in Booth Park and kicked off with pre-show entertainment followed by a movie at dusk under the stars. The BSD movie night events are free for everyone to include complimentary popcorn, ice cream, water and prizes.
- Restaurant Week occurred the last week of January and the first week of February with approximately 22 restaurants participating. Birmingham's fine dining restaurants offered high quality meals at a lower price to entice customers to dine during a traditionally slow period of the year and also encourage new customers to visit their restaurants.
- Day on the Town attracted thousands of shoppers from near and far. This is Birmingham's largest sale event of the year which offers bargain-hunters with a unique opportunity to find discounted high-end merchandise in stores and on the streets and sidewalks. Some merchants stated that they do the equivalent of two months sales during this one day.

### Marketing:

The BSD produces the Birmingham Magazine which is mailed to 50,000 readers in 9 different zip codes. This high-end publication highlights merchants, restaurants, and businesses in the district. The BSD communicates with merchants, restaurants and property owners on a regular basis via email blasts. The BSD "News and Notes" acts as an electronic newsletter, informing businesses of special events, new initiatives and other timely relevant information. Additionally, the BSD uses social media such as Facebook, Twitter, and Instagram. This allows a constant stream of information about the retailers, events and activities to flow to a new and growing audience. The BSD's Facebook page Birmingham Shopping District has over 10,000 fans following daily "posts" from the BSD. The Birmingham Farmers Market Facebook page has almost 9,000 fans. Furthermore, the BSD promotes events and initiatives through partnerships with local television and radio stations.

### Maintenance and Capital Improvements:

The BSD continues to oversee the maintenance of flower baskets and flower planters throughout the city. Additionally, the BSD provides snow removal for ten (10) miles of sidewalks downtown. The BSD also partners with the Department of Public Services to decorate the city and Shain Park with holiday lighting. Last, the BSD works with DPS to power wash city sidewalks several times through the year.

### **Upcoming Fiscal Year:**

The BSD will continue to improve and expand existing programs and services in the upcoming fiscal year:

### Marketing and Advertising:

- Continue to promote Birmingham businesses through advertising campaigns that include cooperative digital, print and broadcast advertising with merchants.
- Utilize data gathered from current consumer market research.

### Special Events:

- Continue to grow and improve Farmers Market and Winter Markt events.
- Continue Movie Night events three evenings in the summer.
- Work with the City to coordinate the Birmingham Cruise Event as part of the Woodward Dream Cruise.
- Continue to enhance existing special events and create new events designed to benefit businesses such as Restaurant Week, Day on the Town, and Small Business Saturday.
- Increase membership awareness of BSD programs and activities.

### **Business Development:**

- Work with retail leasing consultant to continue to recruit boutique-size national retailers to serve as anchors to the other downtown businesses.
- Continue to update recruitment marketing materials, and enhance online presence.
- Inform, welcome and meet with prospective new businesses seeking to open in the principal shopping district.
- Continue open dialogue with commercial real estate brokers and property owners through roundtable meetings and other interactive forums.
- Work closely with organizations such as the International Council of Shopping Centers at the local and national level.
- Continue to update office and retail space-availability listings on-line and in print.
- Update and reprint tenant-recruitment packages and new-business packages.

### Maintenance and Improvements:

• Enhance the floral program, including additional pots, tree well planters, and hanging baskets downtown.

- Work with the City of Birmingham DPS department to maintain clean sidewalks, to water flowers throughout the summer, and to install downtown holiday lighting.
- Continue to enhance holiday lighting in the downtown.
- Educate businesses about the sidewalk-snow-removal ordinance.
- Maintain the dog scooper stations in the Downtown District.
- Continue to support downtown cleaning and maintenance services.

#### West and East Maple Construction:

The BSD will act as a liaison between the businesses, construction company, and the city during the upcoming construction. As with the Old Woodward reconstruction, the BSD will again host monthly meetings with merchants before and during the project to keep the business community updated on construction activity throughout the process. Additionally, the BSD will send regular weekly e-mail blasts with project updates, including photos and descriptions of the construction. The BSD will aggressively promote the downtown with a multi-faceted advertising campaign and provide free valet parking to customers. During the Old Woodward project over 15,000 customers utilized the free valet parking services. The BSD will also run the Birmingham Bonus Bucks promotion again. During the last construction project the BSD processed \$1,047,691 in sales receipts from merchants and distributed \$50,000 in Bonus Bucks to customers – this program was a home run for the downtown.

### **Other Initiatives:**

- Increase awareness and support of educational opportunities for membership.
- Enhance partnership with agencies and organizations, Michigan Downtown Association and Michigan Municipal League.
- Explore regional tourism and marketing efforts with the Detroit Metro Convention and Visitors Bureau.
- Continue to support and collaborate with NEXT, Birmingham Community Coalition, Birmingham Bloomfield Art Center, Birmingham Bloomfield Cultural Council, the Baldwin Library, the Community House, schools, and organizations within Birmingham, especially in the downtown area.

## Notes and Adjustments to Manager Recommended Amounts from Prior Year's Budget

- 1. 702.00 Salaries and Wages Direct The increase of \$9,920, or 2.9%, reflects estimated wage increases.
- 2. 706.00 Labor Burden The decrease of \$12,730, or 8.5%, is attributable to a decrease in hospitalization costs.
- **3.** 828.03 Parking Valet Services The decrease of \$135,000 reflects the completion of the Maple Road project budgeted in 2019-2020.
- **4. 901.04 Marketing & Advertising –** The decrease of \$100,000 reflects completion of the Maple Road project budgeted in 2019-2020.
- **5. 935.02 Maintenance Shopping District** The decrease of \$30,000 reflects completion of the Maple Road project budgeted in 2019-2020.

Significant Notes to 2022-2023 Planned Amounts

- 828.03 Parking Valet Services The increase of \$35,000 reflects anticipated costs for the S. Old Woodward Ave. project.
- 2. 901.04 Marketing & Advertising The increase of \$75,000 reflects anticipated costs for the S. Old Woodward Ave. project.
- **3. 935.02 Maintenance Shopping District** The increase of \$30,000 reflects anticipated costs for the S. Old Woodward Ave. project.

### **Performance Goals, Objectives and Measures**

**GOAL:** Provide leadership in marketing, advertising and promotion of the Birmingham Shopping District. *(Long-Term Municipal Goals 5,7*)

Promote a district that is exciting, clean safe, pedestrian-friendly, and ensure that the district continues to serve as a center for business development, service, social and community activities.

**OBJECTIVE:** Maintain a clean, safe, vital, energetic downtown, and a center for business, service, cultural and community activities

## FUND SUMMARY

# **Brownfield Redevelopment Authority Fund**

The Brownfield Redevelopment Authority Fund is used to account for transactions related to the cleanup of environmental contaminants at approved sites under the Brownfield Redevelopment Financing Act. This provides for the cleanup of contamination from property that otherwise would not be developed without the use of economic incentives. Once a property has been cleaned up, it can then be redeveloped and placed on the tax rolls. Financing for cleanup is provided from grants received from the State of Michigan and revenues received from tax-increment financing.

Services Provided to the Following Properties

- 2400 E. Lincoln Ave.
- 400 S. Old Woodward Ave.
- 33588 Woodward Ave.
- 2483 W. Maple Rd.
- 856 N. Old Woodward Ave.
- 34965 Woodward Ave.
- 35975 Woodward Ave.

Currently receiving tax-increment financing from the Following Properties

- 2400 E. Lincoln Ave.
- 400 S. Old Woodward Ave.
- 33588 Woodward Ave.
- 2483 W. Maple Rd.
- 856 N. Old Woodward Ave.

The City anticipates receiving tax-increment financing for 35975 Woodward Ave. starting in 2020-2021 and for 34965 Woodward Ave. starting in 2021-2022.

## **Triangle District Corridor Improvement Authority**

The Triangle District Corridor Improvement Authority is used to account for transactions related to public infrastructure improvements to assist with redevelopment within the City's Triangle District pursuant to Public Act 280. The Authority consists of seven members appointed by the Chief Executive Officer with concurrence of the City Commission. The Corridor Improvement Authority is responsible for creating a plan for the development area that outlines the nature and priority of public improvements needed within the area. It is anticipated that public parking improvements will be the primary component of the plan with funding for the improvements being financed from tax-increment financing as well as various other sources such as special assessments and user charges. The development area that is under the jurisdiction of the Authority excludes the single-family residential neighborhood at the north end of the Triangle District.

## **CAPITAL IMPROVEMENTS PROGRAM**

The City Charter requires that each year, on or before the first Monday in May, the City Manager prepares and submits to the City Commission an estimate of all capital projects to be undertaken within the budget year and a five-year capital program. And, in accordance with Public Act 33 of 2008, the "Planning Enabling Act," a sixth year has been added to the capital program. This capital improvements program and the corresponding operating budget are submitted to the City Commission for approval at the same time. Capital expenditures for the upcoming fiscal year contained in the capital improvements program are approved as the capital budget. All City programs and services not included in the capital budget are included in the operating budget for the fiscal year.

The capital budget is a financial plan for the expenditure of money which adds to or improves the City's infrastructure or capital assets. Capital projects may apply to the following areas:

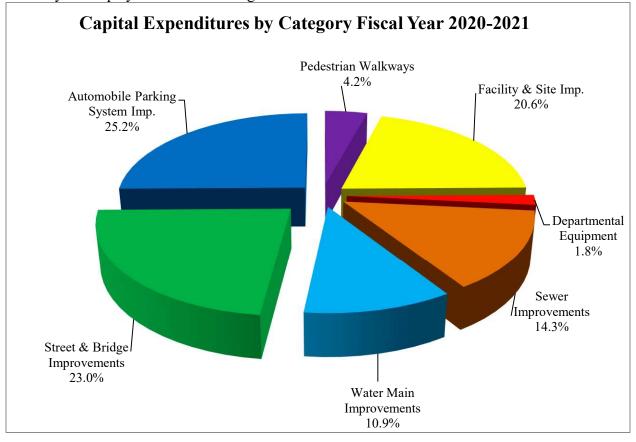

- 1. Expenditures which may take place over more than one year, thereby requiring continuing appropriations;
- 2. Projects which require funding with debt because of significant costs to be shared by current and future beneficiaries;
- 3. Projects which require systematic acquisition over an extended period of time in order to implement major operating systems or public programs; and
- 4. Scheduled replacement of physical assets.

The Capital Improvements section of this budget document includes the following:

- 1. A listing, by dollar amount, of the most significant capital expenditures approved for fiscal year 2020-2021;
- 2. A narrative, by fund, of the major capital improvements approved for fiscal year 2020-2021;
- 3. A numerical summary of capital improvements and funding sources for the next six fiscal years;
- 4. A numerical listing, by fund, of: a) all capital outlay approved for fiscal year 2020-2021; b) capital projects planned for fiscal year 2020-2021; c) anticipated projects for fiscal years 2022-2026;
- 5. A listing of vehicles and equipment scheduled for evaluation and/or replacement in fiscal years 2020-2021 and 2021-2022.

## 2020-2021 CAPITAL IMPROVEMENTS

Recommended capital expenditures for fiscal year 2020-2021 total \$12,868,440 not including Internal Service Funds or Component Units. \$9,310,400, or 72% of this total, is designated for infrastructure improvements such as streets and bridges, water mains, sewer improvements, and pedestrian walkways as displayed on the following chart:

## Significant Capital Expenditures

The most significant capital expenditures for fiscal year 2020-2021 are shown in the table on the next page. Each project is considered significant because 1) the project cost will likely exceed \$250,000 and/or; 2) total annual operating costs are expected to increase or decrease by more than \$25,000 upon project completion.

Project Name	Fund	Project Purpose	Total Project Cost	Proposed 2020-2021	Effect On Annual Operating Budget
Concrete Sidewalk General Replacement		Annual program to replace selected sidewalks in one of seven areas of the City along with one of four areas of the Central Business District.	On-going	\$500,000	No impact because this is an on-going annual maintenance program.
Pierce Street Structure	Automobile Parking	Rehabilitation of structure.	\$2,100,000	\$2,100,000	No impact
North Old Woodward Structure	Automobile Parking	Rehabilitation of structure.	\$1,582,000	\$800,000	No Impact
Fire Station #1 (Adams) HVAC system & controls	Capita Projects	Replacement of HVAC system and controls at Fire Station #1.	\$300,000	\$300,000	Decrease of operating costs of approximately \$10,000 per year.
Ice Arena Refrigeration System	Capital Projects	New refrigeration system, including sub- floor heating.	\$2,000,000	\$2,000,000	No Impact
Lakeview – Harmon to Oak (SAD)	Local Streets, Sewer, and Water	Street Improvement including underground sewer and water systems upgrade.	\$1,350,000	\$1,350,000	No Impact
Westwood Dr., N. Glenhurst Dr., Lyonhurst Rd., and Brookwood	Local Streets, Sewer, and Water	Water and sewer replacement.	\$1,200,000	\$1,200,000	No Impact
Grant Street Major Streets, Pavement has reached Sewer, and end of its service life Water and needs to be replaced in conjunction		and needs to be replaced in conjunction with underground sewer and water systems upgrades.	\$920,000	\$720,000	Decrease of approximately \$4,000 per year.
Cranbrook – Maple to 14 Mile	Major Streets	Street improvement (RCOC).	\$300,000	\$300,000	Slight decrease.
Oakland – N. Old Woodward to Woodward	Major Streets, Sewer, and Water	Water and sewer replacement.	\$310,000	\$310,000	No Impact

## Significant Capital Improvements for Fiscal Year 2020-2021

More detailed information regarding the above projects may be found in the following narratives and schedules.

## Capital Improvements-Overview by Fund

## General Fund

Capital expenditures for fiscal year 2020-2021 total \$787,100. This is a decrease of \$1,279,830 from the amount originally approved for fiscal year 2019-2020. \$500,000, or 63%, of the amount planned is for sidewalks.

## **Capital Projects Fund**

The Capital Projects Fund is used to account for the development of capital facilities and improvements other than those accounted for in the Enterprise Funds and Special Revenue Funds. From June 30, 2020 to June 30, 2021, fund balance is expected to decrease by \$750,000 or 37%. This decrease is due primarily to moving expenditures under \$250,000 to the General Fund. For example, some projects to be undertaken in fiscal year 2020-2021 will have been funded entirely or partially in a prior fiscal year. Planned expenditures for fiscal year 2020-2021 total \$2,745,000. A description of the major projects is as follows:

For fiscal year 2019-2020, the following projects are on-going or to be completed:

- Replace boilers
- Kenning Ball Park improvements
- Electrical for Barnum Park

For fiscal year 2020-2021, the following park projects totaling \$95,000 have been planned:

- \$35,000 Pembroke & Poppleton tennis courts repair cracks and painting
- \$60,000 Booth Park restroom

## Major and Local Streets Funds

The recommended amount for fiscal year 2020-2021 street improvements is \$2,906,540. This amount includes \$350,000 for Grant St., \$300,000 for Cranbrook Rd, Lakeview Rd., \$550,000 and \$200,000 for Quarton Lake Phase II.

Street fund projects are funded primarily by contributions from General Fund and Street Fund reserves. Descriptions of the major projects, along with location maps, may be found in the "Special Revenue Funds" section.

## Water Supply System Receiving Fund

\$1,370,000 is planned for water-main improvements in fiscal year 2020-2021. Most projects are to be completed in conjunction with street improvements. The most significant of these projects are Grant St., Lakeview St and for Quarton Lake Phase II. Funding for the projects will be provided from the Water Fund reserves.

## Sewage Disposal System Fund

Sewer Improvements totaling \$1,805,000 are planned for fiscal year 2020-2021. The most significant project to be completed is the Grant St., Quarton Lake area, Oak St., and other sewer lining projects costing \$500,000.

### Automobile Parking System Fund

\$3,173,800 is planned for fiscal year 2019-2020 primarily for the improvement of various parking structures. Planned improvements include:

- Structural repairs at Pierce Street parking deck.
- North Old Woodard repairs.

## **Golf** Courses

\$81,000 for minor improvements at both golf courses is planned for fiscal year 2020-2021. Lincoln Hills improvements include installing a walking bridge over #5 creek and build up the putting green. Improvements for Springdale include new bathroom with cement pad, new cart paths, new signs and tables & chairs for inside the clubhouse.

Notes:

(1) For years 2012-2019, this schedule includes expenditures of the governmental funds (General Fund, Special Revenue Funds, Debt-Service Fund, Permanent Fund, and Capital Projects Fund) as reported in the City's Comprehensive Annual Financial Report (CAFR). These expenditures do not include interfund transfers with the exception of those transfers properly reported as expenditures in the CAFR according to GASB 34. Years 2020 - 2023 include budgeted or proposed interfund transfers which would be considered expenditures in the CAFR in accordance with GASB 34.

<sup>a</sup>Includes tax levy for the Baldwin Public Library which is a discretely-presented component unit. While legally separate, the library is fiscally dependent on the City.

<sup>b</sup>Includes payment from Oakland County. All unpaid real and personal property taxes (except PA 189) are returned to Oakland County at the end of the collection period. The City is paid in full for delinquent real property at the time of settlement with Oakland County. The City is paid for delinquent personal property taxes as they are collected by Oakland County.

<sup>c</sup> *Collected within the Fiscal Year* includes personal property tax payments received subsequent to settlement with Oakland County but prior to the end of the fiscal year.

<sup>d</sup> Represents collections of personal property taxes and PA 189 taxes, if any.

<sup>e</sup> Represents amended levy at time of settlement with Oakland County. It does not reflect subsequent adjustments to the levy which are not readily available.

<sup>f</sup>Beginning in 2007, *Taxes Levied* includes the Brownfield Authority, a component unit which is fiscally dependent on the City. Taxes levied are insignificant.

**Note 1:** All valuations are taken from the original warrant for each year and do not reflect any supplemental warrants or subsequent Board of Review/Tax Tribunal adjustments. **Note 2:** Property in the City of Birmingham is re-assessed annually. On March 15, 1994, the voters of the State of Michigan approved Proposal A, which includes significant changes to Section 3 of Article IX of the State constitution. Starting in 1995, the value against which taxes are spread was changed from assessed value to taxable value. Taxable value represents assessed value (50% of true cash value), limited for each property by the lower of 5% or inflation for as long as the parcel does not change ownership. When ownership is transferred, the taxable value reverts to the assessed value.

<sup>a</sup>Per \$1,000 of taxable value.

#### Source: City of Birmingham Finance Department

Note: The following state requirements limit the City's ability to increase tax rates:

1) The Headlee constitutional amendment: this amendment to the state constitution approved in 1978 places an upper limit on the annual operating millage rate. The maximum rate is calculated by a formula tied to the rate of inflation and previous years' cumulative "roll-back factor." The Headlee maximum allowable millage rates per \$1,000 of taxable valuation for fiscal year 2018-2019 are as follows: general operating 11.71, refuse 1.76, library 1.39. There is no Headlee limitation on debt service. The Headlee limitation may be waived only by a vote of the electorate.

2) Truth in Assessing Act: this act approved in 1981 requires a rollback in maximum authorized tax rates when the total assessed value of all property in the City is less than the total State Equalized Value. To-date this has not applied to the City of Birmingham.

<sup>a</sup>The City charter general operating-tax-rate limit is 20.00 mills per \$1,000 of taxable valuation.

<sup>b</sup>Michigan law allows the City to levy up to 3.00 mills per \$1,000 of taxable value for refuse collection. <sup>c</sup>The City charter provides for a tax levy in support of the library (a discretely-presented component unit). The levy must be no less than 0.50 mills and no more than 1.75 mills per \$1,000 of taxable valuation. <sup>d</sup>City debt, unless otherwise provided by state law, must be approved by the electorate. The city commission

shall levy taxes sufficient to pay the annual debt service.

2019	20,103	2,359,367,180	11,181,709	89,477		11,092,232	0.47%	552

<sup>a</sup>See "Assessed and Taxable Values" schedule in this section.

<sup>b</sup>*Gross Bonded Debt* includes general-obligation (g.o.) bonds and contractual obligations supported by property taxes. The g.o. bonds have been issued by the City. The contractual obligations represent the City share of bonds issued by other governmental entities. (See the Debt Administration section of this budget for details.) *Gross Bonded Debt* also includes the Brownfield redevelopment loan from the State of Michigan which is funded by property taxes captured through tax-incremental financing.

The amount for *Gross Bonded Debt* does not include revenue bonds or contractual obligations repaid from the Enterprise Funds (user charges).

All amounts are net of related premiums, discounts, and adjustments.

<sup>c</sup>Amount restricted for repayment of general-obligation bonds in the governmental activities.

Prior to the 2017-2018 budget, this column reported Cash in the Debt-Service Fund(s). Beginning with

the 2017-18 budget, this column more appropriately reports Restricted Net Assets in the Debt-

Service Fund(s). For years 2006 through 2008, there is no change in amount. The differences for years 2009 - 2014 are small and have a negligible effect on Net Bonded Debt.

<sup>d</sup>Beginning in fiscal year 2003 and in accordance with GASB 34, several bond issues are now more appropriately accounted for in the Sewage-Disposal Fund rather than the Debt-Service Funds.

These bond issues include the 2000 Sewer Improvement bonds, the CSO obligations, the George W. Kuhn Drain bonds, and the North Arm Drain bonds.

<sup>e</sup>Data for fiscal year 2011 is from U.S. Census Bureau for 2010. Estimates for fiscal years 2011-2019 are from SEMCOG (Southeast Michigan Council of Governments).

### City of Birmingham Ratio of Annual Debt-Service Expenditures For General-Obligation Bonded Debt<sup>a</sup> To Total General Governmental Expenditures Last Ten Fiscal Years

Fiscal Year Ended June 30	<u>Principal</u>	Interest	Total Debt <u>Service</u>	Total General Governmental <u>Expenditures<sup>b</sup></u>	Ratio of Debt Service To General Governmental <u>Expenditures</u>
2010	\$ 3,608,306	\$ 1,695,534	\$ 5,303,840	\$ 34,172,346	15.52%

## **GLOSSARY OF KEY CONCEPTS**

Accrual Basis: Accounting which recognizes transactions when they occur, regardless of the timing of related cash flows. The application of accrual accounting techniques prevents distortions in financial-statement representations because of shifts in the timing of cash flows and related underlying economic events near the end of a fiscal period. The accrual basis of accounting is utilized in developing the Enterprise Funds' budgets.

**Activity:** A specific and distinguishable line of work performed by one or more organizational components of a governmental unit for the purpose of accomplishing a function for which the unit is responsible. For example, "Elections" is an activity of the City Clerk's Office.

**Appropriation:** An authorization granted by a legislative body to incur obligations and to expend public funds for a stated purpose.

**Approved Budget:** The revenue and expenditure plan for the City for the fiscal year as reviewed and approved by the City Commission.

**Assessed Valuation:** The taxable value placed upon property as a basis for levying taxes, equal to 50% of market value, as required by state law.

Assets: Resources owned or held by a government which have monetary value.

Available (Undesignated) Fund Balance: The funds remaining from the prior year which are available for appropriation and expenditure in the current year.

**Balanced Budget:** A budget in which total estimated expenditures/expenses, including an accrued deficit in the budget, shall not exceed the total estimated revenues, including an available unappropriated surplus.

**Bond (Debt Instrument):** A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital improvements.

**Budget:** A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

**Budget Adjustment:** Adjustment made to the budget during the fiscal year by the City Commission to account properly for unanticipated changes which occur in revenues and/or expenditures and for program initiatives approved during the fiscal year.

**Budget Calendar:** The schedule of key dates or milestones which the City follows in the preparation and adoption of the budget.

**Budgetary Center:** A general operating department of a local governmental unit, or any other department, institution, board, commission, agency, office, program, activity or function to which money is appropriated by the local unit.

**Capital Asset:** An asset used in City operations, costing more than \$1,500 (\$500 for computer equipment), and having a useful life of more than one year. A capital asset may be infrastructure or non-infrastructure. Examples of infrastructure include roads, bridges, sidewalks, water system, sewer system, street lighting system. Examples of non-infrastructure capital assets include land, land improvements, buildings, building improvements, vehicles, machinery and equipment, furniture and computer equipment

**Capital Budget:** A plan of proposed capital expenditures and the means of financing them. The capital budget is enacted as part of the City's consolidated budget, which includes both operating and capital outlays and is based on a capital improvements program (CIP).

**Capital Improvements Program:** A plan for capital expenditures to be incurred each year over a period of five future years, setting forth each capital project, the amount to be expended in each year, and the method of financing those expenditures.

**Capital Outlay/Expenditure:** An expenditure which results in the acquisition of a capital asset, or an addition/improvement to an existing capital asset. (See Capital Asset.)

**Capital Projects Fund:** A fund created to account for all resources used for the acquisition of designated fixed assets by a governmental unit, except those financed by special assessment or by an Enterprise Fund.

**Component Units:** Legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, a component unit can be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

**Debt-Service Fund:** A fund to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

**Department:** A major administrative division of government.

**Depreciation:** That portion of the cost of a capital asset used during the year to provide service.

**Encumbrances:** Obligations in the form of purchase orders for contract commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or when an actual liability is set up.

**Enterprise Funds:** A fund established to account for operations that are financed and operated in a manner similar to a private business; i.e., the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis shall be financed or recovered primarily through user charges. Birmingham has Enterprise Funds for water, sewer,

parking and golf courses. Enterprise Funds, unlike governmental funds, record land, buildings and equipment as assets and expense depreciation on them.

**Expenditure:** The cost of goods delivered and services rendered, whether paid or unpaid, including expenses, debt retirement not reported as a liability of the fund from which retired, or capital outlay.

**Fiscal Year:** A twelve-month period designated as the operating year for an entity. The fiscal year for the City of Birmingham is July 1- June 30.

**Fund:** A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances and changes therein, which are segregated for the purpose of carrying on specific activities.

**Fund Balance:** The difference between the financial assets of the fund and certain liabilities expected to be liquidated in the near future from those assets, i.e., the equity (net assets) in a governmental fund.

**General Fund:** The City's major operating fund, which accounts for all financial resources except those required to be accounted for in another fund.

**Goal:** A long-term, attainable target for an organization – its vision of the future.

**Governmental Accounting Standards Board (GASB)**: The purpose of the Governmental Standards Board is to establish and improve standards of state and local governmental accounting and financial reporting standards.

**Governmental Funds:** A fund that is used to account for governmental activities that are principally supported by taxes and intergovernmental revenues. Please see definition of Fund.

**Infrastructure:** The basic physical framework or foundation of the City; i.e., its roads, bridges, sidewalks, water system and sewer system.

Labor Burden: All benefits provided to employees other than direct compensation.

Liability: Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed or refunded at some future date. NOTE: The term does not include encumbrances.

**Line-Item Budget:** A budget which emphasizes allocations of resources to specific organizational units or particular objects of expenditures, such as personnel services, supplies, and capital outlay. Line-item budgets may be organized to provide accountability at varying levels, such as departments, divisions or agencies.

**Local Streets:** Streets within and under the jurisdiction of the City, exclusive of state trunk-line highways, county roads and streets included in the Major Street system.

**Long-Term Debt:** Debts that will not be paid or otherwise satisfied within one year or the normal operating cycle.

**Major Streets:** Those City streets of the greatest general importance to the City. This category includes streets carrying relatively high traffic volume in serving one or more of the following: extensions to state trunk lines on county primary roads; traffic demands created by industry, commercial, educational, or other traffic-generating centers; circulation of traffic in and around the Central Business District; designated truck routes; or connector streets served by an extensive network of Local Streets.

**Mill:** A taxation unit equal to one dollar of tax obligation for every \$1,000 of taxable valuation of property.

Millage: The total tax obligation per \$1,000 of assessed valuation of property.

**Modified Accrual:** Accounting which recognizes revenues in the accounting period in which they are both measurable and available to finance expenditures. Expenditures are generally recognized in the accounting period in which they are both measurable and incurred. The modified accrual basis of accounting is utilized in the preparation of budgets for all governmental fund types, which include the General Fund, Special Revenue Funds and the Debt Service Fund contained in this document.

Notes and Adjustments to Department-Requested Amounts from Prior Year's Budget: Items which cause expenditure objects (personnel, supplies, other and capital) to vary up or down by a material amount from last year's budget.

**Object:** An expenditure category within each activity made up of sub-objects. City objects include personnel services, supplies, other charges and capital outlays.

**Objective:** A specific measurable and observable result of an organization's activity which advances the organization toward one of its goals.

**Other Charges:** An expenditures object within an activity which includes, for example, professional services, utilities, rents and transportation.

**Performance Measures:** Specific quantitative measures of work performed within an activity or program (e.g., total miles of streets cleaned). Also, a specific qualitative measure of results obtained through a program of activity (e.g., reduced incidence of vandalism because of a new street-lighting program).

**Personnel Services:** Items of expenditures in the operating budget for salaries and wages paid for services performed by City employees and the incidental fringe-benefit costs associated with City employment.

**Policy:** A plan, course of action or guiding principle designed to set parameters for decision and actions.

**Proprietary Funds:** A fund used to account for a government's business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Please see definition of Fund.

**Recommended Budget:** The City's revenue and expenditure plan for the fiscal year, as prepared and recommended by the City Manager for City Commission consideration.

**Revenue:** An addition to the assets of a fund which does not increase a liability, does not represent the recovery of an expenditure, does not represent the cancellation of a liability without a corresponding increase in any other liability or a decrease in assets, and does not represent a contribution of fund capital to enterprise or to intra-governmental service funds.

**Sewage Fund:** This Enterprise Fund accounts for the operation of the City's sewer system. The revenues consist of charges for services to City businesses and residences.

**Special Revenue Fund:** A fund to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

**State Equalized Value (SEV):** The proportion of true cash value at which property shall be assessed. SEV is 50% of true cash value.

**Supplies:** An expenditures object within an activity which includes all supplies that have a useful life of less than one year and/or a purchase price of less than \$500.

**Taxable Value:** A value that is established for real and personal property for use as a basis for levying property taxes.

**Unassigned fund balance:** Residual net resources, i.e., surplus (total fund balance in the general fund in excess of non-spendable, restricted, committed, and assigned fund balance) or deficit (excess of non-spendable, restricted and committed fund balance over total fund balance).

**User Charges:** The payment of a fee for direct receipt of a public service by the party who benefits from the service.

**Water-Supply System Receiving Fund:** This Enterprise Fund accounts for the operation of the City's water system. The revenues consist of charges for services to City businesses and residences.
