**Finding a Registered Service Provider**

State law requires service providers have the proper credentials to service sewage treatment system

**1. Determine your system's Type, and Age by using one or more of the following options:**

a. Located on a sticker on your unit's control box.

**2. Is your system a NPDES permitted system?**

a. If your septic was installed prior to 2007, then "No" your system is not a NPDES. You may search for your System's Type under the "1. ALL SYSTEMS INSTALLED PRE-2007 OR POST 2007 ON-LOT SYSTEMS" to find an appropriate service provider.

b. If your system was installed in 2007 or after 2007, but goes from the aerator into a soil based leaching component such as a leach field, leach trench, leach well, spray field, or drip field, then "No" your system is not a NPDES. You may search for your System's Type under the "1. ALL SYSTEMS INSTALLED PRE-2007 OR POST 2007 ON-LOT SYSTEMS" to find an appropriate service provider.

**3. Contact the Service Provider Company to obtain a contract.**

The service provider will inform the Stark County Health Department that you are now under contract.
