**01-17-15                   DISCUSSION WITH THE OAKLAND COUNTY  
                                  WATER RESOURCES COMMISSIONER**

Oakland County Water Resources Commissioner Jim Nash introduced his staff.

Sue Coffey, with the Oakland County Water Resources Commissioner’s Office, presented an overview of the sewage disposal systems. She noted that the east part of Birmingham is a part of the George W. Kuhn drainage district and the west side of the City is part of the Evergreen-Farmington sewage disposal district.

Rafael Trola, with the Oakland County Water Resources Commissioner's Office, explained that there is a fixed monthly charge for the Evergreen-Farmington and George W. Kuhn districts and explained the percentages paid by Birmingham. He explained that most of the expenses for the system are related to paying DWSD for services received such as transportation and treatment of the sewage once it hits the Detroit system. He noted that within the Evergreen-Farmington District there are three combined sewer overflow (CSO) basins that provide services to Birmingham of which the City also has a share.

In response to a question from Commissioner Rinschler regarding the calculations, Mr. Trola explained that it is based on a calculation of usage. Mr. Trola explained the George W. Kuhn there are two separate charges. One for the sanitary based on shares of water sales and one for storm based on an allocation. Mr. Trola explained the billing methodology.

Ms. Coffey explained for Commissioner McDaniel that the reason for two different systems is that legally they were developed separately. The George W. Kuhn district is much older.

Commissioner Rinschler noted that the City has contributed to cleaning the river, been proactive and supportive of it. In addition to paying the debt, there is a large cost for sewage based on the fact that the City has combined sewers. Ms. Coffey explained that 90% of the costs are fixed. She noted that on the sewage side, there is still a large capital burden that the City is still paying debt on such as the three retention treatment basins (RTB) and the George W. Kuhn retention treatment facility.

The Commission discussed the change in billing methodology and the sewer rates in other communities. Ms. Coffey explained that communities with good robust maintenance are in it for the long haul and know their assets are 50 year useful assets and maintain them. When there is a big variation in rates, those who are paying more are doing more and doing the right things. Those communities with lower rates may not feel that they need as robust a maintenance program.

Commissioner Nash explained that 96% of the City is on CSO, 20% Acacia Park and 22% Bloomfield. Once they are paid off the City will get that relief from the debt service.

In response to a question from Mayor Sherman regarding why the cost for the drainage system is not spread throughout the County, Commissioner Nash pointed out that if that was the case, Birmingham would have to pay a share of the other districts as well.

**01-18-15                      QUARTON AND CHESTERFIELD  
INTERSECTION IMPROVEMENTS PROJECT**

City Engineering O'Meara explained that the project was rebid. He confirmed for Mayor Pro Tem Hoff that Birmingham will be taking the lead on the project and Bloomfield Hills will be kept apprised of the project. She questioned whether the state would have given more money if they were told that the project would cost more. Mr. O'Meara confirmed that the state took the amount from a 2009 estimate when the City was trying to get funding through a different source. He stated that there are no additional funds available as the funding was spread amongst projects across the state.

City Manager Valentine confirmed for Commissioner Nickita that the original estimate to the City was \$7,000 and this is an additional \$90,000.

**MOTION:** Motion by McDaniel, seconded by Dilgard:  
 To award the Quarton Road & Chesterfield Intersection Improvements Project, Contract #11-15(P), be awarded to Florence Cement Company, of Shelby Township, MI in the amount of \$611,303.14 to be paid out of account number 202-449.001-985.6700. Further, approving the appropriations and budget amendments as follows:

Major Street Fund

Revenues:

Draw from fund balance	#202-000.000-400.0000	\$ 97,615.00
From State Grants	#202-000.000-540.0000	\$ 432,800.00
From Oakland County	#202-000.000-583.0005	\$ 14,066.00
From Road Commission for Oakland County	#202-000.000-583.0005	\$ 14,066.00
From Bloomfield Hills	#202-000.000-583.0006	<u>\$ 97,615.00</u>
Total Revenue Adjustments		\$ 656,162.00

Expenditures:

Public Improvements	#202-449.001-985.6700	<u>\$ 656,162.00</u>

**01-19-15 BUILDING INSPECTION SERVICES AGREEMENT**

Building Official Johnson explained that the agreement with McKenna Associates is to assist the department with building inspections and plan review services to manage the immediate and long term needs as construction activity is forecasted to continue increasing. He stated that the total expenses will be covered by the increase in permit revenues this year.

In response to a question by Mayor Pro Tem Hoff, Mr. Johnson explained that the department has been using temporary help on a month to month arrangement. Mr. Johnson confirmed for Commissioner Nickita that permits for new housing have increased and permits for renovations have decreased.

**MOTION:** Motion by McDaniel, seconded by Rinschler:  
 To approve the service agreement with McKenna Associates, Inc. for building inspection services at an estimated cost of \$80,600 for fiscal year 2014-2015, and thereafter as budgeted. Further, directing the Mayor and City Clerk to sign the agreement on behalf of the City, and further approving the appropriation and amendment to the 2014-2015 General Fund budget as follows:
