Measure R at Work

Following overwhelming support from Buena Park voters, Measure R officially went into effect April 2025, establishing a one percent (1%) local sales tax to bolster essential City services. Every dollar generated by Measure R will stay local, directly benefiting Buena Park residents' quality of life and addressing resident-identified priorities.

This new funding source is expected to generate approximately $20 million annually, providing critical support for public safety, improving emergency response, making infrastructure improvements, and enhancing community amenities. With Measure R now in place, the City is already making progress on several high-priority projects that directly reflect the needs and values of the community.

Strengthening Public Safety

One of the City's top priorities is ensuring the safety of residents. With the funds generated by Measure R, the Buena Park Police Department will add seven new sworn officers and five professional staff (including two 911-dispatcher positions), expanding its capacity to serve and protect. The Department also plans to launch a Drone as First Responder Program (DFR), an innovative approach that uses drones to provide quicker response times to emergency calls and enhance situational awareness for officers on the ground.

Expanding Recreational Opportunities

Measure R is also bringing exciting new outdoor recreation opportunities to Buena Park. At Boisseranc Park, new pickleball courts are being added to meet rising community interest in this fast-growing sport. At Peak Park, the City is constructing a pump track, an exciting recreational space designed for bikes, scooters, skateboards,

and wheelchairs. These exciting new additions will offer inclusive, low-impact activities for residents of all ages. Other projects include renovations at John Beat Park and Carl Brenner Park, a new pocket park at the intersection of Stanton Avenue and Pinchot Court, and improvements to Friendship Park. With Measure R funding, the City will continue to improve the cleanliness and safety of our parks.

Improving Trails and Connectivity

Buena Park is committed to improving walkability and bikeability throughout the City. The construction of phase three of the Silverado Trail is set to begin soon, continuing efforts to create a safe, scenic route for pedestrians and cyclists. The upcoming segment will extend between Knott Avenue and El Monte Drive, along the northern edge of Peak Park. The existing trail has already added valuable green space and expanded options for non-motorized travel across the City.

Upgrading Streets and Infrastructure

A major street rehabilitation project is taking place along Knott Avenue, from La Palma Avenue to 8th Street. Improvements include resurfacing the roadway, installing curbs, and enhancing accessibility with new ADA-compliant ramps. These upgrades will improve safety, traffic flow, and the overall driving experience on one of the City's most traveled corridors.

Thanks to Measure R, Buena Park is strengthening public safety, improving quality of life, and building a more connected, resilient community. These projects are just the beginning of the long-term benefits residents can expect from this locally controlled source of funding.

Honoring Our Heroes: Buena Park's Veteran Flag Distribution Program

The City of Buena Park is proud to honor our residents who have served in the U.S. Armed Forces. In recognition of their service and sacrifice, the City is launching a new Veteran Flag Distribution Program, with nominations opening this August.

Through this program, Buena Park veterans will receive an American flag personally delivered to their home by a member of the City Council. Each flag will be placed in the front yard or near the front door of the recipient's residence as a symbol of gratitude and pride.

Residents are invited to nominate themselves or a fellow Buena Park veteran between August 4 and October 24.

Flag deliveries will take place from November 3 through November 9, in honor of Veterans Day.

Register online at **www.buenapark.com/flagdistribution** or call **(714)236-3870**.

Homeless Outreach Quarterly Update and Success Story

In September 2024, the Buena Park Homeless Outreach Team met a senior, who had been experiencing homelessness since 2021. For years, she had been living out of her small vehicle and staying at a local park in Buena Park.

During their first conversation, she shared her deep frustration about feeling overlooked by the system and discouraged by the lack of progress in her search for housing. The Outreach Team took the time to listen and validate her concerns while also explaining the complexities of securing permanent housing. From that point on, dedicated case managers worked closely with her to complete a comprehensive housing needs assessment and guide her through the next steps.

Despite many challenges, she remained motivated and engaged. She quickly gathered all the required documentation and stayed in close contact with her case managers. On October 9, she was matched to a Permanent Supportive Housing (PSH) opportunity in Buena Park. She accepted the match, and the Outreach Team continued to assist her throughout the leasing and approval process with the property owner and the Orange County Housing Authority.

Although her initial move-in date was delayed due to property inspections, she remained patient and hopeful. On March 9, 2025, she officially signed her lease and moved into her new home. Today, she is receiving ongoing wraparound services through Telecare and has been referred to CalOptima's CalAIM program, which provides community-based support to help individuals transition from homelessness to stable housing.

This success story not only highlights the client's resilience and determination, but also the commitment of the Buena Park Homeless Outreach Team to walk alongside individuals through every step of their housing journey.

R. Patrick Donnelly to Be Honored at Memorial Grove Ceremony

Saturday, October 4 at 10:00 a.m.

Since 1984, the City's Community Services Commission has sponsored the annual Memorial Grove Ceremony at Boisseranc Park. This cherished tradition honors individuals who, through their volunteerism, program development, and acts of kindness and generosity, made lasting contributions to our City before their passing.

Please join us in paying tribute to R. Patrick Donnelly at this year's Memorial Grove Tree Planting Ceremony.

For more than 50 years, Pat was a guiding force in Buena Park. He generously devoted his time and talents to countless organizations, including Joy Inc. (Director of the St. Pius Choir), the Buena Park Noon Lions Club (President and longtime member), Silverado Days (General Chair and Entertainment Chair), and the Buena Park Historical Society (Board Member).

Pat lived his life in service to others and his community, and loved doing it.

ASK EARTHY

Earthy, our friendly eco-mascot, is here to answer your questions about living a greener life and protecting the planet! Have a question about sustainability? Email us at **sustainability@buenapark.com**, and one of the Sustainabuddies™ will respond! Plus, don't forget to include your name, age, and phone number for a chance to enter our raffle.

Jesse, 23 years old:
"Hi Earthy! I know bottles, cans, and paper go in the recycling bin, but what about things like plastic wrappers and batteries? Can those be recycled too?"

Earthy:
Hi Jesse! This is a super important question. To help me answer it, I'm calling in my recycling-savvy friend, Tidy the Trash Can!

Tidy:
Hey Jesse! I'm so glad you asked. While many types of plastic are recyclable, soft plastics typically are not. Soft plastics include things like plastic grocery bags, bread bags, and plastic wrap. These items can get tangled in recycling machinery, so they shouldn't go in your blue recycling cart.

But don't toss them just yet! You can reuse grocery bags for shopping, packing lunch, or cleaning up after pets.

As for batteries, you definitely *don't* want to put those in the trash or recycling bin. They can leak and cause fires – *yikes!* Instead, bring your batteries to a Household Hazardous Waste Collection Center near you.

Earthy:
Thanks, Tidy! Jesse, you're awesome for wanting to do the right thing. Every smart choice helps keep our planet clean and happy!

Buena Park is leading the clean energy movement

Since 2022, Buena Park's Orange County Power Authority (OCPA) customers have helped reduce carbon emissions by more than 2 billion pounds! That's equal to taking over 221,000 gas-fueled cars off the road, just by choosing renewable energy options provided by OCPA.

OCPA is part of a growing movement of 25 community choice energy providers across California. Along with Buena Park, OCPA provides more than 177,000 Orange County homes and businesses the choice of renewable energy at affordable rates, building a brighter, healthier future for our community.

+ **Cleaner power at competitive rates**
+ **Reinvesting into our communities**
+ **Locally controlled by community leaders**

Energy Saving Incentives

Make your home more efficient for less. OCPA customers can now get an Energy Efficiency Kit through the OCPA Marketplace — $50 value, free with a rebate.* Each kit includes LED lightbulbs, a smart plug, an advanced power strip, and weatherstripping.

OCPA is a local, not-for-profit clean energy provider that reinvests in the community through grants, home appliance rebates, credit for excess solar energy generation, and more through tools like the OCPA Marketplace and Incentive Finder.
