

Dubois County Temporary Event Registration

Dear Temporary Event Coordinator:

Attached is an event information packet for coordinators of events serving food in Dubois County. The event coordinator will need to fill out and submit the Information Page 14 days before the event is to take place. The event coordinator will also need to submit a list of **all** participating food vendors with a site map of the event area detailing vendor locations, toilet and handwashing locations, and location of animals, rides, and attractions (if applicable).

Food vendors that are for-profit are required to obtain a temporary food permit when operating outside their county. We will only permit food vendors that are listed on the registration form submitted by the coordinator. The vendors or the event coordinator may apply for the permit(s) Monday through Friday from 8 a.m. to 4:00 p.m., but they must obtain their permit(s) at least 48 hours before the event begins. There is a \$20.00 per day fee for the temporary permits. **Permits for temporary events must be paid in cash or check.**

A Certified Food Handler is required for food vendors distributing any potentially hazardous foods. Please confirm that the food vendors that will be participating in your event meet this requirement. This registration allows Dubois County Health Department staff to ensure that food vendors are made aware of local health codes prior to the event. It will remain the Dubois County Health Department's responsibility vendors are serving food in a safe and sanitary manner.

The registration application can be faxed or emailed to our office. If you have further questions regarding the registration process contact the Dubois County Health Department (812)481-7055.

“The Dubois County Health Department is committed to prevention efforts that promote and protect our communities health by serving with dedication, respect, and responsibility.”
