RE: Demolition approval request for 7240 Anna Ave, St. Louis, Missouri

To whom it may concern:

Please consider this our formal request for approval of the demolition of the existing structure located at the aforementioned address. The demolition of this project is a part of a larger proposal to the Missouri Housing Development Commission to build 42 units of senior housing on the site. The project will contain 42-2-bedroom units and have a mix of market rate and tax credit units. The managing member of the proposed project will be Catholic Charities of St. Louis. Catholic Charities brings a long-standing history of experience and excellence in the housing arena along with a bevy of supportive services for elderly tenants. RCH Development, LLC will serve as the developer and financing expert. RCH has multiple decades of experience developing superior quality housing across the state of Missouri. The demolition of this building is contingent upon the approval of the financing of the project. The approval of the demolition of this building is crucial to allow our project is able to move forward.

We greatly appreciate your consideration. Please reach out with any questions you may have.

Sincerely,

Chad Hartle

RCH Development, LLC
