**CONSTRUCTION OF COMBINED SEWERS
PUTNEY DR AND HENLEY DR FROM ABBEY RD TO PUTNEY DR**

City Engineer O'Meara explained the recommendation to replace the combined sewer system as it would be more cost efficient to remove the old system. He explained that the intent is to save as much of the existing road surface as possible. He noted that there are two trees that would have to be removed on Putney. He explained that this is a relatively small project that could be included in the 2015 Local Streets Paving Program.

Mr. O'Meara confirmed for Mayor Pro Tem Hoff that the City would pay for the sewer. He explained that the sewer trench is very close to the City sidewalk and the recommendation is for those who are ten feet away from the sewer to the property line be required to be in an assessment district for a new sewer lateral. He noted that the other side of the street would be voluntary.

MOTION: Motion by Dilgard, seconded by Nickita:

To direct the Engineering Dept. to proceed with the construction of new combined sewers on all of Putney Dr. and Henley Dr. from Abbey Rd. to Putney Dr. at an estimated cost of \$133,000, to be included in the 2015 Local Street Paving Program, Contract #2-15(P). **REPLACEMENT OF THE CATALPA DR SEGMENT
OF THE ACACIA DRAIN**

City Engineer O'Meara explained that the Oakland County Water Resources Commissioner's Office notified the City that the County drain located on Catalpa between Pierce and Edgewood is in rough shape and needs to be completely reconstructed. He explained that in an effort to avoid the administration cost of the County, Beverly Hills and Birmingham have developed an agreement where the City would be the lead agency for this project to replace the water main, concrete pavement and sewer laterals up to the property lines. This project could be added to the 2015 Local Streets Paving Program.

Mr. O'Meara confirmed for Commissioner McDaniel that the cost would be charged to the Acacia Drain District, where Beverly Hills would pay 70% and Birmingham would pay 30% of the cost.

Commissioner Rinschler expressed frustration with the new Water Resources Drain Commissioner's Office. He stated that he would like someone from the Oakland County Water

Resource Commissioner's office address what happened to the City's request that the office review the whole process as to how Birmingham residents are charged for sewage.

The Commission directed the City Manager to invite Drain Commissioner Nash to a Commission meeting.

MOTION: Motion by Hoff, seconded by Moore:

To approve the agreement between the City and the Village of Beverly Hills to cover the costs of the replacement of the Catalpa Dr. segment of the Acacia Drain, to be built as a part of the 2015 Local Street Paving Program, Contract #2-15(P), with a total estimated cost of \$523,000, and further to direct the Mayor and City Clerk to sign the agreement on behalf of the City, contingent upon approval of the Beverly Hills Village Council.
