SECTION 1 – ADMINISTRATION

Article A - PREAMBLE

This Agreement is entered into between the CITY OF SPARKS, NEVADA, hereinafter referred to as the "City," and the INTERNATIONAL ASSOCIATION OF FIREFIGHTERS, Local No. 731 or any successor bargaining group, hereinafter referred to as the "Firefighters." Members of the Association, employed by the City, are covered by this Agreement and will hereinafter be referred to as "Employees."

It is the intent and purpose of the Agreement to ensure sound and mutually beneficial working and economic relationships between the parties hereto, and to provide an orderly and peaceful means of resolving any misunderstandings or differences which may arise. It is recognized by both the City and the Firefighters and its member employees that the City is engaged in rendering public service to the general public and that there is an obligation on each party for the continuous rendition and availability of such services. It is further recognized by both the City and the Firefighters that each party has a mutual obligation for executing the provisions of this contract.

All employees shall perform loyal and efficient work and services; shall use their influence and best efforts to protect the properties of the City and its service to the public; and shall cooperate in promoting and advancing the welfare of the City and in preserving the continuity of its service to the public at all times. The full agreement between the parties, other than those portions of public employment agreements that are expressly provided for, or excluded from by state statute, as set forth herein.

Article B - ADOPTION OF AGREEMENT

1. **Adoption:** This Agreement will be deemed adopted and of binding effect, terminating negotiations during its term, upon approval and subscription of the Firefighters and the City.
2. **Copy of Agreement:** The City agrees to furnish this Agreement electronically on the City's Intranet.
3. **Scope of Negotiations and Amendments:** By adopting this Agreement, the Firefighters agree that they will not seek any additional wage demands during the duration of this Agreement, but are entitled to entertain negotiations seeking to amend this Agreement concerning non-wage benefits.
4. **Bulletin Boards:** The City shall permit all reasonable use of Bulletin Boards located in the respective fire houses of the City. All materials posted by the Firefighters shall be in good taste and shall not contain information which would embarrass or coerce any employee or official of the City.
5. **Rules and Procedures:** The Sparks Fire Department Rules and Standard Operating Procedures, as amended from time to time, and as long as Rules or Regulations are not in conflict with the existing contractual agreement, are not a part of this negotiated agreement. Any changes in such rules shall be made at the discretion of the Fire Chief or designee with the approval of the City Manager, provided such changes are posted via city email not less than ten (10) days prior to the effective date of such changes. A copy of the proposed changes must also be sent to the Firefighters President and Secretary at least ten (10) days prior to the change.

Article C - AMENDING PROCEDURE

1. **Amendments:** If either the Firefighters or the City desire to modify or change this Agreement during its term, it shall serve written notice on the other party setting forth the nature of the modifications or changes. Failure of the other party to give written approval of the modifications or changes proposed within thirty (30) days of the required written notice shall be deemed a rejection of the proposal. Any amendment, whether a proposed amendment or an alternative to a proposed amendment, that may be mutually agreed upon shall become part of the Agreement, effective on the agreed date.
2. **Benefits:** No presently existing benefit, whether monetary or otherwise, may be reduced below its present level, whether such benefit is the subject of this contract, regular, ordinary, regulation or established custom of the

Fire Department; except that any such benefit shall be subject to negotiation and may be eliminated, reduced or increased, as a result of such negotiations.

Article D - DURATION OF AGREEMENT

This Agreement shall take effect July 1, 2024, and shall continue in force until June 30, 2025.

Article E - RECOGNITION AND APPLICATION

The terms and conditions of the Agreement shall apply to those employees of the classes listed in Appendix A, regardless of membership in the Firefighters Bargaining Unit.

The City recognizes the Firefighters as the exclusive negotiating agent for purposes of establishing salaries, wages, hours and other conditions of employment for all its classified firefighting, fire prevention, fire training, emergency medical services, and administrative employees in the position classes of the bargaining unit listed in Appendix A.

Article F - STRIKES AND LOCKOUTS

1. The Firefighters will not promote, sponsor or engage in, against the City, any strike, slow down, interruption of operation, stoppage of work, absences from work upon any pretext or excuse not founded in fact, or any other intentional interruption of the City, regardless of the reason for so doing, and will use its best efforts to induce all employees covered by this Agreement to comply with this pledge.
2. The City will not lock out any employees during the term of this Agreement as a result of a labor dispute with the Firefighters.

Article G - STAFFING

Fire Department Staffing

1. The Fire Chief or designee will determine the number and type of apparatus in-service at any given time.
2. Normal daily staffing will be three (3) personnel on "Type I" structure engines, "Type III" brush trucks, and aerial devices.
3. The normal daily complement of personnel will be a Captain, FAO, and Firefighter Paramedic or Firefighter on structure engines, brush trucks, and aerial devices.
4. Acting positions may be used to meet daily staffing requirements.
5. When emergency staffing is needed, the Shift Commander or designee, may use personnel of any rank so long as the normal staffing of personnel, as outlined in Section 1, Article G is maintained, and the personnel are qualified to perform in the positions needed.
6. Staffing for other apparatus will be determined by the Fire Chief or designee. The Fire Chief or designee will confer with the Local 731 President or designee, on the ranks assigned to these apparatuses.
7. To allow shuttling of apparatus for maintenance, training, or to get apparatus to emergency scenes, staffing levels can be adjusted.
8. Normal daily staffing levels will be backfilled anytime the vacancy is expected to exceed one (1) hour.
9. When staffing falls below the minimums outlined in Section 1, Article G, the apparatus will be placed "out of service" with Dispatch (CAD). The Shift Commander will either redistribute the remaining personnel to other

apparatus, or send an apparatus to cover the vacant district, or have the remaining personnel respond to incidents to provide manpower with the “in-service” responding apparatus.

10. The City and Union agree that four-person staffing of aerial devices and engines is optimal and enhances safety of firefighters and the public. The City agrees to work toward meeting this staffing goal as resources allow.

Article H - RIGHTS OF MANAGEMENT

The City is entitled, without negotiation or references, to any agreement resulting from negotiations:

1. The right to hire, direct, assign, or transfer an employee, but excluding the right to assign or transfer an employee as a form of discipline.
2. The right to reduce in force or layoff any employee because of lack of work or lack of money, subject to NRS 288.150(2) (v) (Procedures for reduction of work force).
3. The right to determine:
 - a. Appropriate staffing levels and work performance standards, except for safety considerations;
 - b. The content of the workday, including without limitation work load factors, except for safety considerations.
 - c. The quality and quantity of services to be offered to the public; and,
 - d. The means and methods of offering those services.
4. Safety of the public.
5. To take whatever action may be necessary to carry out its responsibilities in situations of emergency such as a riot, military action, natural disaster, or civil disorder.
6. To maintain the efficiency of its governmental operation consistent with the best interests of all its citizens, taxpayers and its employees.
7. To have and use any of the additional rights reserved to the City as a local government employer by NRS 288.150.

Article I - NON-DISCRIMINATION

1. The City will not interfere with, or discriminate in respect to any term or condition of employment, against any employee because of membership in the Firefighters, or because of any legitimate activity pursuant to this Agreement by the individual employee or the Firefighters on behalf of its members, nor will the City encourage membership in any other employee employment bargaining organization.
2. The Firefighters recognize their responsibilities as the exclusive negotiating agent and agrees to represent all employees in the Firefighters without discrimination, interference, restraint, or coercion.
3. The provisions of the Agreement shall be applied equally to all employees in the negotiation unit without discrimination for political affiliation, and in accordance with any state or federal law. The Firefighters shall share equally with the City the responsibility for applying this provision of the Agreement.

Article J - FIREFIGHTERS DUES AND SALARY CHECK-OFF PRIVILEGES

1. The employees may authorize payroll deductions for the purpose of paying Firefighters' dues. Upon the execution of the proper personnel payroll document filed with the Human Resources Manager, and coinciding with the commencement of a payroll period, the City agrees to deduct from the wages of an employee on a biweekly basis, such sums as the employee may specify for: Firefighters' dues, the City's approved group health insurance, United Way and City approved Deferred Compensation Programs. The City agrees to deduct the City's approved credit union on a biweekly basis. Additional deductions may be requested by an employee; provided however, that the City has approved such deduction at the request of a majority of the total number of employees covered by this Agreement.
2. No authorization shall be allowed for payment of initiation fees, assessments or fines. Each employee shall have the right to terminate such payroll deductions at the end of any payroll period upon the timely execution of the proper payroll document filed with the Human Resources Manager.
3. The Firefighters will indemnify, defend, and hold the City harmless against any claims made and against any suits instituted against the City on account of any action taken or not taken by the City in good faith under the provisions of this Article. The Firefighters agree to refund to the City any amounts paid to them in error on account of the payroll deduction provision upon presentation of proper evidence thereof.
4. The employee's earnings must be regularly sufficient after other legal and required deductions are made to cover the amount of the appropriated Firefighters' dues. When a member in good standing of the Firefighters is in non-pay status for an entire pay period, no withholding will be made to cover that pay period from future earnings. In the case of an employee who is in non-pay status during only part of the pay period, and the wages are not sufficient to cover the full withholding, no deductions shall be made. In this connection, all other legal and required deductions have priority over Firefighters' dues.

Article K - FIREFIGHTER ACTIVITIES

1. As directed by Local 731's Union President, IAFF Local 731 appointed or elected members shall have access to a "pool" of hours consisting of three hundred (300) hours each fiscal year for Union business leave of absence time. This time will be used to attend meetings, including but not limited to City Council, Group Healthcare Committee, and Civil Service Commission. Each of these members may draw upon this "pool" as may be required to conduct Union business until such time as the "pool" of hours is exhausted.
2. Any three members of the Firefighters' Negotiation Committee, Grievance committee, Labor Management committee, and Safety committee, shall be granted leave from duty with full pay for all meetings between the City and the Firefighters pursuant to NRS Chapter 288. This leave will not be counted towards the annual allowance of union leave for union business.

Article L - GRIEVANCE PROCEDURE

1. **Purpose:** The purpose of the following grievance procedure shall be to settle as quickly as possible disputes concerning the interpretation and application of the Agreement.
2. **Definition of "Working Day":** For the purpose of this Article, a working day shall be defined as a normal Monday through Friday workday, holidays excluded.
3. **Time Frames:** Grievances not filed within the required time frames will be forfeited. Grievances not responded to by the City within the required time frames shall be automatically moved to the next step as if the grievance was denied. The City and Firefighters may agree in writing to extend any time requirements of this Article.

4. Procedure:

- a. STEP 1 - The employee concerned must within twenty (20) working days from the day employee is grieved, file a written grievance with the Fire Chief or designee. The Fire Chief or designee shall render a written decision within twenty (20) working days after receipt of the grievance.
- b. STEP 2 - If the grievance is not settled at Step 1, the grievance shall be submitted within ten (10) working days to the City Manager or designee. The City Manager or designee, after examination of all relevant evidence and after consultation with the aggrieved employee or employee's representative, will render a written decision within twenty (20) working days after receipt of the grievance.
- c. STEP 3 - If the grievance is not settled at Step 2, the grievance shall be submitted to arbitration within twenty (20) working days by either of the parties upon written notice to the other party.

5. Arbitration: The party requesting arbitration shall request a list of seven (7) arbitrators from the Federal Mediation Conciliation Service. The Firefighters shall strike the first name. The findings of the arbitrator shall be final and binding on all parties concerned.

The cost of any arbitration, or award, shall be at the discretion of the arbitrator. The cost for the services of the arbitrator shall be shared equally by both parties.

The arbitrator's decision shall be rendered within thirty (30) days after a transcript, if required, is submitted. Nothing contained herein shall preclude an employee, with or without representation, from bringing a problem not covered herein through the chain of command, on an informal and oral basis.

6. Streamlined Arbitration: If the parties agree to utilize streamlined arbitration in place of the current procedure set forth in Paragraph 4, they will use the following streamlined arbitration procedures. The streamlined arbitration procedure will be to select an arbitrator using an FMCS list of seven (7) arbitrators.

The Firefighters will strike the first name. The hearing will be scheduled within thirty (30) calendar days of the selection of the arbitrator unless the parties agree to extend this period. The hearing will not include briefs, and the award is due within five (5) business days of the closing of the hearing. The award of the arbitrator will be in writing. The arbitrator will not have any power to add to, subtract from, or modify this Agreement. The cost of the arbitration will be as provided in Paragraph 5. The award is final and binding except as provided by law. If a court reporter is requested by either party, the party requesting the reporter shall pay all the costs of the reporter and provide copies of the transcript to the arbitrator and the other party. If the parties do not agree to streamlined arbitration, the normal arbitration procedures contained in Paragraph 5 will apply.

Article M - HOURS OF WORK

1. The normal work period of employees covered by this Agreement shall consist of either seven (7) days for forty (40) hour employees or twelve (12) days for fifty-six (56) hour employees, depending on the employee's classification. It is recognized that in order to implement scheduled shift changes, personnel may be required to work less than or more than the above enumerated hours. In such cases, the affected person or persons are entitled to overtime for any excess hours worked, and will not be subject to a pay decrease for any fewer hours worked than the above enumerated. The Fire Chief or designee may temporarily reschedule an employee from a fifty-six (56) hour work week to a forty (40) hour work week. In this event, the forty (40) hour provisions of this Agreement will apply.

Accordingly:

- a. Annual and sick leave balances will be multiplied by 5/7 to convert to a forty (40) hour work week equivalent.

- b. When returning to a fifty-six (56) hour work week, annual and sick leave balances will be multiplied by 7/5 to convert to a fifty-six (56) hour work week equivalent.
 - c. All such schedule changes shall begin at the start of a pay period and end with the end of a pay period. Such rescheduling shall be no less than one (1) pay period duration, or more than thirteen (13) pay periods in duration.
 - d. Rescheduling will not entitle the employee to receive holiday benefits more than once for any one (1) holiday. All scheduling of work shifts and work weeks shall be directed by the Fire Chief or designee.
- 2. Duty hours shall be devoted fully to the performance of assigned duties; periods of absence for personal reasons are not creditable toward duty hours and must be charged to vacation time, leave of absence without pay, or, if resulting from a legitimate illness or physical injury, to sick leave.
 - 3. Breaks: Except during emergency situations, employees covered by this Agreement shall be permitted one fifteen (15) minute break or rest period for each four (4) hour term of assigned duty, not to exceed two (2) such break periods in any twelve (12) hour shift. Breaks may not be combined nor taken at the beginning or end of a shift.
 - 4. This Article is intended only as basis for computing overtime and is not intended as a guarantee of hours of work per day or per week.
 - 5. FLSA Work Period: The work period for purposes of computing FLSA overtime is seven (7) days for forty (40) hour employees and twelve (12) days for fifty-six (56) hour employees. Each day beings at 12:00 a.m. and ends at 11:59 p.m.

Article N - DISCHARGE AND DISCIPLINARY ACTION

The City will abide by the current Civil Service Rules regarding discharge and discipline. These procedures will not be amended without thirty (30) days prior written notice of the proposed amendment and negotiation of any change which is mandatory subject of bargaining under NRS 288.150(2). No employee will be discharged without justifiable cause, a written notice of charges, and a pre-termination hearing.

Employees may appeal disciplinary action under Article L of this Section or the Sparks Civil Service Rules, but not under both procedures. A grievance filed under Article L of this Section or an appeal filed under the Sparks Civil Service Rules waives the other appeal procedure.

Article O - PERSONNEL REDUCTION

The City will abide by the current Civil Service Rules regarding personnel reduction except that employees who pass a physical and remain otherwise qualified for the position will be subject to recall for a period up to three (3) years from the effective date of the layoff. These procedures will not be amended without thirty (30) days prior written notice of the proposed amendment and negotiation of any change which is a mandatory subject of bargaining under NRS 288.150(2).

For purposes of this Article, firefighters and firefighter paramedics are an equivalent level in the "career ladder" as defined in City of Sparks Civil Service Regulations (currently listed as Chapter VIII Layoff Procedure). This clause shall be in effect as long as any employee occupies the position of firefighter.

Article P - CONSOLIDATION

1. The City agrees to negotiate with the Firefighter representatives over the impact and effects of consolidation on represented employees. Nothing in this Article will prevent the City from making the decision to consolidate.
2. The City agrees not to sell or convey or cause to sell or convey or otherwise transfer or cause to transfer its Fire Department operations, or any function associated with fire based services within the scope of representation of Local 731, IAFF, to a new employer without first fulfilling this contract and securing the agreement of the successor employer to assume the City's and/or Sparks Fire Department's obligations under this contract.
3. In the event a bargaining agent other than Local 731, IAFF, would assume the representation rights over Local 731, IAFF, or its members or former members, then the City of Sparks shall not enter into any agreement with the successor employer regarding section (1) above until a new collective bargaining agreement between the new successor employer and succeeding bargaining agent has been completed. Such new bargaining agreement must demonstrate to Local 731's satisfaction the successor employer's assumption of the City's contract obligations per section (1) above.

Article Q - SAVINGS CLAUSE

1. This Agreement is the entire Agreement of the parties, terminating all prior arrangements and practices and concluding all negotiation during the term of this Agreement, except as provided in Section 1, Article B. The City shall, from time to time, meet with the Firefighters to discuss its views relative to the administration of this Agreement; the Firefighters may request discussions if it wishes.
2. Should any provisions of this Agreement be found to be in contravention of any federal or state law by a court of competent jurisdiction, such particular provision shall be null and void, but all other provisions of this Agreement shall remain in force and effect until otherwise canceled or amended.

SECTION 2 - PAY

Article A - PAY RATES

1. Pay Rates: The pay rates set forth in Appendix "A" are base pay rates for full-time service in the several classes. No person in the classified service shall be paid at a rate above the maximum or below the minimum in the range to which employee's position class is assigned.
 - a. Effective July 1, 2024, base pay rates and individual employee pay rates will be increased by five percent (5.0%).
 - b. Effective July 1, 2024, a one-time range adjustment increasing the annual rate of pay by eight percent (8.0%) for the position of Fire Plans Examiner/Inspector, Fire Prevention Inspector I/II, Fire Prevention Inspector III, and Assistant Fire Marshal will be applied.
2. Pay Periods: Each two-week period shall constitute a pay period. The pay period shall commence on Monday at 12:00 a.m. and end on Sunday at 11:59 p.m. The dates of payment shall be established by the City.
3. Initial Appointment: Upon entering the classified service, an employee shall receive compensation at the minimum of the salary range of the job classification for which employee was hired.

When economic conditions, unusual employment conditions, or exceptional qualifications of a candidate for employment indicate that a higher rate would be in the City's best interest, the Fire Chief or designee with the approval of the Human Resources Manager may authorize hiring at a rate above the minimum for the job classification for which the employee is being hired, but in all cases, the rate is not to exceed the maximum for the job classification.

4. Promotions: When an employee is promoted to a position allocated to a higher pay range, the employee shall receive a salary within the range of the new position class, but not less than the employee's salary at the time of promotion.
5. Demotions: When an employee is demoted within a position class or to a lower position class, the pay rate shall be commensurate with the employee's new status within the range of the class in which the employee was demoted.
6. Reduction within a Position Class: The Fire Chief or designee, with the approval of the City Manager may reduce an employee within a position class from the employee's current salary to any lesser salary within the salary range for that class upon failure of the employee to maintain a standard of work set forth in the position class job description. The employee may again be raised by the Fire Chief or designee, with the approval of the City Manager, to a salary not to exceed that from which the employee was reduced.
7. Permanent and Temporary Transfers: When an employee is transferred to a position in the same salary range, the employee shall receive such salary as recommended by the Fire Chief or designee, as approved by the City Manager, provided that the employee's salary will not be reduced. The forty (40) hour duties will carry increased responsibilities and include a vehicle for an employee to gain education and experience. The increased responsibility will offset the fact that the employee will be working fewer hours for approximately the same pay.

An employee may gain or lose as much as 2.6 hours of annual or sick leave in a year's time as a result of changing the employee's accrual rates.

For Example:

$$\begin{aligned} (40 \text{ hour}) 26 \times 4.6 &= 119.6 \times 7/5 = 167.44 \\ (56 \text{ hour}) 26 \times 6.5 &= 169.0; \text{ or} \\ (40 \text{ hour}) 26 \times 6.5 &= 169.0 \times 7/5 = 236.60 \\ (56 \text{ hour}) 26 \times 9.0 &= 234.0 \end{aligned}$$

Whenever an employee is permanently or temporarily – thirty-one (31) days to six (6) months - transferred from a fifty-six (56) hour to a forty (40) hour work week, the employee shall be paid at the forty (40) hour rate, except for light duty assignment specified in Section 10 of this Article.

8. Reclassification of Position: When a job classification position is reclassified to a higher pay range, the employee in that classification shall be placed in the new pay range at a salary not less than the employee's current salary.
9. Full-Time Service: For the purposes of determining eligibility for salary advancements and accrual benefits, the term "full-time service" shall mean the number of days actually worked on a job, including absences with pay. Leave of absence without pay shall not be credited as full-time service.
10. Light Duty Pay: When an employee is assigned to light duty because of a temporary physical disability or condition, the employee shall be paid at the rate of the normal duty assignment without regard to the temporary duty schedule. A temporary light duty assignment shall not exceed six (6) calendar months without written approval of the Fire Chief and Human Resources Director after consideration of the employee's medical condition and improvement.

3. Fire Apparatus Operator (FAO) and Fire Prevention Inspector III:

- a. Immediately upon receiving appointment to an FAO or Fire Prevention Inspector III position, the probationary employee shall receive a five percent (5%) salary increase unless the appointed employee served in the position of acting FAO with the Sparks Fire Department for a minimum of seven hundred twenty (720) hours, or Fire Prevention Inspector III with the Sparks Fire Department for a minimum of four hundred eighty (480) hours, at which time said employee shall receive Step 4 pay.
- b. If promoted below Step 4, at the completion of not less than six (6) months and not more than one (1) year probationary period, said employee shall receive an increase in salary to Step 4.
- c. The City shall from time to time establish, with the approval of the Sparks Civil Service Commission, job descriptions for FAO and Fire Prevention Inspector III job classifications and provide each employee with a copy of the job description for the employee's position. The job description shall state the principal assignments and responsibilities of an employee and shall be used as the basis for evaluating the employee's job performance along with the other factors utilized in the City's evaluation process.
- d. An entry-level probationary employee shall be given a work performance evaluation at the end of the 3rd and 6th months of the employee's probationary period.
- e. When a work performance evaluation during the probationary year rates an FAO or Fire Prevention Inspector III's performance as substandard, the Fire Chief or designee shall discuss the report with the employee and set forth a written plan specifying the area(s) of deficiency, steps to be implemented to correct the area(s) of deficiency, and the scheduling of monthly or other periodic follow-up evaluations to monitor the employee's work performance.

4. Fire Captain or Assistant Fire Marshal:

- a. Immediately upon receiving appointment to Fire Captain or Assistant Fire Marshal, the probationary employee shall receive a five percent (5%) salary increase unless the appointed employee served in the position of acting Fire Captain or Assistant Fire Marshal with the Sparks Fire Department for a minimum of seven hundred twenty (720) hours, at which time said employee shall receive Step 4 pay.
- b. If promoted below Step 4, at the completion of not less than six (6) months and not more than one (1) year probationary period, said employee shall receive an increase in salary to Step 4.

25 or more	100%

The account is assigned a present value as of the date of retirement equal to the number of hours of accumulated sick leave multiplied by the employee's base hourly rate multiplied by the conversion percentage at the time of retirement. The City will account for a retiree's accumulated sick leave and debit said account on a dollar-for-dollar basis.

The City will pay the retiree's group health coverage so long as there is a balance of accumulated sick leave conversion funds. The fund to which the accumulated sick leave balance is credited does not accrue interest and does not have cash value.

When a retired employee becomes eligible for Medicare coverage or other federal programs, the retiree will receive Medicare supplemental coverage from the City's group health insurance plan so long as there is a balance of accumulated sick leave conversion funds, or the retiree agrees to pay for the costs themselves.

A surviving spouse will continue to receive group health insurance coverage as set forth in Section 3, Article A so long as there is a balance of accumulated sick leave conversion funds, or the coverage is paid for by the surviving spouse. This benefit is nontransferable and does not survive the retiree except as to a surviving spouse as described above.

If no request is submitted to the Fire Chief or designee, prior to the class start date and time, the employee will be ineligible for tuition reimbursement.

Payment will be made only upon receipt of proof of course completion with a final grade of "C" or higher. Where a course is graded "satisfactory" or "unsatisfactory", only the "satisfactory" grade will be accepted. Where a course is not graded, payment will be made upon receipt of a Certificate of Completion.

Reimbursable expenses shall include fees or tuition for seminars, classes, or training programs, reasonable costs for required course materials, lodging, meals, and transportation expenses that do not exceed the City's travel policy.

2. Holiday Compensatory Time (HCT)

- a. Election of HCT: All fifty-six (56) hour work week, twenty-four (24) hour shift employees who have satisfactorily completed their entry-level probationary period in the suppression division may elect to receive HCT in lieu of holiday pay, as provided in Paragraph 1 above. The election will be made by the employee in writing prior to January 1 and July 1 of any fiscal year, and such election shall remain in force and effect until changed at a subsequent election. An employee may elect to exit the program on July 1 of any fiscal year. Upon such election the employee will be paid for accumulated hours in accordance with paragraph F below. Employees not enrolled in the HCT program are not eligible to earn, trade, or maintain HCT. HCT will be earned at the rate of twelve (12) hours/holiday after the holiday is worked.
- b. Scheduling HCT: A requesting employee who has earned and accrued HCT in excess of twelve (12) hours may request HCT off by first obtaining a written agreement from a qualified relief employee(s) of equal (non-acting) rank to work the HCT off in accordance with all the requirements of this Article. HCT will be used in minimum increments of twelve (12) hours.

Use of accrued HCT is subject to the approval of the agreement by the requesting employee and relief employees' immediate supervisor(s) at least twenty-four (24) hours prior to the affected shift. Approval for such time off shall not be unreasonably withheld. HCT will be tracked in the Fire Department timekeeping system.

- c. Deduction of HCT: For each shift off, any employee approved to use HCT will have accrued hours deleted from the employee's accrued holiday pay/holiday compensatory time in twelve (12) hour increments and will receive no pay or other prorated monetary benefits for such HCT, except as provided below for payment for unused HCT. The accounting of the deletion of the twelve (12) or twenty-four (24) hours of accrued compensatory time per shift of the requesting employee will be the sole basis for payment of the relief employee at no additional cost impact to the City. The exception to the twelve (12) hour increment is emergency callback, which will be treated in the same manner as shift trades.
- d. Compensation for Relief Employee: The requesting employee's banked hours will be transferred to the relief employee's banked hours. Hours worked by the relief employee(s) pursuant to this Article will not be a basis for overtime pursuant to Section 2, Article C unless the requesting employee is called back pursuant to Section 2, Article C. The failure of any relief employee to work a shift(s) in accordance with this Article, without an approved illness, injury or emergency approved in writing by the relief employee's immediate supervisor, will result in the relief employee forfeiting twelve (12) hours of holiday pay or HCT for each missed shift.
- e. Effect on FLSA: Hours worked pursuant to this Article shall not increase/decrease the requesting relief employees' entitlement to FLSA overtime.
- f. Payment for Unused HCT: If the employee elects in some future fiscal year to receive holiday pay in lieu of HCT, the employee will be paid for any accrued HCT in the first pay period following said election at the employee's current regular hourly rate. Prior to transfer to a forty (40) hour assignment, termination of employment or promotion into a bargaining unit which does not provide for HCT in the same manner as this Agreement, the employee will be compensated for all accrued HCT at the employee's current regular hourly rate. A fifty-six (56) hour work week employee who is on a temporary shift change to a forty (40) hour work week who requests payment for any unused HCT shall be paid at employee's fifty-six (56) hour hourly rate.

Payment for unused or banked hours may be made upon the written request of the employee at any time during the fiscal year. Should an employee reach the maximum four hundred eighty hours (480), all hours over that amount will be paid at the applicable rate.

- g. When promoted within this bargaining unit an employee shall keep the same monetary value in their HCT account.

Example: Firefighter promoted to Fire Apparatus Operator

100 banked holiday hours @ FF hourly rate of \$18 per hour = \$1,800.00

\$1,800.00 value divided by FAO hourly rate of \$20 per hour converts to new HCT bank of 90 hours.

Calculations shall be rounded up to the nearest whole number. (For example: 26 on shift $\times 1/7 = 3.7$, which rounds up to 4 employees. 27 on shift $\times 1/7 = 3.8$, which rounds up to 4 employees. 28 on shift $\times 1/7 = 4$ employees. 30 on shift $\times 1/7 = 4.3$, which rounds up to 5 employees.)
 - a. Annual vacation schedules shall be fixed in accordance with the formula in Section 11 of this Article.
 - b. If, after annual vacation schedules are fixed, an employee still has accrued leave time which is not taken under the annual vacation schedule, the employee may request leave time as follows:

Article E - SERVICE CONNECTED DISABILITY LEAVE

If an employee is absent due to a service-connected injury or illness, the employee shall receive full base pay at the hourly rate at the time of injury for one hundred eighty-two (182) calendar days in any twelve (12) month period without being charged sick or annual leave.

In the event the employee's absence goes beyond said one hundred eighty-two (182) calendar days in any twelve (12) month period, the employee may elect either of the following options:

Option 1. Employee may elect to retain the Temporary Total Disability (TTD) check received pursuant to NRS Chapters 616 and 617. In such event, the employee will receive no compensation or benefits (other than those required by the Family Medical Leave Act) from the City and no deduction shall be charged against the employee's accrued sick or annual leave.

Option 2. Employee may elect to continue to accept full base pay at the hourly rate at the time of injury from the City by endorsing the Temporary Total Disability (TTD) check to the City.

Because Temporary Total Disability (TTD) checks are normally received after City pay checks for that time frame have been issued to the employee, the City will initially charge the entire amount of the pay check to the employee's leave balance, beginning with sick leave. If the employee's sick leave is exhausted, the charge shall be made against the employee's accrued annual leave balance.

When the TTD check is received by the employee and endorsed to the City, the employee's hours compensated by the TTD check will be credited back to the applicable leave balance. If the employee's sick and annual leave hours are exhausted, the employee shall be compensated by only Option 1.

Payment in Lieu of Overtime for Attending Workers' Compensation Appointments: This paragraph only applies to employees within the Suppression Division.

1. Except with prior approval of the Human Resources Director or designee or as otherwise provided in this paragraph, Employees within the Suppression Division must not schedule Workers Compensation appointments while on duty. 2. An employee in the Suppression Division may schedule and attend Workers Compensation appointments during the employee's shift without approval of the Human Resources Director if the employee arranges for another employee to cover the shift at no additional cost to the City through use of HCT or shift trades.
3. An employee in the Suppression Division who is on light duty or an eighty (80) hour schedule may schedule Workers Compensation appointments during normal business hours and must use service-connected disability leave or other options pursuant to this Article for working time spent attending such appointments.
4. An Employee who schedules one or more Workers Compensation appointments while on duty in violation of this paragraph may be subject to discipline.
5. Employees in the Prevention Division are not entitled to the payment and are not required to schedule Workers Compensation appointments outside of normal business hours. However, Employees in the Prevention Division must use service-connected disability leave or other options pursuant to this Article for working time spent attending such appointments.

Any employee who exceeds the limits set by the Family Medical Leave Act (FMLA) may continue to receive group insurance coverage during the leave of absence by paying the monthly premium for the employee and any dependent(s).

- d. When promoted within this bargaining unit, or switching between 40-hour and 56-hour schedules, an employee shall keep the same monetary value in their Compensatory Time account.

Example: Firefighter promoted to FAO

100 hours of compensatory time (banked at the rate of one and one half (1½) hours for each hour worked) @ FF hourly rate of \$18 per hour = \$1,800.

\$1,800 value divided by the FAO hourly rate of \$20 per hour converts to a new compensatory time bank amount of 90 hours.

- e. Should an employee reach the maximum four hundred eighty hours (480), all hours over that amount will be paid at the applicable rate.

Article J - SHIFT TRADING
