GENERAL CONDITIONS AND INSTRUCTIONS TO BIDDERS

The general rules and conditions that follow apply to all purchases and become a part of each invitation for bid, purchase order or other award issued by the City, unless otherwise specified. Bidders or their authorized representatives are expected to fully inform themselves as to the conditions, requirements, and specifications before submitting bids; failure to do so will be at the bidder's own risk and relief cannot be secured on the plea of error.

Subject to City laws and all rules, regulations and limitations imposed by legislation, bids on all advertisements and invitations issued by the City of Glenarden will bind bidders to applicable conditions and requirements herein set forth unless otherwise specified in the Invitation for Bid.

CONDITIONS OF BIDDING

1. **Proposal Forms:** Bids shall be submitted only on the forms provided by the City. The bidder shall retain one copy for its files and submit one copy signed and sealed, in the envelope provided by the City.
2. **Late Bids:** Bids or proposals or amendments thereto must be received at the Administrative Offices in the City of Glenarden during business hours and not later than the scheduled time and date for bid opening, or closing date and time for receipt of proposals. Bids or proposals received (and time stamped) after the scheduled time will be considered late and returned to the sender unopened. Postal delays or misrouting shall not constitute a basis for acceptance of late bids or proposals.
3. **Withdrawal or Modification of Bids or Proposals:** A written request for the withdrawal of a bid or proposal, or modification of a bid, may be granted if the request and the envelope containing the request is identified with the Bid or Proposal number, title, time and date of bid opening, or closing date for receipt of proposals, and is received in the Administration office prior to the scheduled bid opening time or closing time and date for receipt of proposals.
4. **Mailing of Bids:** Bids, which are to be publicly opened, may have attached a special mailing envelope which must be used by bidders in presenting such bids. In the event that the bid contains bulky subject material, the special mailing envelopes must be firmly affixed to any other wrapper being used.
5. **Completeness:** All information required by Invitation to Bid must be supplied to constitute a proper bid.
6. **Bids Binding 60 Days:** Unless otherwise specified all formal bids submitted shall be binding for 60 calendar days following bid opening date, unless the bidder(s), upon request of the City Manager, agrees to an extension.
7. **Conditional Bids:** Qualified bids are subject to rejection in whole or in part.
8. **Bids for All or Part:** Unless otherwise specified by the City or by the bidder, the City Manager reserves the right to make an award on all items, or on any of the items according to the best interests of the City. Bidder may restrict a bid to consideration in the aggregate by so stating, but should name a unit price on each item bid upon; any bid in which the bidder names a total price for all the articles without quoting a price on each separate item, may be rejected at the option of the City.
9. **Errors in Bids:** When an error is made in extending total prices, the unit bid price will govern. Carelessness in quoting prices or in preparation of bid otherwise, will not relieve the bidder. Erasures or changes in bids must be initialed.
10. **Questions Re: Specifications:** Any information relative to interpretation of specifications and drawings shall be requested of the City Manager, in writing, and in ample time before the opening of bids. Inquiries received within five (5) days of the date set for the opening of bids will not be given consideration. Any interpretation made to prospective bidders will be expressed in the form of an addendum to the specifications which, if issued, will be sent to all prospective bidders no later than three (3) days before the date set for opening of bids. Oral answers will not be binding on the City.
11. **Multiple Bids:** No bidder will be allowed to offer more than one price on each item even though he may feel that he has two or more types or styles that will meet specifications. Bidders must determine for themselves which to offer. IF SAID BIDDER SHOULD SUBMIT MORE THAN ONE PRICE ON ANY ITEM ALL PRICES FOR THAT ITEM MAY BE REJECTED AT THE DISCRETION OF THE CITY MANAGER.
12. **Taxes:** The City of Glenarden is tax exempt.
13. **Catalogs:** Each bidder shall submit in duplicate where necessary or when requested by the City Manager, catalogs, descriptive literature, and detailed drawings, fully detailing features, designs, construction, finishes and the like necessary to fully describe the material or work the bidder proposes to furnish.
14. **Competency of Bidders:** The City reserves the right to reject any bid or proposal from any person, firm or corporation that is in arrears or in default to City of Glenarden upon any debt or contract, or that is a defaulter, as surety or otherwise, upon any obligation to said City, or had failed to perform faithfully any previous contract with the City. The bidder, if requested, must present within 48 hours evidence satisfactory to the City Manager of performance ability and possession of necessary facilities, pecuniary resources and adequate insurance to comply with the terms of these specifications and contract documents.
15. **Access to Information About Hazardous and Toxic Substances Act:** In accordance with Subtitle 4 of the Maryland Occupational Safety and Health Law: If any product or substance being offered herein is classified as either a "Hazardous Chemical" or a "Health Hazard" as defined therein, then bidder shall submit with the bid a material safety data sheet for each product or substance being offered. Failure to comply with this requirement may result in bid being declared non-responsive.

Additionally, bidder agrees (by virtue of bid submittal) to comply with all provisions of Subtitle 4.
16. **Bid Bond, Certified or Cashier's Check:** When required, each bid shall be accompanied by a bid bond signed by a surety company authorized to do business in the State of Maryland. An annual bid bond on file with the City with an uncommitted balance equal to the bid shall be acceptable as surety. The City will also accept a cashier's check, certified check, U.S. Postal Money Order, or Treasurer's check drawn on a responsible bank doing business in the United States which is made payable to the City of Glenarden, Maryland. When computing amount of Bid for certified check purposes, do NOT deduct for trade-ins.

SPECIFICATIONS

BID DEPOSIT

17. Annual Bid Bonds: Bidders who regularly do business with the City shall be permitted to file with the City an annual bid bond in the amount specified herein. Such annual bonds shall be acceptable as Surety in lieu of the furnishing of surety with each individual transaction.

Annual bid bonds shall be in an amount as determined by the bidder, of no less than \$1,000.00. If at any time, the requirements of a specific bid invitation exceeds the amount of the annual bid bond, or should the aggregate amount of the bid security requirements on all unresolved bids submitted by your firm exceed the amount of the annual bid bond, additional surety will be required in the appropriate sum.

18. Samples: The samples submitted by bidders on items which they have received an award may be retained by the City until the delivery of contracted items is completed and accepted. Bidders whose samples are retained may remove them after delivery is accepted.

Samples on which bidders are unsuccessful must be removed as soon as possible after award has been made on the item or items for which the samples had been submitted. The City will not be responsible for such samples if not removed by the bidder within 30 days after the award has been made.

Bidders shall make all arrangements for delivery of samples to the place designated as well as the removal of samples. Cost of delivery and removal of samples shall be borne by the bidder.

All samples packages shall be marked "Samples for Purchasing Division" and each sample shall bear the name of the bidder, item number, and shall be carefully tagged or marked in a substantial manner. Failure of the bidder to clearly identify samples as indicated may be considered sufficient reason for rejection of bid.

19. Trade Names: In cases where an item is identified by a manufacturer's name, trade name, catalog number or reference, it is understood that the bidder proposes to furnish the item so identified and does not propose to furnish an "equal" unless the proposed "equal" is definitely indicated therein by the bidder.

The reference to the above catalog is intended to be descriptive but not restrictive and only to indicate to the prospective bidder articles that will be satisfactory. Bids on other makes and catalogs will be considered, provided each bidder clearly states on the face of its proposal exactly what he proposes to furnish, and forwards with its bid, a cut, illustration, or other descriptive matter which will clearly indicate the character of the article covered by its bid.

The City Manager hereby reserves the right to approve as an equal, or to reject as not being an equal, any article the bidder proposes to furnish which contains major or minor variations from specification requirements but may comply substantially therewith.

If no particular brand, model, or make is specified, and if no data are required to be submitted with the bid, the successful contractor after award and before manufacture or shipment may be required to submit working drawings or detailed descriptive data sufficient to enable the City Manager to judge if each requirement of the specifications is being complied with.

20. Formal Specifications: The bidder shall abide by and comply with the true intent of the specifications and not take advantage of any unintentional error or omission, but shall fully complete every part as the true intent and meaning of the specifications, and drawings. Whenever herein mention is made of any article, material, or workmanship to be in accordance with laws, ordinances, building codes, underwriter's codes, A.S.T.M. standards, or similar expressions, the requirements of these laws, standards, etc., shall be construed as to the minimum requirement of these specifications.

All deviations from the specifications must be noted in detail by the bidder, in writing, at the time of submittal of the formal bid. The absence of a written list of specification deviations at the time of submittal of the bid will hold the bidder strictly accountable to the City to the specifications as written. Any deviation from the specifications as written not previously submitted, as required by the above, will be grounds for rejection of the material and/or equipment when delivered.

AWARD

21. Award or Rejection of Bids: The contract will be awarded to the lowest responsible and responsive bidder complying with the provisions of the Invitation, provided the bid price is reasonable and it is to the interest of the City to accept it. The City Manager reserves the right to reject any or all bids and to waive any informality in bids received whenever such rejection or waiver is in the interest of the City. The City Manager also reserves the right to reject the bid of a bidder who has previously failed to perform properly or complete on time contracts of a similar nature, or a bid of a bidder whose investigation shows is not in a position to perform the contract.

In determining responsibility, the following qualifications, in addition to price, will be considered by the City Manager.

- a. The ability, capacity and skill of the bidder to perform the service required within the specified time.
- b. The character, integrity, reputation, judgment, experience and efficiency of the bidder.
- c. The quality of performance of previous contracts or services.
- d. The previous and existing compliance by the bidder with laws and ordinances relating to previous contracts with the City and to the bidder's employment practices.
- e. The sufficiency of the financial resources and ability of the bidder to perform the contract or provide the services.
- f. The quality, availability and adaptability of the supplies, contractual services, to the particular use required.
- g. The ability of the bidder to provide future maintenance and service for the use of the subject of the contract.
- h. Whether the bidder is in arrears to the City, in debt on contract or is a defaulter on surety to the City or whether the bidder's tax or assessments are delinquent.
- i. The resale value and life cycle costs of the subject of the contract.
- j. Such other information as may be secured by the City Manager.

In determining a bidder's responsibility the City Manager shall consider material deviations from the advertised specifications which materially affect price, quantity, quality or limit the bidder's liability.

22. **Indemnity:** The Contractor shall indemnify, keep and save harmless the City, its agents, officials and employees, against all injuries, death, loss damages, claims, patent claims, suits, liabilities, judgments, costs and expenses, which may in anywise accrue against the City in consequence of the granting of this contract of which may in anyway result therefrom, whether or not it shall be alleged or determined that the act was caused through negligence or omission of the Contractor or its employees, of the subcontractor or its employees, if any, and the contractor shall, at its own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith, and if any judgment shall be rendered against the City in any such action, the Contractor shall at its own expense, satisfy and discharge the same. The Contractor expressly understands and agrees that any performance bond or insurance protection required by this contract, or otherwise provided by contractor, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the City as herein provided.

23. **Collusive Bidding:** The bidder certifies that its bid is made without any previous understanding, agreement of connection with any person, firm, or corporation making a bid for the same project without prior knowledge of competitive prices, and is in all respects fair, without outside control, collusion, fraud or otherwise illegal action.

24. **Identical Bidding** – may be deemed suspicious.

25. **Specific Bid Quantities:** Where quantities are specifically stated, acceptance will bind the City to order quantities specified and to pay for, at contract prices, all such supplies or services delivered that meet specifications and conditions of the contract. However, the City will not be required to accept delivery of any balances unordered, as of the contract expiration date, unless contractor furnishes the City Manager with a statement of unordered balances not less than ten days after the termination date of the contract.

26. **Requirements Bid Quantities:** On "Requirements" bids, acceptance will bind the City to pay for, at unit bid prices, only quantities ordered and delivered.

27. **Protests:** Any bidder which alleges that it has been or will be improperly denied the award of bid may protest the decision or potential decision of the City after the receipt and opening of bids. Any protest shall be in writing and filed in duplicate with the City and addressed to the City Manager in an envelope marked "PROTEST." The protest shall set forth the identity of the protestor, the identity of the procurement activity, the basis for the protest, including supporting exhibits and documents which substantiate the protestor's allegations. All protests shall be delivered not later than seven (7) days after the protestor knew or should have known of the facts and circumstances upon which the protest is based. Based upon the information contained in the protest, the City Manager may schedule a hearing or issue a decision based upon the record. If a hearing is granted, it shall be scheduled promptly and a written decision shall be issued as expeditiously as possible.

Protests based upon alleged improprieties in any type of solicitation which are apparent before bid opening or the closing date for receipt of proposals shall be delivered before bid opening or closing date for receipt of proposals. Protests not delivered within the time periods specified above shall be untimely.

CONTRACT PROVISIONS

28. **Availability of Funds:** A contract shall be deemed executory only to the extent of appropriations for the purchase of the services or articles. The City's extended obligation on those contracts that envision extended funding through successive fiscal periods shall be contingent upon actual appropriations for the following fiscal year.

29. **Contract Alterations:** No alterations or variables in the terms of a contract shall be valid or binding upon the City unless made in writing and signed by the City Manager or its authorized agent.

30. **Expiration of Contracts:** Contracts will remain in force for full periods specified and until all articles ordered before date of expiration shall have been satisfactorily delivered and accepted and thereafter until all requirements and conditions shall have been met, unless:

- a. Terminated prior to the expiration date.
- b. Extended upon written authorization of the City Manager to permit ordering of unordered balances or additional quantities at contract prices and in accordance with contract terms.

31. **Subletting of Contract:** It is mutually understood and agreed that the contractor shall not assign, transfer, convey, sublet, or otherwise dispose of its contract or its right, title or interest therein, or its power to execute such contract, to any other person, firm or corporation, without the previous written consent of the City Manager, but in no case shall such consent relieve the contractor from its obligations, or change the terms of the contract.

32. **Default Remedies:** The contract may be canceled or annulled by the City Manager or its designee in whole or in part by written notice of default to the contractor for any of the following reasons: failure to perform in accordance with contract specifications, failure to make timely delivery of supplies or services as stipulated in the bid or proposal, violation of any contract term, suspension or debarment for reasons of civil or criminal indictment or conviction, failure to prosecute the work or any separable part thereof with such diligence as to insure its completion within the time specified in the contract, or any extension thereof, fraud or misrepresentation on a City contract, or failure to make timely replacement or correction of rejected articles or services.

In the event of partial termination for default, the contractor shall continue the performance of the contract to the extent not terminated.

In the event of default by the contractor, the City may re-procure similar articles or services in such manner as to facilitate the most expeditious delivery or performance.

The Bidder/Offeror agrees by virtue of submitting a bid or proposal in response to this solicitation, that the contractor is obligated to the City for any excess re-procurement costs incurred by the City as a result of the contractor's default. Excess re-procurement costs shall be defined as the difference between the defaulting contractor's contract price and the price paid by the City for similar goods or services, plus any additional costs incidental by accelerating delivery, and any reasonable administrative expenses incurred by the City in making the re-procurement.

The contractor agrees by submitting a bid or proposal that such excess re-procurement costs may be recovered by the City by: 1) deduction of such amount from monies owed the contractor on this or any other contract(s) the contractor may have with the City, 2) by recourse to the contractor's surety, 3) by direct payment by the contractor to the City or 4) Legal action against the contractor.

33. **Termination for Convenience:** The performance of work under this contract may be terminated by the City within 30 days written notice or such time as mutually agreeable to the parties not to exceed 30 days, in whole or in part whenever the City shall determine that such termination is in the best interest of the City. The City will pay all reasonable costs associated with this contract that the contractor has incurred up to the date of termination and all reasonable costs associated with termination of the contract. However, the Contractor may not be reimbursed for any anticipatory profits that have not been earned up to the date of termination.

34. **Liability:** The Contractor shall not be liable in damages for delay in shipment or failure to deliver when such delay or failure is the result of fire, flood, strike, act of nature, act of government, act of a terrorist or an enemy state or by any other circumstances which, in the City's

opinion is beyond the control of the contractor. Under such circumstances, however, the City may in its discretion, cancel the contract.

35. New Goods, Fresh Stock: All contracts, unless otherwise specifically stated, shall produce new commodities, fresh stock, latest model, design or pack.

36. Non-Discrimination: A contractor who is the recipient of City Funds, or who proposes to perform any work or furnish any goods under this agreement shall not discriminate against any worker, employee or applicant, or any member of the public because of religion, race, sex, age, physical or mental disability, or perceived disability. Discriminatory practices based upon the foregoing are declared to be contrary to the public policy of the City. The Contractor agrees to be in full compliance with the federal mandates of the Americans with Disabilities Act. The Contractor further agrees that this article will be incorporated by contractor in all contracts entered into with suppliers of materials or services; and contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor services in connection with this contract.

37. Guarantee: Unless otherwise specified, the Contractor shall unconditionally guarantee the materials and workmanship on all equipment furnished by him for a period of one year from date of acceptance of the items delivered and installed, unless otherwise specified herein. If, within the guarantee period, any defects or signs of deterioration are noted, which, in the opinion of the City are due to faulty design and installation, workmanship, or materials, upon ratification, the contractor, at its expense, shall repair or adjust the equipment or parts to correct the condition, or he shall replace the part or entire unit to the complete satisfaction of the City. These repairs, replacements or adjustments shall be made only at such time as will be designated by the City at least detrimental to the operation of City business.

38. Placing of Orders: Orders against contracts will be placed with the contractor on either a Purchase Order or Blanket Purchase Order executed and released by the City Manager. Telephonic orders placed directly with the contractor by the ordering agency may be authorized by the City Manager, only after execution of a Blanket Purchase Order.

39. Delinquent Tax Setoffs: In the event that the contractor owes money to the City as a result of the entry of judgment, debt arising out of a contract, default as surety to the City, delinquent taxes or assessments or for any other debt or liquidated damages, the City may withhold and set-off such sums owed to the City from payments owed to the contractor by virtue of this or other contracts.

DELIVERY PROVISIONS

40. Responsibility for Materials Shipped: The Contractor shall be responsible for the materials or supplies covered by this contract until they are delivered at the designated point, but the contractor shall bear all risk on rejected materials or supplies after notice of rejection. Rejected materials or supplies must be removed by and at the expense of the contractor promptly after notification of rejection, unless public health and safety require immediate destruction or other disposal of rejected delivery. Upon failure to do so within ten days after date of notification, the City may return the rejected materials or supplies to the contractor at its risk and expense, or dispose of them as its own property.

41. Inspections: Inspection and acceptance of materials or supplies will be made after delivery. Final inspection shall be conclusive except as regards latent defects, fraud, or such gross mistakes as amount to fraud. Final inspection and acceptance or rejection of the materials or supplies will be made as promptly as practicable, but failure to inspect and accept or reject materials or supplies shall not impose liability on the City for such materials or supplies as are not in accordance with the specifications. All delivered materials shall be accepted subject to inspection and physical count.

42. Time of Delivery: Deliveries will be accepted between 8:30 a.m. and 4:00 p.m. on weekdays only. No deliveries will be accepted on Saturdays, Sundays or City Holidays.

43. Packing Slips or Delivery Tickets: ALL SHIPMENTS or DELIVERIES shall be accompanied by Packing Slips or Delivery

Tickets, and shall contain the following information for each item delivered:

The Purchase Order Number
The Name of the Article and Stock Number (Supplier's)
The Quantity Ordered
The Quantity Shipped
The Quantity Back Ordered
The Name of the Contractor

Bidders are cautioned that failure to comply with these conditions SHALL BE CONSIDERED SUFFICIENT REASON FOR REFUSAL TO ACCEPT THE GOODS.

44. General Guaranty: Contractor agrees to:

- a. Save the City, its agents and employees harmless from liability of any nature or kind for the use of any copyrighted or un-copyrighted composition, secret process, patented or unpatented, invention, article or appliance furnished or used in the performance of the contract which the contractor is not the patentee, assignee, licensee or owner.
- b. Protect the City against latent defective material or workmanship and to repair or replace any damages or marring occasioned in transit or delivery.
- c. Furnish adequate protection against damage to all work and to repair damages of any kind, to the building or equipment, to its own work or to the work of other contractors, for which he or its workmen is responsible.
- d. Pay for all permits, licenses and fees and give all notices and comply with all laws, ordinances, rules and regulations of the City and State of Maryland.

9. **NOTICE TO BIDDERS**: Each bidder, before submitting a bid, shall become fully informed as to the extent and character of the work required. No consideration will be granted for any alleged misunderstanding of the material to be furnished or work to be done, it being understood that the submission of a bid is an agreement with all of the items and conditions referred to herein.
10. **INSPECTION AND ACCEPTANCE**: The City will inspect the assigned routes upon completion and termination of the snow or ice event, determine whether the work is acceptable, and notify the Contractor of the City's acceptance or rejection of the work. If the work is unacceptable to the City, the Contractor shall re-do the work in a manner acceptable to the City.
11. **CITY HELD HARMLESS**: The Contractor shall be responsible for any loss, personal injury, deaths and/or damages that may occur or be suffered by any persons by reason of the Contractor's negligence or failure to perform any of the obligations that this contract obligates it to perform and the Contractor hereby agrees to indemnify and hold the City harmless from any loss, cost damages and other expenses suffered or incurred by the City by reason of the Contractor's negligence or failure to perform any of the said obligations. The Contractor shall take proper safety and health precautions to protect its work, its employees, the public and the property of others from any damages or injury resulting from the performance of their work described herein.
12. **TERMINATION FOR DEFAULT**: If the Contractor fails to fulfill its obligations under the contract properly and on time or otherwise violates any provision of the contract, the City may terminate the contract by written notice to the Contractor. The written notice shall specify the acts or omissions relied on as cause for termination. The City shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by the Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the City shall have remedies otherwise available to it under applicable law for the collection of damages or deduction from monies due the Contractor on this or other City contracts. Damages shall include re-procurement costs.

13. ASSIGNMENT: All covenants and agreements herein contained shall extend to and be obligatory on the successor and assigns of the Contractor, but the Contractor shall not assign the contract or any payment to become due thereunder except with the prior consent of the City. The City may terminate the contract if assignment is made without the City Manager's approval.
14. PERSONNEL: The Contractor represents that it has in its employment or shall secure at its own expense, all personnel required to perform the services under this bid. Such personnel shall not be the employees of, nor have any contractual relationship with the City. Personnel shall be proficient in the use of hands free cellular telephones as a means of communication and shall comply with applicable law governing their use. All services required hereunder shall be performed by the Contractor utilizing its own vehicle(s). All personnel engaged in the work shall be fully qualified, authorized and licensed, under the State and local laws, to perform such services.
15. SUBCONTRACTING: Any person undertaking a part of the work under the terms of the contract, by virtue of any agreement with the Bidder, shall receive approval of the City Manager prior to any such undertaking. In the event the Bidder desires to subcontract some part of the work specified herein, the Bidder shall furnish with its proposal the names, qualifications, and experience of its proposed subcontractors. The Subcontractor's contract portion shall not exceed 49% of the contract. Subcontractors shall conform, in all respects, to the terms of the Contract awarded to any successful bidder. A Contractor shall, however, remain fully liable and responsible for the work done by its subcontractors. The City may terminate the Contract if the work is subcontracted without the City Manager's prior approval.
16. SAFETY MEASURES: The Contractor shall take all necessary precautions for the safety of employees on the work and shall erect and properly maintain at all times, as required by job conditions and progress of the work, all necessary safeguards for the protection of the workmen and public.
17. PERFORMANCE: All work performed shall be of high quality in accordance with good practices, procedures and industry standards. The Contractor shall conform to all Federal, State and local laws and governmental regulations.
18. **Insurance**: The Contractor covenants to maintain all applicable insurance the amounts set forth herein. The Contractor further agrees to provide evidence of such insurance within ten (10) days from notice of award. The Certificates of Insurance shall provide that the City shall be given at least thirty (30) days prior written notice of the cancellation of, intention not to renew, or material change in the coverage. Contractor must provide Certificates of Insurance to the City before commencing any work pursuant to this Agreement. All insurance must name the City as an additional insured, not just a certificate holder.

PROVISION OF ANY INSURANCE REQUIRED HEREIN DOES NOT RELIEVE THE CONTRACTOR OF ANY OF THE RESPONSIBILITIES OR OBLIGATIONS ASSUMED BY THE CONTRACTOR IN THE CONTRACT AWARDED, OR FOR WHICH THE CONTRACTOR MAY BE LIABLE BY LAW OR OTHERWISE.

 - A. **Workers' Compensation Insurance**: The Contractor shall comply with the requirements and benefits established by the State of Maryland for the provision of Workers' Compensation Insurance.
 - B. **Comprehensive General Liability Insurance**: The Contractor shall provide general liability insurance in the amount set forth herein. Coverage shall include completed operations and contractual liability coverage and shall be issued on an occurrences basis.
 - (1) **Personal injury liability insurance** with a limit of \$1,000,000.00 for each occurrence and \$1,000,000.00 aggregate, where insurance aggregates apply;

(2) Property damage liability insurance with limits of \$250,000.00 for each occurrence and \$500,000.00 aggregate, where aggregates apply.

C. Automobile Liability Insurance. Motor vehicle insurance meeting the requirements of Maryland law and covering every vehicle and driver involved in providing the services, in the following amounts:

- (1) Bodily injury liability with limits of \$500,000.00 each person and \$1,000,000.00 each accident;
- (2) Property damage liability with a limit of \$100,000 each accident.

19.4. SPECIAL PROVISIONS FOR INSURANCE:

- (1) The Contractor shall forward to the City Manager a certificate(s) of insurance indicating the insurance and any special provisions required under the foregoing provisions. Such certificate(s) shall be in a form satisfactory to the City and shall list the various coverages and limits. Insurance companies providing the coverage shall be acceptable to the City, rated by A.M. Best and carry at least an "A" Rating VIII). In addition to the aforementioned provisions, such insurance policies shall not be changed or canceled and they will be automatically renewed upon expiration and continued in full force and effect until completion and acceptance of all work covered by the contract, unless the City's, Manager's Office is given 30 days written notice before any change or cancellation is made effective. If requested, the Contractor shall directly furnish the City Manager's Office with a certified copy of each insurance policy upon request.
- (2) The initial and subsequent certificates of insurance shall include a description of the contract work and the assigned contract number. Prior to beginning any project work, the insurance requirements as outlined by the City Manager's Office shall be approved in writing.
- (3) All insurance shall be procured from insurance or indemnity companies acceptable to the City and licensed and authorized to conduct business in the State of Maryland. The City's approval or failure to disapprove insurance furnished by the Contractor shall not release the Contractor of full responsibility for liability for damage and accidents.
- (4) If at any time the above required insurance policies should be canceled, terminated or modified so that the insurance is not in full-force and effect as required herein the City reserves the right to terminate this contract.
- (5) The Contractor shall require each subcontractor to provide evidence of insurance coverage specified herein and such evidence of coverage shall be provided to the City Manager's Office prior to commencement of work. Such coverage shall remain in full force and effect during the performance of activities under this contract.

- (6) Any contract of insurance or indemnification naming the City, or any of the departments, agencies, administrators or authorities as an additional insured shall be endorsed to provide that the insurer will not contend in the event of any occurrence, accident, or claim that the City, et al, are not liable in tort by virtue of being governmental instrumentalities or public or quasi-public bodies.
- (7) In the event the required certificates of insurance as specified herein are not furnished within ten business days prior the execution of the contract, the Contractor shall not be permitted to enter upon the property to perform the duties outlined in the contract until all required insurance certificates or evidence of self- insurance has been received.
- (8) The Contractor shall, prior to contract execution, and for each extension of the contract, furnish to the City Manager certificates of insurance as evidence of such insurance coverage stated above. Such insurance certificates shall provide that the City Manager be notified in writing by the insurer at least 30 days prior to cancellation or material change of any such coverage.

The certificate of insurance should be sent to:

City of Glenarden
8600 Glenarden Parkway
Glenarden, Maryland 20706

- 19. SAFETY MEASURES: Contractor shall take all necessary precautions for the safety of employees on the work and shall erect and properly maintain at all times, as required by job conditions and progress of the work, all necessary safeguards for the protection of the workmen and public.
- 20. RESPONSIBILITY OF CONTRACTOR: At its own expense, the Contractor shall:
 - A. Obtain all necessary licenses and permits.
 - B. Provide competent supervision.
 - C. Take precautions necessary to protect persons or property against injury or damage and be responsible for any such damage, or injury that occurs as a result of Contractor's fault or negligence.
 - D. Perform the work without unnecessarily interfering with other City activities.
 - E. Provide all necessary labor, vehicle(s), materials and supervision necessary to perform the work as required.
 - F. The Contractor's vehicle(s) and operator(s) shall be available seven (7) days a week, twenty-four (24) hours a day. The City reserves the right to place any vehicle on actual operating time, and to discontinue using any vehicle at any time as field conditions require or if a unit is not working satisfactorily. The City will be the sole judge as to whether the operator and/or the vehicle are performing satisfactorily.

- G. The Contractor is responsible for having and maintaining all safety equipment as required by the City, including but not limited to working lights, horns, heaters, wipers, defrosters. The Contractor shall furnish and maintain all exterior lighting systems including overhead emergency amber rotating or strobe lighting. The emergency lighting shall have 360° visibility at all times. Vehicle headlight beam is required to meet Maryland Motor Vehicle Laws concerning visibility both to and from vehicle. The Contractor's vehicle and operator shall be required to meet all DOT regulations and motor vehicle laws.
- H. The Contractor shall provide all service and repairs to keep its vehicles running for the entire time needed and until released by the responsible City supervisor. The City will not compensate the Contractor for down time on vehicles. The Contractor shall report to the City when its vehicles are down for repairs and when the repairs have been completed and the vehicles are operational.
 - (1) All Contractor personnel and vehicles must be logged in at the maintenance facility office or other designated area by a City representative for each winter storm event. The Contractor's personnel shall demonstrate that safety lights are operational. In addition, all salt brine pumps, valves, fittings, and nozzles are operational and free of excessive leaking. Failure to demonstrate the above shall make the vehicle unusable by the City.
 - (2) The Contractor's vehicles must have a full tank of fuel when they report to the City. The Contractor's personnel shall have a cellular phone and the cellular phone number shall be given to the DPW City's representative. If a truck does not have a full tank of gas or if the operator lacks a cellular phone, the City may determine the unit unusable.
 - (3) At the end of operations, all Contractor personnel and equipment must be logged out at the maintenance facility's front office or other designated area by the DPW Authorized City Representative or City Manager Representative and all Snow/Ice Removal Time Tickets must be signed in order to receive payment. Contractor equipment shall not be stored on City property.

21. PAYMENT PER VEHICLE:

- A. The payment for each vehicle shall be at the established hourly operating rate (standby or working) based on the price quoted for that vehicle. Standby time shall be paid at one half (1/2) of the established hourly operating rate. Time will be verified by submission of the Snow/Ice Removal Time Tickets which will be issued to the Contractor by the appropriate DPW Authorized City Representative. The Contractor shall submit completed Snow/Ice Removal Time Tickets for vehicle.
- B. Hourly rates submitted on the price quotation sheets shall be considered full compensation for services and shall include supervision, operator, fuel, lubricants, supplies, repairs and maintenance and other incidentals deemed necessary for the safe operation of the vehicle(s).

- C. In addition to the City paying the Contractor at the specified rate for the time a vehicle actually worked, the City will allow time for minor repairs, adjustments and fueling not to exceed ten percent (10%) of the actual time worked on any shift. If the Contractor furnishes any vehicle that the City determines is not in good working order, the City will not accept the vehicle(s) and no compensation or consideration will be given to the Contractor.
- D. Time lost more than that provided for in Paragraph (C) above will not be compensated.
- E. No compensation shall be made above the quoted hourly rates.

22. START TIME AND LIQUIDATED DAMAGES:

- A. In the event that a particular vehicle offered by the Contractor in its bid does not respond within two hours to a call out for snow and/or ice control operations, a liquidated damage amount of \$250.00 per single/tandem axle truck and \$100.00 per 4-wheel drive vehicle may be charged for the first and second offense and termination of services after the third offense.
- C. For the purpose of this bid, the start of each operation shall be determined from the time of reporting for operation to the end of the operation period. Multiple operators may be required to continue operation on a 24 hour, 7 day a week cycle.
- D. Each vehicle shall have hands free cellular communications during snow and ice control events. A cellular number shall be provided for each vehicle at the start of each shift during a snow and ice control event. Cellular Phone numbers are to be placed on the Snow/Ice Removal Time Tickets for verification in accordance with this Specific Bid Condition.

23. REFERENCES: Each bidder shall supply the names of three professional references with whom they have contracted for similar services. Failure to supply this information on the attached reference form as requested with the bid may result in the rejection of the bid.

24. OSHA REGULATIONS, BLOODBORNE PATHOGENS: The successful bidder/offeror shall, during the course of performance under the proposed contract, comply with Part 1910 of Title 29 of the Code of Federal Regulations (OSHA). This regulation deals with occupational exposures to blood borne pathogens and other potentially infectious materials. During the performance of your contractual requirements, the Contractor is expected to be alert to any potentially high risk of exposure opportunities and take all mandated precautionary measures contained in the regulation, including making available to all employees who have occupational exposure, Hepatitis B vaccine and vaccination series and post exposure follow-up following exposure incidents.

25. CONTRACT DISPUTE RESOLUTION: The City Manager shall act as the "Contract Administrator" for all contracts with certain responsibilities incidental to the resolution of contract claims and disputes.
26. PROMPT PAYMENT: The City shall pay promptly on invoices that are received accurately.
27. MINORITY BUSINESS INCENTIVES: The City encourages the use of minority businesses.
28. BIDDER/OFFEROR AFFIDAVIT: Included with the Bidder's Response Copy of this bid is a form entitled Bidder/Offeror Affidavit and Statement of Ownership. This form is to be completed and returned with the bid response. Failure to submit this form may result in the disqualification of your bid.
29. Political Contributions: If this contract involves cumulative consideration of at least \$200,000, the Contractor shall file with the State Board of Elections a statement under oath containing: (i) the name of each candidate, if any, to whom one or more applicable contributions in a cumulative amount of \$500 or more were made during the reporting period; (ii) the office sought by each candidate; (iii) the amount of aggregate contributions made to each candidate; (iv) the name of each unit of a governmental entity with which the person did public business during the reporting period; (v) the nature and amount of public business done with the Town; and (vi) if the contract or the contribution is attributed to another person who is filing the statement, the name of the contracting entity or the person who made the contribution and the relationship of that person to the person filing the statement. The Contractor's initial statement shall be filed at that time of the inception of the contract, and shall cover the preceding 24 months, and the Contractor shall thereafter file a semi-annual statement, for the six months ending on January 31 or July 31 of every year, for each reporting period during which performance remains uncompleted on the contract and shall be filed within 5 days after the end of the applicable reporting period.
30. ALLOWANCE OF IN-HOUSE WORK: No section or portion of this contract shall be construed or interpreted to preclude the City from accomplishing any task or undertaking of any operation or project utilizing its own work force.
31. AVAILABILITY OF FUNDS: The City's obligation on this contract beyond the initial fiscal year shall be contingent upon appropriations for the following fiscal year.
32. BID/PROPOSAL ACCEPTANCE: The City reserves the right to accept or reject any and all bids/proposals, in whole or in part, received as a result of this solicitation and to waive minor irregularities. Further, the City reserves the right to make a whole award, partial award, or no award at all.
33. TAX CERTIFICATION AND GOOD STANDING: The Contractor warrants and represents that it has paid all taxes, fees and charges owed by it to any governmental entity. In addition, it warrants and represents that any parent or subsidiary or other business entity with which it is affiliated or has been affiliated has paid all taxes, fees and charges owed by it to any governmental agency accrued during any period during which the Contractor was affiliated with the entity. The Contractor warrants and represents that it (1) is either (a) incorporated in Maryland or (b) registered or qualified by the Maryland State Department of Assessments and Taxation (SDAT) as required by the Maryland Annotated Code, Corps. & Assocs. Article, to do business in Maryland and (2) is in good standing with SDAT.
34. TAXPAYER IDENTIFICATION NUMBER AND CERTIFICATION: The successful bidder shall, within seven calendar days of Notice of Intent to Award, submit to the City a completed

Internal Revenue Service (IRS) Form W-9, Request for Taxpayer Identification Number and Certification. Contract award will not be made without timely submission of the completed Form W-9. The Form W-9 and instructions are available to Contractors by accessing the IRS website at www.irs.gov.

35. All payees engaged in trade or business with the City are required to have on file with the City a current and correct Federal Form W-9, "Request for Taxpayer Identification Number and Certification" form. This applies to individuals, sole proprietors, partnerships, corporations, and other legal entities such as nonprofits and governmental units who may otherwise be exempt from filing a tax return. A foreign entity shall obtain and submit the appropriate IRS Form W-8. The Form W-8 and instructions are available to Contractors by accessing the IRS website at www.irs.gov.

To assure accurate maintenance of your firm's status, the submission of the W-9 is required for each contract or purchase order executed by and between the City and its Contractors. If the term of the contract exceeds one year, the City may request periodic re-submission of the W-9. If the Contractor fails to submit the form by the deadline stated in the resubmission request, the City may refuse to pay invoices until the form has been submitted.

SPECIFICATIONS

1. **GENERAL:** The Contractors shall provide vehicle(s) with operators and supervision, for the response to events for the purpose of snow and ice control. During all requested snow removal and ice control actions, the Contractor is to ensure that the assigned route(s) is kept safe and passable to vehicles. The Contractor's personnel shall report with the approved vehicle(s) to the assigned workstation at the designated time and remain in operation until the event cleanup is determined complete and the vendor's vehicle(s) and personnel have been relieved by the appropriate DPW Authorized City Representative.
2. **SNOW AND ICE CONTROL SERVICES:** During operations, the Contractor's operators shall patrol continuously with approved vehicle while dispensing salt and/or sand until ordered to initiate plowing operations or until directed to stop. During plowing operations, the Contractor shall plow continuously to keep the roads on the assigned route(s) passable at all times. Travel lanes of designated main roads on the route(s) shall be cleared no later than two hours after the precipitation ends.

When required, the Contractor's operators and vehicle(s) shall be assigned to augment the operation of the City to provide public safety. Assigned services shall be provided by the Contractor utilizing the Contractor's vehicles until ordered to be reassigned or until directed to stop by the DPW Authorized City Representative. During the response to snow and ice control operations the Contractor's staff shall continuously perform assignments to assist in the efforts to keep all roads passable at all times. It is the City's intention to have all travel lanes of designated main roads open throughout the storm event and cleared and open no later than two hours after the precipitation ends.

3. **COMMUNICATION:** Effective Communication between the City and the Contractor's staff is essential in the performance of services during any snow removal and ice control event operations. The Contractor must provide a home/office/cellular phone number or answering service where the City can contact the Contractor or leave a message seven (7) days a week, twenty-four (24) hours a day. The Contractor's vehicle operators shall maintain constant cellular phone (hands free) contact with the assigned DPW maintenance district (8600 Glenarden Parkway, Municipal Center) and report in periodically, every two to three hours. The Contractor shall ensure that each vehicle operator has adequate cellular equipment to maintain communication for extended periods of time for 12 hour shift intervals. The Contractor

shall provide and write on the Snow/Ice Removal Time Ticket, at time of reporting, the cellular phone number of the vehicle operator to be used during the shift. A \$50.00 deduction may be applied for each occasion during storm events upon which an operator could not be successfully contacted or reached over a cellular phone.

4. REPORTING AND OPERATIONS:

A. FOR LIQUID APPLICATOR (BRINE APPLICATOR)

(1) When a Contractor is contacted and asked to report at a pre-determined time beyond three hours of the call, its time will start at that pre-determined time, provided the truck arrives at or before that time in working order ready to perform operations. For example, the Contractor is contacted at 4:00 pm and asked to report at 10:00 pm, its time will start at 10:00 pm provided the truck arrives by 10:00 pm in working order and ready to perform operations. The Contractor will not be compensated for early arrival. Reporting late may be considered a "failure to respond."

(2) When a Contractor is contacted and asked to report immediately for anti-icing operations, the Contractor's vehicle and operator shall report to the City in working order and ready to perform emergency operations within 3 hours of notification by the City, except when the Contractor receives notification at night (6:00 pm to 6:00 am), when the response time is reduced to 2 hours. The Contractor's time will start when the vehicle arrives at the reporting site in working order, ready to perform operations. Reporting late may be considered a "failure to respond".

(3) When a Contractor is contacted and asked to report immediately for anti-icing operations, its compensation will begin at the time of notification if and only if the vehicle arrives in working order within one hour of said notification. For example, the Contractor is contacted at 6:00 pm, asked to report immediately, and the operator's vehicle arrives at the reporting site by 7:00 pm. The Contractor's starting time for payment will be 6:00 pm. If the Contractor's vehicle arrives beyond an hour of said notification, time for that operator will begin when the operator(s) arrives.

B. FOR ALL OTHER VEHICLES –

- 1) The Contractor's vehicle and staff shall report to the designated DPW facility no later than two hours after notification by the DPW to report. Upon reporting to the appropriate DPW facility, each Contractor vehicle shall be provided with a Snow/Ice Removal Time Ticket, which will indicate the time and date the vehicle reported with tag and cell phone number and commence standby or operations time. The vehicle operator and a DPW Authorized City Representative shall sign the Snow/Ice Removal Time Ticket for verification of Contractors report and ending time for billing purposes. The Contractor shall provide sufficient personnel to limit driving shifts to no more than 12-hour periods. All Contractor vehicles shall work continuously until directed by the DPW Authorized City Representative to suspend operations.
- 2) VEHICLE ASSIGNMENTS: The City shall assign the Contractor's vehicles with operators if and where needed at the beginning of each snow and ice control event to supplement the City's forces.

5. SPECIAL REQUIREMENTS:

- A. The Contractor shall provide sufficient Field Supervision to ensure a smooth coordination of snow and ice control operations. The City reserves the right to request additional supervision, if necessary, to assure continuity of service without additional cost to the City. A Contractor's Supervisor shall be assigned with complete authority to control the operators and vehicle operations and be available for twenty-four hour call out.
- B. All vehicles and personnel placed on contract as a result of this bid shall be available upon request at any time on a twenty-four hour day, seven day a week basis, and shall be employed as directed by the DPW. All vehicles shall be owned/registered to the vendor named on the purchase order and shall only be used for DPW Snow and Ice Control Services.
- C. The City reserves the right to place or remove any vehicles on/from "operating" status, as field conditions require. The City also reserves the right to terminate the "operating" status of any Contractor vehicle or employee deemed to be performing unsafely or unsatisfactorily.
- D. The City reserves the right to utilize only vehicles deemed most suitable to perform the services required. Due to the nature of the work to be performed, each vehicle listed shall be assessed to ensure that the vehicle offered by the Contractor is in conformance with the vehicle requirements and vehicle specifications described herein.
- E. All rates quoted shall be used for standby and actual "operating" time and these rates shall include supervision, operator, chains (if necessary), fuel and oil, vehicle, vehicle maintenance and incidentals. The actual time on and off the job shall be as certified by

the DPW City Authorized Representative. Standby time shall start after reporting and while waiting for instructions to begin operations. All standby time shall be paid at half (1/2) the operational hourly rate established. The City does not currently use standby, however, it has remained in the contract as an operational option. Standby is a reduced rate of pay to sit on the roadway in ready position to provide services. Standby time is defined as the Contractor's vehicle parked with operator in the City after check-in and waiting for the instruction to begin snow and ice control operations.

- F. All vehicles and personnel operating under the terms of this agreement shall be in full conformance with Federal, State of Maryland and City laws and regulations.
- G. The Contractor shall indicate the location of storage points for all vehicles. The Contractor shall provide the name of an individual(s) and phone number(s) to be called when services are to be utilized. The named individual(s) shall be available through the telephone number provided twenty-four hours per day.
- H. All vehicle bid shall be equipped with sufficient lights to provide a high degree of illumination for the operator. Further, all vehicles shall be equipped with highly visible emergency lighting including but not limited to beacon rays or comparable. Lighting shall meet the requirements of the State of Maryland.
- I. Prior to any formal award of a contract, the successful bidder shall present its vehicles for inspection by the DPW to ensure that the vehicles are safe, in good working condition and properly equipped.
- J. . A contract will not be issued to any bidder whose vehicle does not pass the City's inspection.
- K. Vehicle safety/operational inspections will be performed at the annual mandatory Contractor's meeting conducted in October/November. This meeting will be held on a pre-determined Saturday. All vehicles that are to be used in performance of this bid shall be presented at this same time for inspection.
- L. The Contractor agrees to ensure the availability of its personnel for the purpose of participating in the annual mandatory snow and ice control informational meeting. All operators and/or supervisors committed to carrying out the terms of this contract are required to attend this meeting.
- M. For each vehicle that is awarded and accepted, the Contractor shall have a minimum of two operators. Work is performed in 12-hour shifts and a relief operator shall be available, as required.
- N. In the event that a Contractor is unable to provide service as required, the City may deem performance to be unsatisfactory and the contract may be terminated after appropriate notice.
- O. The City specifically reserves the right to discontinue using any vehicle at any time, with the City being the sole judge as to whether or not the equipment is performing satisfactorily.

- P. The high-level requirements for inspections includes, but are not limited to, the following:
(1) trucks shall be in good operating condition; (2) plows and spreaders shall be attached and operable; (3) registration shall be in the company name that appears on the purchase order; (4) operator shall have the license required by the State of Maryland; insurance shall be current; (5) company name shall appear on the truck; and
(6) tags must be visible.
- Q. The Contractor shall perform all specified work using properly trained and skilled individuals supervised and directly employed by the contractor.
- R. Materials and equipment furnished by the Contractor shall conform in strength, quality of materials, appearance, and workmanship to that which is usually provided by a commercial contractor in this trade.
- S. The contractor and all drivers shall be licensed and insured in the State of Maryland. All drivers must have a current CDL license. The Contractor shall be capable of providing all services required in these specifications.
