Southampton County is one of eight member communities that form the Southeastern Public Service Authority, or SPSA.

Southampton County residents may dis-pose of household trash and garbage at any of the 16 refuse collection sites, strategically located throughout Southampton County. From these sites, the solid waste is transported by Southampton County's Department of Public Works to the SPSA transfer station located on Route 671, just outside of Franklin. From there, the refuse is then transported to the regional landfill on Route 58 in Suffolk.

The Boykins Convenience Center and Ivor Convenience Center serve a portion of the municipal and residential users of Southampton County. These are a self-service transfer stations maintained by SPSA.
